Salesforce Certified Experience Cloud Consultant Sample Questions (Q42-Q47):

NEW QUESTION # 42
The system administrator at Cloud Kicks (CK) has deactivated their Experience Cloud site to do some maintenance and cleanup.
How should the administrator ensure that CK customers do NOT receive a welcome email when the site is once again active?

- A. Use the new Service Not Available (SNA) feature.
- B. Use Data Loader to remove all members' email addresses.
- C. Remove all profiles from the site's membership and add them again after the site is activated.
- D. Disable the Send welcome email checkbox for the site.

Answer: D

Explanation:

To ensure that customers do not receive a welcome email when the site is once again active, the administrator should disable the Send welcome email checkbox for the site. This will prevent the site from sending an email to existing members when the site is activated. The administrator can disable the Send welcome email checkbox in the Administration section of Experience Builder.

NEW QUESTION # 43

Universal Container (UC) has a business model that involves B2C as well B2B customers. A group of B2B customers has recently signed a contract with UC that would allow them to start working with the UC Support team in resolving low-severity B2C customer issues.

How should UC use Experience Cloud to accomplish this goal?

- A. Create a digital experience for B2C customers and B2B customers, and use the internal CRM app for employees.
- B. Create a single digital experience for B2C customers, B2B customers, and employees.
- C. Create a digital experience for B2B customers, a partner portal for B2B customers, and use the internal CRM org for employees.
- D. Create a digital experience for B2C customer and employees, and another one for B2B customers and employees.

Answer: B

NEW QUESTION # 44

Cloud Kicks (CK) wants potential customers to use self-registration to sign up and gain access to its new site.

CK uses Person Accounts for its customers.

How should the CK system administrator configure self-registration?

- A. Create a trigger on User to convert the Contact to a Person Account.
- B. Leave the Account field blank.
- C. Set the profile to the standard Person Account profile.
- D. Create a flow to convert the Contact to a Person Account.

Answer: B

Explanation:

To configure self-registration for customers who use Person Accounts, CK should leave the Account field blank. This will allow CK to create individual customers without associating them with an account. CK can use the standard self-registration configuration under Experience Workspace and select a profile or permission set that supports Person Accounts. CK can also customize the self-registration page and Apex handler to create Person Accounts for customers based on their information.

NEW QUESTION # 45

Cloud Kicks (CK) is using audience targeting to display pages and components to certain users based on their assigned audience. The New York City account contain multiple departments; all of which belong to that account. One of the page virtualization of the Home page of CK's Experience Cloud site a assigned to the New York City audience. CK also has a Rich Content Editor component within this Home page that is assigned inly to the Legal Department audience.

Who will be able to see the Rich Content Editor component?

- A. All Cloud Kicks Experience Cloud site members
- B. New York City audience members with the Legal Department sharing set
- C. All New York City audience members.
- D. Members that are part of both the New York City audience and the Legal Department audience

Answer: D

Explanation:

The members that will be able to see the Rich Content Editor component are those that are part of both the New York City audience and the Legal Department audience. Audience targeting is a feature that allows you to display pages and components to certain users based on their assigned audience. An audience is a group of users who share common attributes, such as profile, location, or language. When you assign an audience to a page or a component, only the users who belong to that audience can see it.

If you assign multiple audiences to a page or a component, only the users who belong to all of those audiences can see it.

NEW QUESTION # 46

Cloud Kicks (CK) advises its diverse set of clients on how to use Experience Cloud. With new regulations taking effect, many of CK's clients want an easy and cost effective way to set up a site and gather their customers' communication preferences.

Mow should CK help compile these preferences?

- A. Use the standard Preferences Chatbot to gather the preferences.
- B. Create a Lightning Bolt solution with a template and a login flow to gather the preferences.
- C. Create a Lightning Bolt solution that already includes all the preferences.
- D. Build a Service Console to gather the preferences.

Answer: B
