

# **Junos, Associate (JNCIA-Junos) Actual Exam & JN0-105 Practice Vce & Junos, Associate (JNCIA-Junos) Updated Torrent**

P.S. Free 2025 Juniper JN0-105 dumps are available on Google Drive shared by ActualTorrent: <https://drive.google.com/open?id=1o15ZY6y4uM612r33dNLZV4p2kORT4ds1>

ActualTorrent have made customizable Juniper JN0-105 practice tests so that users can take unlimited tests and improve Junos, Associate (JNCIA-Junos) exam preparation day by day. These JN0-105 practice tests are based on the real examination scenario so the students can feel the pressure and learn to deal with it. The customers can access the result of their previous given JN0-105 Exam history and try not to make any excessive mistakes in the future. The Junos, Associate (JNCIA-Junos) practice tests have customizable time and JN0-105 exam questions feature so that the students can set the time and JN0-105 exam questions according to their needs.

You must improve your skills and knowledge to stay current and competitive. You merely need to obtain the JN0-105 certification exam badge in order to achieve this. You must pass the Junos, Associate (JNCIA-Junos) (JN0-105) exam to accomplish this, which can only be done with thorough exam preparation. Download the Juniper JN0-105 Exam Questions right away for immediate and thorough exam preparation. We have thousands of satisfied customers around the globe so you can freely join your journey for the Junos, Associate (JNCIA-Junos) (JN0-105) certification exam with us.

## **Quiz 2025 Juniper Reliable JN0-105: Test Junos, Associate (JNCIA-Junos) Dumps**

The data for our JN0-105 practice materials that come up with our customers who have bought our JN0-105 actual exam and provided their scores show that our high pass rate is 98% to 100%. This is hard to find and compare with in the market. And numerous enthusiastic feedbacks from our worthy clients give high praises not only on our JN0-105 Study Guide, but also on our sincere and helpful 24 hours customer services online. You will feel grateful to choose our JN0-105 learning quiz!

## **Juniper JN0-105 Exam Syllabus Topics:**

Topic	Details
Topic 1	<ul style="list-style-type: none"><li>Routing Policy and Firewall Filters: The topic of Routing Policy and Firewall Filters covers routing policy and firewall filters on Junos devices. Furthermore, the topic also deals with routing policies and firewall filters on a Junos device.</li></ul>

Topic 2	<ul style="list-style-type: none"> <li>Junos OS Fundamentals: It covers concepts, benefits, and functionality of the core elements of the Junos OS.</li> </ul>
Topic 3	<ul style="list-style-type: none"> <li>Configuration Basics: Identification of the main elements for configuring Junos devices is discussed in this topic. Moreover, it describes configuring basic components of a Junos device</li> </ul>

## Juniper Junos, Associate (JNCIA-Junos) Sample Questions (Q97-Q102):

### NEW QUESTION # 97

What are two ways that the carrier-sense multiple access with collision detection (CSMA/CD) MAC protocol helps devices "talk" with each other in an Ethernet network? (Choose two.)

- A. It allows a network device to transmit and receive data simultaneously
- B. It allows an Ethernet device to check to see if anything else is transmitting before trying to send**
- C. It operates in half-duplex or full-duplex mode
- D. It allows a network device to either transmit data or receive data**

**Answer: B,D**

Explanation:

CSMA/CD is the access method used in classic Ethernet (half-duplex). Its main functions:

- \* Carrier Sense: A device listens to the medium to check if another device is transmitting before sending (avoiding collisions).
- \* Collision Detection: If two devices transmit at the same time, they detect the collision, stop, and wait a random backoff period before retrying.
- \* Devices can either transmit or receive at a given time (half-duplex), not both simultaneously.

Thus, correct answers:

# A - Listen before transmit.

# B - Devices can either transmit or receive.

Options C and D are incorrect:

\* CSMA/CD is a half-duplex protocol, not full-duplex.

\* Full-duplex eliminates collisions and no longer uses CSMA/CD.

From JNCIA-Junos Study Guide:

"CSMA/CD requires that devices sense the wire before transmitting. Devices can either transmit or receive, but not both at the same time." References:

Juniper TechLibrary - Ethernet and CSMA/CD Overview

JNCIA-Junos Exam Objective: Ethernet LANs

### NEW QUESTION # 98

Click the Exhibit button.

```
R2> ping 10.23.0.3
PING 10.23.0.3 (10.23.0.3): 56 data bytes
64 bytes from 10.23.0.3: icmp_seq=0 ttl=64 time=2.654 ms
64 bytes from 10.23.0.3: icmp_seq=1 ttl=64 time=2.673 ms
64 bytes from 10.23.0.3: icmp_seq=2 ttl=64 time=2.229 ms
^C
--- 10.23.0.3 ping statistics ---
3 packets transmitted, 3 packets received, 0% packet loss
round-trip min/avg/max/stddev = 2.229/2.519/2.673/0.205 ms
```

Referring to the exhibit, what is the source IP address of the ping that was executed?

- A. 10.12.0.2
- B. 10.23.0.2
- C. 10.24.0.4
- D. 10.23.0.3

**Answer: B**

Explanation:

The exhibit shows a ping test being executed from router R2 to the IP address 10.23.0.3. Since the ping command is issued on R2 and we see successful replies from 10.23.0.3, it means the source of the ping must be an interface on R2. Given the network diagram and the IP address scheme, the source IP address of the ping is on the interface ge-0/0/2 of R2, which is in the subnet 10.23.0.0/24. The only logical IP address for R2's interface in this subnet, based on standard networking practices and the given options, would be

10.23.0.2. The other addresses provided in the options belong to different subnets or are the destination of the ping itself.

#### NEW QUESTION # 99

What are two advantages of using the Junos OS? (Choose two.)

- A. It pushes your configuration changes "live" immediately.
- B. **It is modular.**
- C. It supports up to a maximum of two previous configurations.
- D. **It enables you to roll back to a previous configuration.**

**Answer: B,D**

Explanation:

One of the key advantages of Junos OS is its ability to roll back to previous configurations. This feature allows administrators to revert to an earlier configuration state, which is invaluable for quickly recovering from configuration errors or undesired changes. Junos OS maintains an archive of previous configurations, enabling easy rollback to any saved state. Another significant advantage of Junos OS is its modular design.

The operating system is structured so that different processes and services run in separate protected memory spaces, enhancing the stability and reliability of the system. If one process fails, it does not affect the others, thereby minimizing the risk of system-wide

failures.

### NEW QUESTION # 100

You are asked to configure your device running Junos OS to automatically archive your configuration upon commit. In this scenario, which two methods are supported by the Junos OS? (Choose two)

- A. HTTP
- B. FTP
- C. SCP
- D. RCP

**Answer: C,D**

Explanation:

Junos OS supports multiple methods for automatically archiving configurations upon commit. Two of the supported methods are SCP (Secure Copy Protocol) and RCP (Remote Copy Protocol). These methods can be configured to save the configuration files to a remote server automatically whenever a commit is made.

### NEW QUESTION # 101

Which protocol is responsible for learning an IPv4 neighbor's MAC address?

- A. Media Access Control Security (MACsec)
- B. Neighbor Discovery Protocol (NDP)
- C. Network Address Translation (NAT)
- D. Address Resolution Protocol (ARP)

**Answer: D**

Explanation:

The Address Resolution Protocol (ARP) is responsible for mapping an IPv4 address to a machine's MAC address. ARP operates at Layer 2 of the OSI model and is used to find the MAC address of a host given its IPv4 address. When a device wants to communicate with another device on the same local network, it uses ARP to discover the recipient's MAC address.

References:

\* Juniper official documentation: ARP.

\* Networking standards: RFC 826.

### NEW QUESTION # 102

.....

After you pay for our JN0-105 exam material online, you will get the link to download it in only 5 to 10 minutes. You don't have to wait a long time to start your preparation for the JN0-105 exam. And if we have a new version of your JN0-105 Study Guide, we will send an E-mail to you. Whenever you have questions about our JN0-105 learning quiz, you are welcome to contact us via E-mail. We sincerely offer you 24/7 online service.
