Salesforce Heroku-Architect Exam is divided into two parts: the multiple-choice exam and the hands-on exam. The multiple-choice exam consists of 60 multiple-choice questions and is designed to evaluate the candidate's knowledge and understanding of the Heroku platform, including its architecture, data management, security, and deployment processes. The hands-on exam consists of a practical exercise that requires the candidate to architect and deploy a sample application on the Heroku platform. The hands-on exam is designed to evaluate the candidate's ability to apply their knowledge of the platform in a real-world scenario.
