New 1Z0-1042-25 Study Plan & Reliable Study 1Z0-1042-25 Questions

What's more, part of that DumpsQuestion 1Z0-1042-25 dumps now are free: https://drive.google.com/open?id=1mWSK9sKQccfEa7MpzqGeIUsPyLIew9PH

Our 1Z0-1042-25 prep torrent will provide customers with three versions: PDF, soft and APP versions, each of them has its own advantages. Now I am going to introduce you the PDF version of 1Z0-1042-25 test braindumps. It is well known to us that the PDF version is very convenient and practical. The PDF version of our 1Z0-1042-25 Test Braindumps provide demo for customers. At the same time, if you use the PDF version, you can print our 1Z0-1042-25 exam torrent by the PDF version; it will be very easy for you to take notes. I believe our 1Z0-1042-25 test braindumps will bring you great convenience.

In order to meet a wide range of tastes, our company has developed the three versions of the 1Z0-1042-25 preparation questions, which includes PDF version, online test engine and windows software. According to your own budget and choice, you can choose the most suitable one for you. And if you don't know which one to buy, you can free download the demos of the 1Z0-1042-25 Study Materials to check it out. The demos of the 1Z0-1042-25 exam questions are a small part of the real exam questions.

2025 New 1Z0-1042-25 Study Plan | Reliable Oracle Cloud Infrastructure 2025 Application Integration Professional 100% Free Reliable Study Questions

Mock tests are outstandingly worked for you to make heads or tails of your goofs while giving 1Z0-1042-25 Exam. Oracle 1Z0-1042-25 gives practice material that is as per the legitimate Oracle 1Z0-1042-25 exam. A free demo is other than open to test the parts prior to buying the entire thing for the 1Z0-1042-25 Exam. You can pass Oracle 1Z0-1042-25 certification on the off chance that you use Oracle 1Z0-1042-25 Dumps material.

Oracle 1Z0-1042-25 Exam Syllabus Topics:

Topic	Details
Topic 1	• Creating Orchestrated Integrations: This section tests the knowledge of Orchestration Developers and Business Process Analysts in managing orchestrated integrations within OIC. It includes using lookups, data mappers, and custom JavaScript libraries, configuring orchestration flow actions, implementing file handling options, and leveraging the fault-handling framework to manage errors effectively.
Topic 2	• Creating Scheduled Integrations: This domain measures the skills of Automation Engineers and Cloud Administrators in defining integration schedules and converting scheduled integrations to app-driven ones. It also includes using scheduled parameters to automate workflows efficiently.

Topic 3	• Using OIC Connections & Adapters: This section evaluates the expertise of Integration Developers and Solution Architects in creating and configuring OIC connections. It includes setting up trigger and invoke connections, understanding the role of the Connectivity Agent, and effectively using adapters to connect cloud and on-premises applications seamlessly.
Topic 4	• Getting Started with OIC Integrations: This section of the exam measures the skills of Integration Specialists and Cloud Engineers in understanding the foundational components of Oracle Integration Cloud (OIC). It covers key integration concepts, how integrations work, and web services fundamentals such as WSDL, SOAP, REST, and JSON. The focus is on building a strong understanding of OIC's integration capabilities.
Topic 5	• Testing, Monitoring, and Troubleshooting Integrations: This section assesses the abilities of Support Engineers and Integration Administrators in managing integration lifecycles. It includes activating and deactivating integrations, testing REST-triggered integrations, importing and exporting integrations, as well as monitoring and troubleshooting integration instances to ensure smooth operations.

Oracle Cloud Infrastructure 2025 Application Integration Professional Sample Questions (Q16-Q21):

NEW QUESTION # 16
Which of the following Service-Oriented Architecture Cloud Service (SOA CS) Components is NOT used to directly route a message to an endpoint?

- A. Oracle BPEL Process Manager
- B. Oracle Business Rules
- C. Oracle Mediator
- D. Oracle Service Bus

Answer: B

Explanation:
Oracle Business Rules is used to define and execute business rules, but it does not handle message routing directly, unlike Mediator, BPEL Process Manager, and Service Bus.

NEW QUESTION # 17
You can recover unsaved changes in an Oracle Integration Cloud (OIC) integration that crashes during design time because of a browser crash, loss of network connectivity, or a server going down. Which statement is NOT true about the unsaved changes feature in OIC?

- A. Changes made while working inside a data mapper cannot be recovered.
- B. A user with the ServiceAdministrator role can unlock an integration that has unsaved changes.
- C. A user with the ServiceAdministrator role can recover the unsaved changes.
- D. Changes made while editing a Connections page cannot be recovered.
- E. A backup copy is created after each complete task, therefore there is no time limit to logging back in and recovering the changes.

Answer: A

Explanation:
Comprehensive and Detailed Explanation:
OIC's unsaved changes feature safeguards design-time work against disruptions. Let's explore each option in detail:
Option A: A user with the ServiceAdministrator role can recover the unsaved changes.
True:The ServiceAdministrator role has elevated privileges, including recovering unsaved changes from a crashed session. For example, if a developer's browser crashes mid-flow, an admin can log in, access the integration, and restore the draft. This ensures continuity in team workflows.
Option B: A user with the ServiceAdministrator role can unlock an integration that has unsaved changes.
True:If an integration is locked due to a crash (e.g., user session terminates unexpectedly), a ServiceAdministrator can unlock it, allowing recovery or further editing. This is critical in scenarios where a developer leaves an integration in a locked state.

Option C: Changes made while editing a Connections page cannot be recovered.
True:OIC's recovery mechanism doesn't extend to the Connections page. Connection edits (e.g., updating credentials) are separate from integration flows and lack the same autosave granularity. If a crash occurs here, changes are lost, requiring re-entry.
Option D: Changes made while working inside a data mapper cannot be recovered.
False (Not True):Mapper changes (e.g., mapping fields between source and target)arerecoverable. OIC autosaves mapper edits as part of the integration draft. Forinstance, if you map "OrderID" to "PurchaseID" and the browser crashes, logging back in restores this work. This makes D the incorrect statement and the answer.
Option E: A backup copy is created after each complete task, therefore there is no time limit to logging back in and recovering the changes.
True:OIC creates backups after significant actions (e.g., adding an action, saving a map). There's no strict time limit for recovery, as drafts persist until overwritten or discarded, offering flexibility post-crash.
Why D is the answer:Mapper changes are integral to integration design and covered by OIC's autosave, unlike Connection edits (C). D's claim contradicts this capability.
Use Case Example:A developer mapping a complex payload in an ERP-to-CRM sync recovers their work after a network drop, proving mapper recovery works.

NEW QUESTION # 18

Oracle Integration (OIC) provides the File Server feature, which is an embedded SFTP server that enables organizations to focus on building integrations without the need to host and maintain a separate SFTP server.
Which statement is NOT valid concerning the OIC File Server feature?

- A. The OIC File Server is disabled by default in a newly provisioned OIC instance.
- B. To write files to the OIC File Server from an internal OIC integration flow, a File Server action must be used.
- C. Any external SFTP client can access File Server if an OIC administrator has configured specific folder access permissions for that client.
- D. Access to the OIC File Server Management REST APIs is limited to users that have been granted the ServiceAdministrator role.

Answer: B

Explanation:
Comprehensive and Detailed Explanation:
File Server:
B:False-File Adapter, not "File Server action," is used.

NEW QUESTION # 19

Which statement is valid regarding connection resources in Oracle Integration Cloud (OIC)?

- A. Each connection associated with a SaaS adapter type also requires a lookup component configuration.
- B. All connection configurations require the association of an active OIC Connectivity Agent group.
- C. Connection resources can be configured with either a Trigger role or an Invoke role, but not both.
- D. All connection resources must be associated with an adapter type regardless of role configuration.

Answer: D

Explanation:
Comprehensive and Detailed Explanation:
Connections in OIC:
C:True-all connections require an adapter type (e.g., REST, SOAP) to define interaction.
A:False-lookups are optional.
B:False-agents are only for on-premises access.

NEW QUESTION # 20

In Oracle Integration (OIC) you can notify users by email with hourly or daily reports about system status as well as service alerts.
Which is NOT an alert type that can be configured in thesenotification emails?

- A. One or more connectivity agents are unavailable.

- B. Certificates that are set to expire within seven days.
- C. The email quota has exceeded the threshold.
- D. Failed instances exceeding a specified percentage.

Answer: C

Explanation:
Comprehensive and Detailed Explanation:
Notifications:
C:False-not a standard alert.

NEW QUESTION # 21

......

Here, we provide you with 1Z0-1042-25 accurate questions & answers which will be occurred in the actual test. About explanations, the difficult issues will be along with detail explanations, so that you can easy to get the content of our Oracle 1Z0-1042-25 pdf vce and have a basic knowledge of the key points. Besides, you can choose the 1Z0-1042-25 Vce Format files for simulation test. It can help you enhance your memory and consolidate the knowledge, thus the successful pass is no longer a difficult thing.
