And you can find the comments and feedbacks on our website to see that how popular and excellent our CCSP study materials are.

How much the duration of time

The time span for the CCSP Exam is 03 hours. In these 03 hours, you have to answer all the asked questions.

ISC Certified Cloud Security Professional Sample Questions (Q83-Q88):

NEW QUESTION # 83

Which of the following is a commonly used tool for maintaining system configurations?

- A. Conductor
- **B. Puppet**
- C. Orchestrator
- D. Maestro

Answer: B

Explanation:

Puppet is a commonly used tool for maintaining system configurations based on policies, and done so from a centralized authority.

NEW QUESTION # 84

When data discovery is undertaken, three main approaches or strategies are commonly used to determine what the type of data, its format, and composition are for the purposes of classification.

Which of the following is NOT one of the three main approaches to data discovery?

- A. Metadata
- B. Labels
- **C. Hashing**
- D. Content analysis

Answer: C

Explanation:

Explanation

Hashing involves taking a block of data and, through the use of a one-way operation, producing a fixed-size value that can be used for comparison with other data. It is used primarily for protecting data and allowing for rapid comparison when matching data values such as passwords. Labels involve looking for header information or other categorizations of data to determine its type and possible classifications. Metadata involves looking at information attributes of the data, such as creator, application, type, and so on, in determining classification. Content analysis involves examining the actual data itself for its composition and classification level.

NEW QUESTION # 85

With an application hosted in a cloud environment, who could be the recipient of an eDiscovery order?

- A. The cloud provider
- B. Users
- C. The cloud customer
- **D. Both the cloud provider and cloud customer**

Answer: D

Explanation:

Explanation

Either the cloud customer or the cloud provider could receive an eDiscovery order, and in almost all circumstances they would need to work together to ensure compliance.

NEW QUESTION # 86

Which of the following is not one of the types of controls?

Response:

- A. Physical
- B. Administrative
- **C. Transitional**
- D. Technical

Answer: C

NEW QUESTION # 87
