

# Infoblox NIOS-DDI-Expert Exam | NIOS-DDI-Expert Latest Dumps Book - 100% Latest Products for your choosing Latest NIOS-DDI-Expert Cram Materials

DOWNLOAD the newest Real4exams NIOS-DDI-Expert PDF dumps from Cloud Storage for free:  
<https://drive.google.com/open?id=1ugmbeiAls0SMt53QZ1bj0WUok0OE8iV>

As long as you choose our NIOS-DDI-Expert exam questions, we are the family. From the time you purchase, use, and pass the exam, we will be with you all the time. You can seek our help on our NIOS-DDI-Expert practice questions anytime, anywhere. As long as you are convenient, you can contact us by email. If you have experienced a very urgent problem while using NIOS-DDI-Expert Exam simulating, you can immediately contact online customer service. And we will solve the problem for you right away.

Preparation for the professional Infoblox Qualified NIOS DDI Expert - INE (NIOS-DDI-Expert) exam is no more difficult because experts have introduced the preparatory products. With Real4exams products, you can pass the Infoblox Qualified NIOS DDI Expert - INE (NIOS-DDI-Expert) exam on the first attempt. If you want a promotion or leave your current job, you should consider achieving a professional certification like Infoblox Qualified NIOS DDI Expert - INE (NIOS-DDI-Expert) exam.

## Latest NIOS-DDI-Expert Cram Materials | Latest NIOS-DDI-Expert Exam Preparation

We verify and update the NIOS-DDI-Expert exam dumps on regular basis as per the new changes in the actual exam test. So the NIOS-DDI-Expert study torrents you purchase on our Real4exams site are the latest and can help you to deal the difficulties in the real test. We work 24/7 to keep our NIOS-DDI-Expert most advanced and quickly to respond your questions and requirements. NIOS-DDI-Expert free pdf demo is accessible for try before you purchase. The quality and validity of NIOS-DDI-Expert study guide are unmatched and bring you to success.

## Infoblox Qualified NIOS DDI Expert - INE Sample Questions (Q58-Q63):

### NEW QUESTION # 58

Which of the following statements about restarting Grid services are true? (Select all that apply.)

- A. You can schedule service restarts
- B. You can poll members to see which services will be restarted
- C. By default, the Grid restarts services every day
- D. You can force service restart on a member

**Answer: A,D**

Explanation:

Comprehensive and Detailed In-Depth Explanation: Restarting services (e.g., DNS, DHCP) on NIOS Grid members is a common administrative task, often required after configuration changes. Let's break down each option with detailed reasoning:

\* A: "Poll members to see which services will be restarted" suggests proactively querying members for restart eligibility. NIOS doesn't offer a specific polling feature for this-administrators check service status (e.g., via Grid Manager > Members > Services) or logs, but there's no pre-restart polling tool.

Incorrect.

\* B: In Grid Manager (Grid > Grid Manager > Members), you can select a member and click "Restart Services" with a "Force Restart" option, overriding any checks for necessity. This is useful in troubleshooting (e.g., clearing a hung DNS service). Correct.

\* C: NIOS allows scheduling service restarts via the "Schedule Restart" option in Grid Manager, letting you specify a time to minimize disruption (e.g., off-hours). This aligns with Grid management best practices taught in INE. Correct.

\* D: There's no default daily restart policy in NIOS. Restarts occur only when triggered by an admin or system event (e.g., upgrade). This would disrupt service unnecessarily if true. Incorrect.

\* Practical Example: During an INE lab, you might force a restart on a member to resolve a DHCP failover issue or schedule a restart after updating a DNS zone to ensure propagation, reflecting real-world Grid troubleshooting. References: Infoblox NIOS Administrator Guide - Managing Grid Services; INE Course Content: NIOS DDI Grid Troubleshooting.

### NEW QUESTION # 59

You are asked to configure DHCPv4 failover on the Grid. Which of the following do you need for it to function correctly? (Select all that apply.)

- A. DHCP members are located in the same subnet
- B. DHCP relays are configured to relay to DHCP members simultaneously
- C. TCP port 647 is open between DHCP members
- D. DHCP members are directly connected via crossover network cables

**Answer: B,C**

Explanation:

Comprehensive and Detailed In-Depth Explanation: DHCPv4 Failover requirements:

\* C: TCP 647 is the failover sync port-must be open for lease coordination. Correct.

\* D: Relays must send requests to both peers (e.g., via IP helper addresses) for load balancing /redundancy. Correct.

\* A: Crossover cables aren't required-standard network connectivity suffices. Incorrect.

\* B: Same subnet isn't mandatory-peers can be remote if routable. Incorrect.

\* Practical Example: In an INE lab, ensure port 647 is open, configure relays, test failover, and troubleshoot sync issues. References: Infoblox NIOS Administrator Guide - DHCP Failover Setup; INE Course Content: NIOS DDI DHCP Troubleshooting.

### NEW QUESTION # 60

Which types of Zone are available for Add Zone? (Select all that apply.)

- A. Primary Zone
- B. Authoritative Zone
- C. Forward Zone
- D. Delegation

**Answer: A,B,C,D**

Explanation:

Comprehensive and Detailed In-Depth Explanation: In NIOS Grid Manager (Data Management > DNS > Add Zone), administrators can create various zone types to manage DNS resolution. All listed options are valid:

\* A (Authoritative Zone): A zone where the Infoblox appliance is the authoritative source for DNS records (e.g., example.com with A, MX records). Correct.

\* B (Forward Zone): A zone configured to forward queries to external DNS servers (e.g., forwarding "internal.com" to a corporate DNS). Correct.

\* C (Primary Zone): Often synonymous with Authoritative Zone in Infoblox, it's a master zone hosting original DNS data (distinct from secondary zones). Correct.

\* D (Delegation): A zone delegated to another name server (e.g., "sub.example.com" delegated to different NS records). Correct.

\* Clarification: In NIOS, "Authoritative" and "Primary" are sometimes used interchangeably, but both are options in the Add Zone wizard, alongside Forward and Delegation zones.

\* Practical Example: In an INE lab, you might add an Authoritative Zone for "lab.com," a Forward Zone for external lookups, and a Delegation for a subdomain, testing DNS troubleshooting across these types.

NIOS DDI DNS Troubleshooting

### NEW QUESTION # 61

How many IP addresses are required to configure a High Availability (HA) pair?

- A. 0
- B. 1
- C. 2
- **D. 3**

**Answer: D**

Explanation:

Comprehensive and Detailed In-Depth Explanation: An HA pair in NIOS requires:

\* 1. Virtual IP (VIP): Shared address for services (e.g., 192.168.1.100).

\* 2. Active Node IP: Physical address (e.g., 192.168.1.101).

\* 3. Passive Node IP: Physical address (e.g., 192.168.1.102).

\* Total: 3 IPs.

\* Options:

\* A: 2 IPs insufficient-misses individual node IPs. Incorrect.

\* B: 3 IPs match HA design (VIP + 2 nodes). Correct.

\* C/D: Extra IPs (e.g., MGMT) are optional, not required. Incorrect.

\* Practical Example: In an INE lab, configure VIP 10.0.0.1, active 10.0.0.2, passive 10.0.0.3, test failover, and troubleshoot VRRP. References: Infoblox NIOS Administrator Guide - HA Configuration; INE Course Content: NIOS DDI Grid Deployment.

### NEW QUESTION # 62

The Infoblox WAPI/RESTful API requires the administrator to use the Perl programming language.

- **A. False**
- B. True

**Answer: A**

Explanation:

Comprehensive and Detailed In-Depth Explanation: The Infoblox Web API (WAPI) is a RESTful API that allows administrators to interact with the NIOS system programmatically for tasks like managing DNS records, DHCP leases, and Grid configurations.

Contrary to requiring Perl, WAPI is language-agnostic-it uses HTTP-based requests (GET, POST, PUT, DELETE) and returns data in JSON format. While Infoblox provides sample scripts in Perl (and historically supported a Perl API), administrators can use any programming language (e.g., Python, Java, or even tools like cURL) that supports HTTP requests. The misconception might stem from older documentation emphasizing Perl examples, but the INE course, focusing on advanced NIOS management, clarifies that WAPI is not tied to Perl. References: Infoblox NIOS Documentation - WAPI Guide; INE Course Objective: NIOS Grid Troubleshooting (covers API usage).

## NEW QUESTION # 63

.....

This way you can save money even if Infoblox NIOS-DDI-Expert introduces fresh Infoblox NIOS-DDI-Expert exam updates. So why are you delaying? Purchase the Infoblox NIOS-DDI-Expert Preparation material to get certified on the first attempt.

**Latest NIOS-DDI-Expert Cram Materials:** [https://www.real4exams.com/NIOS-DDI-Expert\\_braindumps.html](https://www.real4exams.com/NIOS-DDI-Expert_braindumps.html)

As we know, our NIOS-DDI-Expert study guide can be recognized as the most helpful and the greatest NIOS-DDI-Expert quiz torrent: Infoblox Qualified NIOS DDI Expert - INE across the globe, Infoblox NIOS-DDI-Expert Latest Dumps Book PC test engine is suitable for windows operating system, running on the Java environment, and can install on multiple computers, Infoblox NIOS-DDI-Expert Latest Dumps Book But if you are a member of the above-mentioned group, you don't have to be so stressed out.

But if you buy our Infoblox Qualified NIOS DDI Expert - INE test torrent you only need Latest NIOS-DDI-Expert Exam Preparation 1-2 hours to learn and prepare the exam and focus your main attention on your most important thing. Post-modern educators might argue that instead of spoon feeding students NIOS-DDI-Expert Latest Dumps Book a standard, classical curriculum, that education should instead prepare students to succeed in real life.

## Complete Infoblox NIOS-DDI-Expert: Infoblox Qualified NIOS DDI Expert - INE Latest Dumps Book - Well-Prepared Real4exams Latest NIOS-DDI-Expert Cram Materials

As we know, our NIOS-DDI-Expert Study Guide can be recognized as the most helpful and the greatest NIOS-DDI-Expert quiz torrent: Infoblox Qualified NIOS DDI Expert - INE across the globe, PC test engine is suitable for windows NIOS-DDI-Expert operating system, running on the Java environment, and can install on multiple computers.

But if you are a member of the above-mentioned group, you don't have to be so stressed out, NIOS-DDI-Expert exams contain various of exam tests, maybe you are planning to attend one of them recently.

So take action!
