Our company attaches great importance to overall services, if there is any problem about the delivery of NCA-6.10 Test Braindumps, please let us know, a message or an email will be available. We are pleased that you can spare some time to have a look for your reference about our NCA-6.10 test prep.

Nutanix Certified Associate v6.10 Sample Questions (Q66-Q71):

NEW QUESTION # 66

What priority case can be opened to guarantee a 8-hour response for a customer with Production Support?

- A. P1
- B. P4
- C. P2
- D. P3

Answer: A

NEW QUESTION # 67

An administrator is creating a Linux VM and must decide which is the correct timezone to choose.
Which timezone should the administrator select for this VM?

- A. Central
- B. Eastern
- C. Local
- **D. UTC**

Answer: D

Explanation:

The correct answer is B. UTC.

When creating Linux VMs in a Nutanix environment (or in any enterprise-grade production environment), it is best practice to use UTC(Coordinated Universal Time) as the system timezone. This ensures:

- * Consistency across distributed systems
- * Accurate log correlation
- * Avoidance of issues with daylight saving time (DST)
- * Simplified centralized monitoring and troubleshooting

Clarifications:

- * A (Eastern) and D (Central) are region-specific and may introduce time skew across systems.
- * C (Local) is ambiguous and depends on the underlying hardware or hypervisor setting, which can lead to inconsistent behavior.

Official Reference:

- * Linux Admin Best Practices
- * Nutanix Best Practices Guide - VM Provisioning Section
- * Excerpt: "For consistency across environments, it is recommended to configure all Linux virtual machines to use UTC timezone, particularly in clustered and distributed applications."

NEW QUESTION # 68

An administrator needs to configure a solution that ensures VMs automatically power on in a specific order at the DR site in the event of a disaster.

Which feature will achieve this?

- **A. Recovery Plan**
- B. Resource Scheduling
- C. Category
- D. Protection Policy

Answer: A

NEW QUESTION # 69

Which option is supported by Nutanix for Data-at-Rest encryption?

- A. Cluster-only Encryption
- B. Storage Pool-only Encryption
- **C. Software-only Encryption**
- D. Data-only Encryption

Answer: C

Explanation:

The correct answer is D. Software-only Encryption.

Nutanix supports Data-at-Rest Encryption (DARE) through both hardware-based and software-based methods. Among the supported solutions, software-only encryption is a widely used and officially supported method, especially when Self-Encrypting Drives (SEDs) are not in use.

Key facts about Nutanix DARE:

- * Enables encryption of data written to physical media.
- * Works at the CVM and controller layer, ensuring all I/O is encrypted before being persisted.
- * Software-based encryption can be enabled via Prism Central or command-line using Native Key Management (NKM) or external KMIP-compliant key managers.

* Hardware encryption (SED) is optional and not required for DARE.

Clarifications:

* A. Storage Pool-only Encryption: Not valid; encryption applies at the cluster level, not only to storage pools.

* B. Data-only Encryption: Ambiguous and not a Nutanix-supported term.

* C. Cluster-only Encryption: Misleading; encryption is applied to data at rest, not to the "cluster" object.

Prism UI Navigation Path:

Settings > Security > Encryption

Official Reference:

* Nutanix Security Guide - Data-at-Rest Encryption

* Nutanix Bible - Encryption Section

* Excerpt: "Nutanix supports software-only data-at-rest encryption using Native Key Management or external KMIP key managers, without requiring self-encrypting drives."

NEW QUESTION # 70

A Veeam Backup appliance, which uses iSCSI, must be deployed into an AHV-based cluster.

What must be configured to allow Veeam to connect to the Nutanix cluster?

- A. Network Segmentation
- B. Prism Central
- **C. Data Services IP**
- D. Nutanix Objects

Answer: C

NEW QUESTION # 71

.....

If you are preparing for the exam in order to get the related certification, here comes a piece of good news for you. The NCA-6.10 guide torrent is compiled by our company now has been praised as the secret weapon for candidates who want to pass the NCA-6.10 exam as well as getting the related certification, so you are so lucky to click into this website where you can get your secret weapon. Our reputation for compiling the best NCA-6.10 Training Materials has created a sound base for our future business. We are clearly focused on the international high-end market, thereby committing our resources to the specific product requirements of this key market sector. There are so many advantages of our NCA-6.10 exam torrent, and now, I would like to introduce some details about our NCA-6.10 guide torrent for your reference.
