Training IIA-CIA-Part3 Tools - IIA-CIA-Part3 Valid Test Tips

In order to make your exam easier for every candidate, our IIA-CIA-Part3 exam prep is capable of making you test history and review performance, and then you can find your obstacles and overcome them. In addition, once you have used this type of IIA-CIA-Part3 exam question online for one time, next time you can practice in an offline environment. The IIA-CIA-Part3 Test Torrent can be used for multiple clients of computers and mobile phones to study online, as well as to print and print data for offline consolidation. And we are pleased to suggest you to choose our IIA-CIA-Part3 exam question for your exam.

IIA Business Knowledge for Internal Auditing Sample Questions (Q470-Q475):

NEW QUESTION # 470
An entity in a 40% tax bracket needs <List A> of operating income to pay 1 of interest and <List B> of pretax income to pay 1 of dividends.

	List A	List B
A.	.60	.60
B.	1.00	1.00
C.	1.00	1.67
D.	1.67	1.00

- A. Option C
- B. Option D
- C. Option A
- D. Option B

Answer: A

Explanation:
Interest is deductible from operating income to obtain taxable income but dividends are not. Thus, only 1.00 of pretax income is needed to pay 1.00 of interest, but 1.67 of pretax income [1.00 - 1.0 - 4)] is needed to pay 1.00 of dividends if the entity is in a 40% tax bracket.

NEW QUESTION # 471

In a product's life cycle, the first symptom of the decline stage is a decline in the:

- A. Product's sales.
- B. Product's prices.
- C. Product's production cost
- D. Entity's inventory levels.

Answer: A

Explanation:
The sales of most product types and brands eventually decrease permanently. This decline may be slow or rapid. This first symptom of the decline stage of a product's life cycle triggers such other effects as price cutting, narrowing of the product line, and reduction in promotion budgets.

NEW QUESTION # 472

Which of the following is most appropriately placed in the financing section of an organization's cash budget?

- A. Payment of debt, including interest
- B. Purchase of trucks.
- C. Collections from customers
- D. Sale of securities.

Answer: A

Explanation:
* Understanding the Financing Section of a Cash Budget:
* A cash budget is a financial plan that outlines expected cash inflows and outflows over a specific period.
* The financing section records activities related to borrowing, repaying debt, issuing securities, and managing interest payments.
* Why Debt and Interest Payments Belong in the Financing Section:
* Debt repayment (principal and interest) is a financial activity rather than an operational or investing activity.
* Companies must plan for financing costs to ensure liquidity and compliance with loan agreements.
* Why Other Options Are Incorrect:
* A. Collections from customers - Incorrect.
* Customer payments belong in the operating section of the cash budget, as they represent core business activities.
* B. Sale of securities - Incorrect.

* The sale of securities is an investing activity unless related to issuing new debt or equity.
* C. Purchase of trucks - Incorrect.
* Buying trucks is a capital expenditure, which belongs in the investing section of the cash budget.
* IIA's Perspective on Financial Planning and Budgeting:
* IIA Standard 2120 - Risk Management requires organizations to assess financial risks, including debt repayment obligations.
* COSO ERM Framework highlights the importance of cash flow forecasting to maintain financial stability.
* GAAP and IFRS Financial Reporting Standards classify debt repayment and interest under financing activities.
IIA References:
* IIA Standard 2120 - Risk Management & Cash Flow Oversight
* COSO ERM - Financial Planning and Liquidity Management
* GAAP & IFRS - Cash Flow Statement Classifications
Thus, the correct and verified answer is D. Payment of debt, including interest.

NEW QUESTION # 473

Listed below are selected line items from the cost-of-quality report for Company B for last month.

Category	Amount
Rework	US $ 725
Equipment maintenance	1,154
Product testing	786
Product repair	695

What is Company B's total prevention and appraisal cost for last month?

* A. US$786
* B. US$2,665
* C. US$1,940
* D. US$1,154

Answer: C

Explanation:
Prevention costs are incurred to prevent defects from occurring. An example is equipment maintenance. Appraisal costs are incurred to detect defective output during and after the production process. An example is product testing. Thus, total prevention and appraisal cost for the month equals US $1,940 (US $1,154 +US $786).

NEW QUESTION # 474

Which of the following should the chief audit executive agree upon with the board before starting an external assessment of the internal audit function?

* A. The qualifications needed on the external assessment team
* B. The audit areas that should be reviewed
* C. The specialized skills that each external assessment team member needs
* D. The level of testing that will be required

Answer: A

Explanation:
Before an external assessment of the internal audit activity, the CAE should agree with the board on the qualifications and independence of the external assessor or assessment team. This ensures credibility and compliance with the IIA's Quality Assurance and Improvement Program (QAIP) requirements.
Options A and B (specific audit areas or testing levels) are not matters for board approval in external assessments. Option D (specialized skills) is relevant but not as essential as overall qualifications and competence.
Reference:
IIA Standards - Standard 1312: External Assessments; Practice Advisory 1312-1.

NEW QUESTION # 475

......

We are confident about our IIA IIA-CIA-Part3 braindumps tested by our certified experts who have great reputation in IT

certification. These IIA-CIA-Part3 exam pdf offers you a chance to get high passing score in formal test and help you closer to your success. Valid IIA-CIA-Part3 Test Questions can be access and instantly downloaded after purchased and there are free IIA-CIA-Part3 pdf demo for you to check.
