

L6M7 Certified Questions | Reliable L6M7 Test Experience

L6M7

to the next problem, solves that and looks back to see if the previous one is still correct. Example: completing a Sudoku puzzle Divide and conquer -> Divides a problem into smaller sub-problems, solves them and combines the answers to solve the initial problem. Example: categorising data Dynamic programming -> Uses different approaches to solve a problem by remembering the past. Example: the shortest route to travel between two cities by road Greedy -> Finds the best possible choice at each stage. Example: giving change for a cash transaction using the highest-value coins and notes available Branch and bound -> Uses an optimisation process to test for the best possible outcome. Example: how often to place orders to ensure stock levels are maintained for the least cost. Brute force -> Tries many patterns until a solution is found. Example: software that guesses a security password

QUESTION: 5

"Counterfeit computer hardware increases the risk and likelihood of a successful cyber-attack". Is this statement False?

Option A :

Yes, because not all counterfeit products such as hardware are accessible to hackers to implant malware upfront so the likelihood of a cyber-attack is the same as buying genuine

Option B :

No, because it is the sole responsibility of the Procurement department to ensure that hardware being bought is not counterfeit which eliminates any possibility of cyber-attacks

Option C :

No, because the quality of the counterfeit product may not be high and fake hardware could include malware which increases the likelihood of a successful cyber-attack

Option D :

Yes, because counterfeit products are generally still of a high quality and can have cyber-security measures and systems installed to reduce the risk of any future cyber-attacks

Correct Answer: C

Reliable L6M7 Test Experience, L6M7 Latest Torrent

If you want to get CIPS certification, you can save a lot of time and effort with our L6M7 study materials. We know that you must have a lot of other things to do, and our products will relieve your concerns in some ways. First of all, L6M7 exam materials will combine your fragmented time for greater effectiveness, and secondly, you can use the shortest time to pass the exam to get your desired certification. Our L6M7 Study Materials allow you to improve your competitiveness. With the help of our L6M7 study guide, you will be the best star better than others

CIPS Commercial Data Management Sample Questions (Q17-Q22):

NEW QUESTION # 17

Henry is the Head of IT at Purple Rain Ltd and is presenting a case to the Senior Leadership Team to ask for more investment in the company's IT strategy. Henry believes the company has an issue with data resilience and is asking for more money to be invested in this. He has completed a Business Impact Assessment (BIA) to better understand what data the company holds. Jon is the Head of Procurement and has listened intently to Henry's presentation. He has decided to go back to his department and complete a thorough risk assessment, as he is aware his team holds a lot of data on suppliers and contracts. The CEO of Purple Rain, Roger Nelson, has asked Henry about next steps in order to protect the company from further risks associated with the IT strategy. Data is currently stored on servers located at Purple Rain's Headquarters. The server room is locked at all times of the day and is only accessible to staff members who have a key. The building itself is extremely secure with CCTV systems located both inside the server room and outside it. However, the server room is prone to overheating. What would Procurement's main concern be?

- A. Customer dissatisfaction
- B. Loss of sales
- C. Contractual penalties
- D. Delays to the launch of new products

Answer: C

Explanation:

Procurement's primary concern is contractual penalties, as the case study focuses on suppliers and contracts. While delays, lost sales, and customer dissatisfaction are all potential impacts of data disruption, the most immediate risk for procurement is failing to meet contractual obligations. (P.104)

NEW QUESTION # 18

What is the benefit of an organisation using blockchain in data management?

- A. It is organisation-specific
- B. It allows data to be changed easily
- C. Data is stored centrally
- D. Data cannot be modified

Answer: D

Explanation:

Blockchain ensures data integrity by preventing modifications. If changes are needed, new blocks are added instead of altering existing ones. This enhances transparency and security, as blockchain is decentralized and not vulnerable to a single point of failure. (P.189)

NEW QUESTION # 19

Which of the following is an International Standard in Security Management Systems?

- A. ISO 9001

- B. ISO 28000
- C. ISO 14001
- D. ISO 20400

Answer: B

Explanation:

ISO 28000 is an international standard that focuses on supply chain security management, based on the Deming Cycle (Plan, Do, Check, Act). Familiarity with ISO 27001 and ISO 27002 is also recommended. (P.130)

NEW QUESTION # 20

The Data Protection Act covers any data that is input or held on a computer and does not cover paper filing systems. Is this TRUE?

- A. Yes - information on paper is not considered data
- B. No - the Act covers paper-based records
- C. No - the Act covers all forms of information, including electronic, paper-based, and verbal
- D. Yes - only electronic data is covered by the Act

Answer: B

Explanation:

The Act covers paper-based records when stored in a "relevant filing system" but does not cover verbal information. (P.120)

NEW QUESTION # 21

Donkey Logistics Ltd is transitioning into the digital era and is looking to implement technology that can track the location of deliveries when they are en route to customers. Which of the following is able to store a high-volume data set which can be read by a hand-held device?

- A. GPS
- B. Barcode
- C. RFID
- D. Navistar

Answer: C

Explanation:

RFID (Radio Frequency Identification) is correct. GPS and Navistar are for location tracking, but they do not store large volumes of data. Barcodes store limited data.

NEW QUESTION # 22

.....

As for buying L6M7 questions and answers for the exam, people may have different concerns. Most candidates can pass the exam by using the L6M7 questions and answers of us just one time, we ensure you that we will give you refund if you can't pass. Or if you have other exams to attend, we can replace other 2 valid exam dumps for you, at the same time, if L6M7 Questions and answers you buy updates, you can also get the latest version for free.
