The customers can access the result of their previous given SAP Certified Associate - WalkMe Digital Adoption Consultant (C_WME_2506) exam history and try not to make any excessive mistakes in the future.

SAP Certified Associate - WalkMe Digital Adoption Consultant Sample Questions (Q47-Q52):

NEW QUESTION # 47

Your product team has informed you that there is a UI element on the website that has no purpose, is causing user confusion, and they need it removed. They also mentioned that they don't have enough development resources to remove it for at least a few weeks.

What WalkMe solution can you build to help resolve this issue?

- A. Build a Launcher that will cover up the UI element and make it invisible.
- B. Build a mandatory field Launcher and place it on top of the UI element.
- C. Build a Resource to a support article on the UI element.
- D. Build a Mini Menu and place it next to the button.

Answer: A

NEW QUESTION # 48

You have been given a project where end users are inputting incorrect information on a form, and the company wants to add some WalkMe content to help people complete the form correctly to improve data integrity. Which of the following solutions would you suggest FIRST?

- A. Create Guidance or Validation SmartTips
- B. Create a Smart Walk-Thru to guide users through the process
- C. Add a Resource to the Menu that provides additional details
- D. Onboarding Task to encourage users to complete the form

Answer: A

NEW QUESTION # 49

In the Editor, a Shuttle has a full green circle next to it when looking at the Production environment. How would you describe the status of this Shuttle?

- A. Archived in Production
- B. Draft mode in Test
- C. Published to Production but has been modified
- D. Published to Production

Answer: D

Explanation:

In the WalkMe Editor, a full green circle next to a content item, such as a Shuttle, in the Production environment indicates that the item is Published to Production and is live for end users. This status confirms that the Shuttle has been successfully deployed without subsequent modifications or archiving.

The other options are incorrect:

- * Draft mode in Test(A) would show a different icon (e.g., gray or yellow) in the Test environment.
- * Archived in Production(B) would show an archived status, not a green circle.
- * Published but modified(C) would display a modified indicator, not a full green circle.

Extract from Official WalkMe Documentation:

According to the WalkMe Editor User Guide (SAP WalkMe Digital Adoption Consultant Study Guide, Section 1.10: Publishing and Status):

"A full green circle in the Production environment indicates that the content item, such as a Shuttle, is published and active for end users." The course Getting Started with Building WalkMe Solutions states:

"Check the status icon in the Editor: a full green circle in Production means the content is live and published without pending changes." Option D correctly describes the Shuttle's status.

Course: Getting Started with Building WalkMe Solutions, Module 12: Managing Content Status.

NEW QUESTION # 50

Which of the following is a way to initiate a Smart Walk-Thru?

Note: There are 3 correct answers to this question.

- A. Builder Assistant
- B. Survey
- C. Auto-play
- D. Activate from the Menu
- E. Permalink

Answer: C,D,E

NEW QUESTION # 51

You have created a Smart Walk-Thru to guide users creating a new department on a site. Depending on which option users select from a dropdown at one step in the process, they may need to complete a few additional items before moving forward. Which WalkMe feature could help address this alternate path in a Smart Walk-Thru?

- A. Wait For Condition
- **B. Split**
- C. Popup Step
- D. Start Point

Answer: B

NEW QUESTION # 52
