In order to meet the demands of all the customers, we can promise that we will provide all customers with three different versions of the JN0-1103 study materials. In addition, we can make sure that we are going to offer high quality practice study materials with reasonable prices but various benefits for all customers. It is our sincere hope to help you Pass JN0-1103 Exam by the help of our JN0-1103 study materials.

# Juniper JN0-1103 Exam Syllabus Topics:

Topic	Details
Topic 1	Securing the Network: This section of the exam measures the skills of Security Architects and covers essential security design principles. It encompasses general security considerations, strategies for securing data centers and campus WANs, and the implementation of zero-trust security models. Additionally, it delves into Secure Access Service Edge (SASE) frameworks to enhance network security posture.
Topic 2	Network Management or Reliability: This section of the exam measures skills of Network Operations Center (NOC) Engineers and covers design considerations for ensuring business continuity. Topics include high-resiliency design, implementing link and device-level redundancy, and utilizing technologies like Multihomed Ethernet Segment Identifier Link Aggregation Groups (ESI LAGs) and virtual chassis. The section also explores Juniper SRX firewall redundancy and best practices for campus network redundancy.
Topic 3	Campus and Branch LAN Design: This section of the exam measures skills of LAN Infrastructure     Specialists and covers considerations for designing wired campus or branch LANs. It addresses best     practices in campus LAN design, modular design approaches, subnet and VLAN planning, and access     control mechanisms. The section also introduces Ethernet VPN-Virtual Extensible LAN (EVPN-VXLAN)     architectures and discusses campus oversubscription ratios and design architectures.

# Latest JN0-1103 Braindumps & JN0-1103 Reliable Learning Materials

With the rapid market development, there are more and more companies and websites to sell JN0-1103guide question for learners to help them prepare for exam, but many study materials have very low quality and low pass rate, this has resulting in many candidates failed the exam, some of them even loss confidence of their exam. You may be also one of them, you may still struggling to find a high quality and high pass rate JN0-1103 Test Question to prepare for your exam. Your search will end here, because our

study materials must meet your requirements.

# Juniper Design - Associate (JNCIA-Design) Sample Questions (Q66-Q71):

#### **NEW QUESTION #66**

What are two rules you should follow when writing an executive summary of an RFP? (choose two.)

- A. Canned responses are ok to use.
- B. Focus on organizational issues.
- C. Give a history of Juniper Networks.
- D. Keep it short and simple.

Answer: B,D

## **NEW QUESTION #67**

Which popular data center architecture provides improved availability between two switching nodes?

- A. fabric Clos architecture
- B. 802.1br
- C. MPLS traffic engineering
- D. multichassis link aggregation

Answer: A

#### **NEW OUESTION #68**

You are designing the network for a small campus using Mist. You have two Junos switches that support EVPN-VXLAN core devices and two Junos access switches that do not support EVPN-VXLAN.

Which campus design is available with these devices?

- A. Campus Fabric 3-stage IP Clos
- B. Campus Fabric core-distribution
- C. EVPN Multihoming
- D. Campus Fabric 5-stage IP Clos

#### Answer: B

#### Explanation:

Since only the core switches support EVPN-VXLAN, and the access switches do not, the appropriate design is a Campus Fabric core-distribution model. This design allows EVPN-VXLAN at the core while maintaining compatibility with non-fabric-capable access switches using traditional Layer 2 or Layer 3 connectivity.

## **NEW QUESTION #69**

Which two statements are true in regards to network capacity planning? (Choose two.)

- A. The application behavior is important.
- B. The network management platform is important.
- C. The network management platform is not important.
- D. The application behavior is not important.

Answer: A,C

## **NEW QUESTION #70**

What are the last two steps of business continuity planning? (Choose two.)

- A. test the plan
- B. know your network

- C. assess the risks
- D. formulate the plan

Answer: A,D

## **NEW QUESTION #71**

....

You can download a free demo of Juniper - JN0-1103 exam study material at TorrentVCE The free demo of JN0-1103 exam product will eliminate doubts about our Design - Associate (JNCIA-Design) PDF and practice exams. You should avail this opportunity of JN0-1103 exam dumps free demo. It will help you pay money without any doubt in mind. We ensure that our Design - Associate (JNCIA-Design) exam questions will meet your Design - Associate (JNCIA-Design) test preparation needs. If you remain unsuccessful in the JN0-1103 test after using our JN0-1103 product, you can ask for a full refund. TorrentVCE will refund you as per the terms and conditions.
