You can write down your doubts or any other question of our Certified Wireless Design Professional test questions. We warmly welcome all your questions. Our online workers are responsible for solving all your problems with twenty four hours service. You still can enjoy our considerate service after you have purchased our CWDP-305 test guide. If you don't know how to install the study materials, our professional experts can offer you remote installation guidance. Also, we will offer you help in the process of using our CWDP-305 Exam Questions. Also, if you have better suggestions to utilize our study materials, we will be glad to take it seriously.

CWNP CWDP-305 Exam Syllabus Topics:

Topic	Details
Topic 1	• Design the WLAN: This section of the exam measures the skills of a WLAN Design Engineer and covers the process of selecting configurations, architecture types, and wireless components to meet business and technical requirements. It includes using design software, selecting access points and antennas, and applying methodologies such as predictive or measured design. Candidates must demonstrate the ability to produce effective documentation and configure features like QoS, roaming security, and network services for different types of client devices and applications.
Topic 2	• Deploy the WLAN: This section of the exam measures the skills of a WLAN Implementation Specialist and involves overseeing the deployment phase of wireless networks. It focuses on understanding deployment procedures for various WLAN architectures, configuring supporting infrastructure, and verifying proper installation. The section also addresses physical installation checks, documentation handover, and quality assurance practices during ongoing installations.

Topic 3	• Define Specifications for the WLAN: This section of the exam measures the skills of a Wireless Network Planner and focuses on gathering business and technical requirements needed for designing wireless LANs. It includes understanding user needs, regulatory and safety constraints, and environmental factors. Candidates are expected to identify critical elements such as coverage, capacity, security, and device compatibility, and to analyse existing infrastructure and documentation to ensure a successful design strategy.
Topic 4	• Validate and Optimize the WLAN: This section of the exam measures the skills of a WLAN Optimization Specialist and assesses the ability to test, validate, and fine-tune wireless networks post-deployment. Key tasks include RF validation surveys, performance testing, troubleshooting connectivity and security issues, and applying appropriate physical or RF adjustments. It also involves client testing and final project handover, including documentation, knowledge transfer, and meetings to ensure long-term WLAN success.

CWNP CWDP-305 Exam & CWDP-305 Reliable Test Simulator

We provide CWDP-305 Exam Torrent which are of high quality and can boost high passing rate and hit rate. Our passing rate is 99% and thus you can reassure yourself to buy our product and enjoy the benefits brought by our CWDP-305 exam materials. Our product is efficient and can help you master the Certified Wireless Design Professional guide torrent in a short time and save your energy. The product we provide is compiled by experts and approved by the professionals who boost profound experiences. It is revised and updated according to the change of the syllabus and the latest development situation in the theory and the practice.

CWNP Certified Wireless Design Professional Sample Questions (Q186-Q191):

NEW QUESTION # 186
What factors are key features when designing a guest network for a large enterprise?(Choose all that apply.) Response:

- A. Rate limiting
- B. 802.11n
- C. SSID segmentation
- D. Traffic tunneling or anchoring
- E. 802.1X security

Answer: A,D

NEW QUESTION # 187
What is the DSCP Per Hop Behavior equivalent classification of the 802.11 AC_VO priority level?

- A. CS3
- B. AF31
- C. EF
- D. VO

Answer: C

NEW QUESTION # 188
When performing an indoor predictive site survey to make the WLAN planning and design cycle more efficient, what is a best practice for configuration of the simulated APs in the predictive modeling software?
Response:

- A. All simulated APs should be set to 20 MHz channels only.

- B. If dynamic RRM will be used, AP transmit power should be set to an estimated average level of the expected client devices, such as 25 mW.
- C. Defining custom AP and antenna patterns will yield more accurate prediction data than the pre- configured vendor AP/antenna combinations.
- D. Always use the default 2.2 dBi omnidirectional antenna patterns for simulated APs.

Answer: B

NEW QUESTION # 189
After deploying a 5 GHz-only WLAN infrastructure in the USA, using 20 MHz channel widths and all 25 available channels, a manager tests the Guest SSID on his 802.11n tablet. During testing, he experiences several areas with poor RSSI (below -80 dBm) or no signal at all. Upon checking, all APs are operational, and coverage was validated post-deployment. What is the likely cause of this issue?

- A. His tablet doesn't support MU-MIMO
- B. His tablet does not support one or more of the 5 GHz channels
- C. His tablet only supports a 40 MHz channel-width
- D. His tablet doesn't support the 5 GHz band

Answer: B

NEW QUESTION # 190
During a post-validation assessment, you have configured a client for 802.1X/EAP but it is not passing authentication. Which areas should you check in the WLAN configuration?
Response:

- A. Whether the RADIUS shared secret is properly configured on the supplicant and authentication server
- B. Whether the client has a fully valid certificate
- C. Whether the authenticator is configured to support the EAP type(s) your client is configured for
- D. Whether the RADIUS server is online and configured for the matching port on the APs and WLAN controllers

Answer: D

NEW QUESTION # 191
.....

One of the few things that can't be brought back is the wasted time, so don't waste your precious time and get your CWNP practice test in time by our latest CWDP-305 exam questions from our online test engine. You will be able to clear your CWDP-305 Real Exam with our online version providing exam simulation. Your goal is very easy to accomplish and 100% guaranteed.
