NEW QUESTION # 37

Which is NOT an input to the 'Managing business relationship journeys' process?

- A. Roles and responsibilities
- B. Business relationship models
- C. Training materials
- D. Service portfolio

Answer: C

Explanation:

Training materials support BRM development but are not an input to the Managing Business Relationship Journeys process; that process relies on defined roles and responsibilities, relationship models, and the service portfolio.

NEW QUESTION # 38

Which is an example of 'Reviewing the VoC program'?

- A. Surveying customers about their opinions of a new software application
- B. Interpreting feedback from customers about the performance of a service and prioritizing actions
- C. Implementing improvements to a business relationship journey
- D. Performing regular reviews of 'Voice of the customer' activities

Answer: D

Explanation:

Reviewing the VoC program means conducting periodic evaluations of the overall Voice of the Customer activities to ensure the program remains effective and aligned with objectives.

NEW QUESTION # 39

Which of the following describes a value stream?

- A. Asset of organizational resources designed for performing work or accomplishing an objective
- B. An operating model which defines the main activities required to respond to demand and facilitate value realization
- C. A model that defines the key aspects of a relationship journey for a set of business stakeholders
- D. A set of steps undertaken to create and deliver products and services

Answer: D

Explanation:

A value stream is defined as the series of steps an organization undertakes to create and deliver products or services, transforming demand into value.

NEW QUESTION # 40

Which is an example of an approach to managing a business relationship in a clear domain?

- A. A business relationship manager is provided with a set of principles to apply when discussing sustainability issues with customers
- B. A business relationship manager is provided with a detailed set of instructions for gathering information about new customers
- C. A business relationship manager uses a Gemba walk for analysing stakeholders influence and interest
- D. A business relationship manager is provided high-level guidance for customer discussions

Answer: B

Explanation:

In a clear domain, processes are well understood and documented; providing a detailed set of instructions aligns with that clarity, guiding the BRM's information-gathering.

NEW QUESTION # 41
