# **Importance of ISACA COBIT-Design-and-Implementation Certification Exam**

BTW, DOWNLOAD part of FreeDumps COBIT-Design-and-Implementation dumps from Cloud Storage: https://drive.google.com/open?id=1KET-kL8IxIwG962T68sS8GdZICMxDtNS

All kinds of exams are changing with dynamic society because the requirements are changing all the time. To keep up with the newest regulations of the COBIT-Design-and-Implementation exam, our experts keep their eyes focusing on it. And the COBIT-Design-and-Implementation study tool can provide a good learning platform for users who want to get the test COBIT-Design-and-Implementation Certification in a short time. If you can choose to trust us, I believe you will have a good experience when you use the COBIT Design and Implementation study guide, and you can pass the exam and get a good grade in the test COBIT-Design-and-Implementation certification.

### **ISACA COBIT-Design-and-Implementation Exam Syllabus Topics:**

Topic	Details
Topic 1	COBIT Basic Concepts: IT professionals, managers, and those immersed in governance practices will encounter this section, which tests their grasp of COBIT fundamentals. This includes understanding the Control Objectives for Information and Related Technologies framework, along with the core principles that guide effective governance of enterprise IT.
Topic 2	Implementing & Optimizing I&T Governance Overview: Senior IT leaders, governance directors, and consultants step into the spotlight here. The exam assesses their profound expertise in establishing and refining IT governance practices across the entire enterprise landscape. Their proficiency in ensuring strategic alignment, facilitating sound decision-making, and maximizing value is vital.
Торіс 3	The Governance System Design Workflow: The exam zeroes in on IT architects, designers, and consultants as the primary audience. This section evaluates their prowess in crafting effective governance systems. These professionals will exhibit their talent for creating streamlined workflow processes, defining clear governance structures, and customizing governance frameworks to perfectly suit the unique needs of their organizations.

## ISACA - COBIT-Design-and-Implementation - Unparalleled Detailed ISACA COBIT Design and Implementation Certificate Answers

The passing rate of our COBIT-Design-and-Implementation exam materials are very high and about 99% and so usually the client will pass the exam successfully. But in case the client fails in the exam unfortunately we will refund the client immediately in full at one time. The refund procedures are very simple if you provide the COBIT-Design-and-Implementation exam proof of the failure marks

we will refund you immediately. Clients always wish that they can get immediate use after they buy our COBIT-Design-and-Implementation Test Questions because their time to get prepared for the exam is limited. Our COBIT-Design-and-Implementation test torrent won't let the client wait for too much time and the client will receive the mails in 5-10 minutes sent by our system. Then the client can log in and use our software to learn immediately. It saves the client's time.

### ISACA COBIT Design and Implementation Certificate Sample Questions (Q103-Q108):

#### **NEW QUESTION # 103**

Which of the following is BEST suited for evaluating the performance of processes?

- A. Key performance areas
- B. Key goal indicators
- C. Capability levels
- D. Aligned goals

#### Answer: B

#### Explanation:

Key goal indicators (KGIs) are best suited for evaluating the performance of processes. KGIs measure the outcome of processes and indicate whether the objectives are being met, providing a clear picture of performance.

References in COBIT 2019 Design and Implementation:

- \* COBIT 2019 Framework: Governance and Management Objectives, MEA01 (Managed Performance and Conformance Monitoring): This objective highlights the use of key goal indicators to measure and monitor the performance of governance and management processes.
- \* COBIT 2019 Implementation Guide, Chapter 5:This chapter discusses the importance of using KGIs to evaluate process performance and ensure alignment with enterprise goals.

By focusing on KGIs, enterprises can effectively monitor and evaluate the success of their processes in achieving desired outcomes, leading to continuous improvement and better alignment with business objectives.

#### **NEW QUESTION # 104**

What is the role of the board when establishing where the enterprise wants to be?

- A. Ensuring open and fair assessment of IT activities
- B. Setting priorities, time scales, and expectations
- C. Obtaining consensus on a required capability target
- D. Providing expert advice and guidance where appropriate

#### Answer: B

#### Explanation:

The role of the board when establishing where the enterprise wants to be is to set priorities, time scales, and expectations. This ensures that the strategic direction and goals are clearly defined and communicated across the organization. References in COBIT 2019 Design and Implementation:

- \* COBIT 2019 Framework: Governance and Management Objectives, EDM01 (Ensure Governance Framework Setting and Maintenance): This objective outlines the board's responsibilities in setting the strategic direction, including priorities, timeframes, and expectations.
- \* COBIT 2019 Implementation Guide, Chapter 3:This chapter emphasizes the board's role in defining the enterprise's strategic goals and ensuring that these goals are aligned with governance and management practices.

By setting clear priorities, time scales, and expectations, the board ensures that the enterprise has a focused and coherent strategy for achieving its desired future state.

#### **NEW QUESTION # 105**

Which of the following industry sectors can be characterized by a low level of regulation and a high level of focus on cost?

- A. Public sector agencies
- B. Nonprofit enterprises
- C. Financial sector

• D. Health care providers

#### Answer: B

Explanation:

According to COBIT 2019's industry context insights:

"Nonprofit organizations typically operate under fewer regulatory constraints compared to heavily regulated sectors like finance or healthcare. However, they are highly cost-sensitive due to budget limitations and donor expectations." This combination makes nonprofits focused on cost-efficiency and operational value delivery, rather than regulatory compliance. In contrast, financial and healthcare sectors are bound by strict regulatory obligations and compliance oversight.

Reference: COBIT 2019 Design Guide, Section 4.4.1 (Industry Factors)

#### **NEW QUESTION # 106**

What is the PRIMARY difference between an international enterprise with 200,000 employees (large) and a domestic one that has 200 employees (small) when completing a governance system design?

- A. Small enterprises use a COBIT model and large enterprises use international standards.
- B. Large enterprises have a higher risk profile with key risk indicators (KRIs).
- C. Large enterprises use a COBIT model and small enterprises use an SME focus area.
- D. Fewer governance objectives are considered for a small enterprise.

#### Answer: C

Explanation:

COBIT 2019 includes guidance on tailoring governance systems based on enterprise size:

"For smaller enterprises, a specific SME focus area is available. Larger enterprises typically use the full COBIT model, leveraging its comprehensive governance and management objectives." This distinction ensures the scalability and relevance of COBIT to both large and small organizations.

Reference: COBIT 2019 Design Guide, Section 4.4.1

#### **NEW QUESTION # 107**

Which of the following inputs MUST be defined before the planning for a new governance framework can be finalized?

- A. Implementation costs
- B. Risk frameworks
- C. Performance management
- D. Enterprise goals

#### Answer: D

Explanation:

COBIT 2019 emphasizes:

"Defining enterprise goals is foundational to designing a governance system, as these goals drive the selection and prioritization of governance and management objectives." Without clearly defined enterprise goals, planning cannot proceed effectively. Reference:COBIT 2019 Design Guide, Section 4.2

#### **NEW QUESTION # 108**
