

H19-315-ENU Reliable Study Notes & Valid H19-315-ENU Reliable Exam Materials Ensure You a High Passing Rate - Prep4SureReview

P.S. Free & New H19-315-ENU dumps are available on Google Drive shared by Prep4SureReview:
<https://drive.google.com/open?id=1bPulgnhFJkOTivcvQHYg1hi085Nfc9R>

The HCSA-Presales-Transmission & Access (H19-315-ENU) practice questions have a close resemblance with the actual HCSA-Presales-Transmission & Access (H19-315-ENU) exam. Our Huawei H19-315-ENU exam dumps give help to give you an idea about the actual HCSA-Presales-Transmission & Access (H19-315-ENU) exam. You can attempt multiple HCSA-Presales-Transmission & Access (H19-315-ENU) exam questions on the software to improve your performance.

You will feel comfortable and pleasant to shop on such a good website. All the contents of our H19-315-ENU training dumps are organized logically. Each small part contains a specific module. You can clearly get all the information about our H19-315-ENU study guide. If you cannot find what you want to know, you can have a conversation with our online workers. Your questions on H19-315-ENU Exam Dumps will be answered accurately and quickly. We are still working hard to satisfy your demands.

H19-315-ENU Reliable Exam Materials & H19-315-ENU Latest Braindumps Questions

Prep4SureReview assists people in better understanding, studying, and passing more difficult certification exams. We take pride in successfully servicing industry experts by always delivering safe and dependable exam preparation materials. You will need authentic Huawei H19-315-ENU Exam Preparation material if you want to take the HCSA-Presales-Transmission & Access exam to expand your career opportunities.

The HCPA-Transmission&Access certification exam is intended for individuals who are interested in pursuing a career in the telecommunications industry or for those who want to validate their knowledge and experience in the field of transmission and access. H19-315-ENU Exam is also ideal for those who seek to enhance their skills and knowledge in Huawei's transmission and access products.

Huawei HCSA-Presales-Transmission & Access Sample Questions (Q63-Q68):

NEW QUESTION # 63

What advantages does OTN have over WDM? (Multiple choice)

- A. High bandwidth utilization
- B. The branch circuit and the line are separated, and the change of the customer interface does not affect the line investment
- C. Flexible business scheduling
- D. Perfect reuse of small-granularity services into large-granularity pipelines

Answer: A,B,C,D

NEW QUESTION # 64

What is the downstream bitrate of the GPON standard?

- A. 10 Gbps
- B. 1 Gbps
- C. 2 Gbps
- **D. 2.5 Gbps**

Answer: D

Explanation:

The GPON (Gigabit Passive Optical Network) standard, defined by the ITU-T G.984 specification, supports asymmetric data rates for upstream and downstream traffic. Specifically:

* Downstream Bitrate: 2.5 Gbps

* Upstream Bitrate: 1.25 Gbps

The higher downstream bitrate reflects the typical usage pattern of internet services, where users consume more data (e.g., streaming videos) than they upload. GPON uses Time Division Multiplexing (TDM) to manage data transmission between the OLT and multiple ONUs.

For higher bandwidth requirements, advanced standards like XG-PON (10 Gbps downstream) or NG-PON2 (multi-wavelength support) are available.

References:

* ITU-T G.984 Standard - GPON Architecture

* Huawei GPON Technical Documentation

NEW QUESTION # 65

The power OTN backbone communication network is mainly used to carry () services.

- A. Scheduling Automation
- B. SCADA
- **C. Data Communication Network**
- D. Dispatch calls

Answer: C

NEW QUESTION # 66

Which of the following statements about MS-OTN are correct?

- **A. MS-OTN supports SDH, PKT, and OTN services.**
- **B. MS-OTN supports ODUk cross-connections.**
- C. OSN 1800V, 1800II E, and 1800I E all can support MS-OTN.
- **D. MS-OTN is short for Multi-Service Optical Transport Network.**

Answer: A,B,D

Explanation:

The correct answers are A, B, and C. Here's a detailed explanation of each statement:

* A. MS-OTN is short for Multi-Service Optical Transport Network: This is correct. MS-OTN integrates multiple technologies (e.g., OTN, SDH, Ethernet) into a single platform, enabling converged transport for diverse services.

* B. MS-OTN supports SDH, PKT, and OTN services: This is correct. MS-OTN supports SDH (Synchronous Digital Hierarchy) for legacy services, PKT (Packet) for Ethernet-based traffic, and OTN (Optical Transport Network) for high-capacity transport.

* C. MS-OTN supports ODUk cross-connections: This is correct. MS-OTN leverages ODUk (Optical Channel Data Unit-k) cross-connections to efficiently switch and route traffic at the optical layer, ensuring high performance and scalability.

* D. OSN 1800V, 1800II E, and 1800I E all can support MS-OTN: This is incorrect. While the OSN 1800V and 1800II E support MS-OTN, the 1800I E is a simpler device designed for access networks and does not fully support MS-OTN capabilities.

NEW QUESTION # 67

What are the challenges of e-government networks in the cloud era? (Multiple choice)

- A. The business can be quickly opened and adjusted
- B. Unified bearing of all government services
- C. Network isolation and security
- D. Growing Bandwidth Requirements

Answer: A,B,C,D

NEW QUESTION # 68

After the user has purchased our H19-315-ENU learning materials, we will discover in the course of use that our product design is extremely scientific and reasonable. Details determine success or failure, so our every detail is strictly controlled. For example, our learning material's Windows Software page is clearly, our H19-315-ENU Learning material interface is simple and beautiful. There are no additional ads to disturb the user to use the H19-315-ENU qualification question. Once you have submitted your practice time, H19-315-ENU study tool system will automatically complete your operation.
