- C. the ability to make decisions without listening to the opinions of others
- D. the motivation to carry the workload alone in order to achieve a goal

Answer: B

Explanation:

Effective leaders possess strong communication skills, including the ability to communicate the goals of a project (A) clearly and concisely to their team. A perfectionist nature (B) can lead to micromanagement and hinder progress. Leaders should empower their team, not try to carry the workload alone (C). While decisiveness is important, effective leaders also value input from their team members (D). (Fundamentals of Crew Leadership, Fourth Edition, NCCER, Section 1.1.2 Characteristics of Effective Leaders)

Answer: B

Explanation:

Effective delegation involves clearly communicating the task and ensuring the crew member understands not only what to do but also their level of responsibility (A) for completing the task. While understanding risks (B) and following safety regulations (C) are important, and accountability is necessary, the immediate need in delegation is to define the scope of their responsibility. Focusing on blame (D) is counterproductive to effective teamwork. (Fundamentals of Crew Leadership, Fourth Edition, NCCER, Section 5.3.2 Principles of Effective Delegation)
