ITFAS-Level-1 Study Dumps, Dumps ITFAS-Level-1 Questions

We know that it is hard to stay and study for the Inspection and Testing of Fire Alarm Systems Level I Exam (ITFAS-Level-1) exam dumps in one place for a long time. Therefore, you have the option to use Inspection and Testing of Fire Alarm Systems Level I Exam (ITFAS-Level-1) PDF questions anywhere and anytime. Itcertkey Inspection and Testing of Fire Alarm Systems Level I Exam (ITFAS-Level-1) dumps are designed according to the NICET ITFAS-Level-1 certification exam standard and have hundreds of questions similar to the actual Inspection and Testing of Fire Alarm Systems Level I Exam (ITFAS-Level-1) exam.

NICET Inspection and Testing of Fire Alarm Systems Level I Exam Sample Questions (Q49-Q54):

NEW QUESTION # 49

Which of the following options is required while conducting annual testing of an audiovisual device?

- A. Verify proper setting of candela rating
- **B. Verify proper operation**
- C. Confirm sound level based on design
- D. Confirm voice intelligibility

Answer: B

Explanation:

When performing annual testing of notification appliances such as strobes or horns, NFPA 72 mandates functional testing- which means checking that they operate correctly when activated.

NFPA 72 (2022), Table 14.4.3.2 - Testing Frequencies and Methods:

Under "Notification Appliances," the required method for both audible and visible devices is:

"Functional test - verify proper operation."

While things like sound levels and candela settings are verified during acceptance testing or design review, the annual requirement is simply to verify that they work.

Correct answer: C. Verify proper operation

NEW QUESTION # 50

When testing a room temperature switch, below what temperature does the off-normal signal occur?

- A. 50 °F (10.0 °C)
- B. 32 °F (0.0 °C)
- C. 45 °F (7.2 °C)
- **D. 40 °F (4.4 °C)**

Answer: D

Explanation:

Room temperature switches are used to detect freezing conditions in environments such as sprinkler valve rooms. An off-normal (supervisory) condition is triggered if the temperature drops below 40 °F (4.4 °C).

NFPA 72 (2022), Section A.17.16.1.1:

"Low-temperature supervisory signals shall be initiated when the temperature falls below 40 °F (4.4 °C) unless otherwise specified."

This signal helps prevent system damage or failure due to freezing.

Correct answer: B. 40 °F (4.4 °C)

NEW QUESTION # 51

According to NFPA 72, which statement is true as it pertains to the testing of audible alarm notification appliances?

- A. Sound pressure levels are required to be taken in hallways only during initial acceptance testing.
- B. Sound pressure levels are required to be taken during initial acceptance and periodic testing.
- **C. Sound pressure levels are required to be taken during initial acceptance and reacceptance testing.**
- D. Sound pressure levels are required to be taken in sleeping areas only during initial acceptance testing.

Answer: C

Explanation:

NFPA 72 requires sound pressure level measurements to verify that audibility meets code requirements. This must be done

during initial acceptance and reacceptance testing (e.g., when system changes occur).

NFPA 72 (2022), Section 18.4.7.2:

"Sound pressure level measurements shall be taken and documented during acceptance and reacceptance testing." Correct answer:

B. Sound pressure levels are required to be taken during initial acceptance and reacceptance testing.

NEW QUESTION # 52

What is the inspection frequency of supervising station alarm system transmitters?

- A. Quarterly
- B. Monthly
- C. Annually
- D. Semiannually

Answer: A

Explanation:

Transmitters connected to supervising stations (such as DACTs or IP communicators) must be inspected quarterly to ensure signal integrity and physical condition.

NFPA 72 (2022), Table 14.3.1 - Inspection Frequencies:

"Supervising station transmitting equipment" #Quarterly

This includes checking for damage, loose connections, or communication issues.

Correct answer: B. Quarterly

NEW QUESTION # 53

Secondary power for the fire alarm primary power supply shall be tested under which load?

- A. Maximum load
- B. Minimum load
- C. Half load
- D. Supervisory load

Answer: D

Explanation:

NFPA 72 requires that the secondary power supply be capable of powering the fire alarm system under quiescent or supervisory load for 24 hours, followed by full alarm load for a minimum time (typically 5 or 15 minutes depending on system type).

NFPA 72 (2022), Section 10.6.7.2.1.1:

"The secondary power supply shall have sufficient capacity to operate the system under quiescent load (supervisory condition) for a minimum of 24 hours..." Testing should verify operation under this supervisory (normal monitoring) condition.

Correct answer: D. Supervisory load

NEW QUESTION # 54

.....

To make sure your whole experience of purchasing ITFAS-Level-1 exam questions more comfortable, we offer considerate whole package services. We offer not only free demos, give three versions for your option, but offer customer services 24/7. Even if you fail the ITFAS-Level-1 Test Guide, the customer will be reimbursed for any loss or damage after buying our ITFAS-Level-1 exam questions. With easy payments and considerate, trustworthy after-sales services, our Inspection and Testing of Fire Alarm Systems Level I Exam study question will not let you down.

ITFAS-Level-1 Study Dumps: https://www.itcertkey.com/ITFAS-Level-1_braindumps.html

If you fail the exam with our ITFAS-Level-1 dumps VCE sadly we will full refund you in 2-7 working days, How to prepare for the ITFAS-Level-1 actual test and get the certification with ease is an issue many candidates care about, With the help of our latest NICET ITFAS-Level-1 free download pdf, there is no doubt that you can keep abreast of the times, and broaden your horizons in your field, You can download ITFAS-Level-1 Study Dumps ITFAS-Level-1 Study Dumps - Inspection and Testing of Fire Alarm Systems Level I Exam study material.

High Pass-Rate ITFAS-Level-1 PDF Questions | Easy To Study and Pass Exam at first attempt & Excellent NICET Inspection and Testing of Fire Alarm Systems Level I Exam

With the help of our latest NICET ITFAS-Level-1 free download pdf, there is no doubt that you can keep abreast of the times, and broaden your horizons in your field.
