Microsoft Dynamics 365 Business Central Functional Consultant Sample Questions (Q177-Q182):

NEW QUESTION # 177

You configure a cloud-based printer in Dynamics 365 Business Central.

Purchase orders printed by users must automatically print to the cloud-based printer.

You need to create a setup record for the user, report, and printer combination.

On which page should you create the setup record?

- A. Printer Management
- B. Document Sending Profiles
- **C. Printer Selections**
- D. Report Layout Selection
- E. Report Selection - Purchase

Answer: C

Explanation:

In Dynamics 365 Business Central, to control which printer is used for specific reports/documents for specific users, you configure the Printer Selections page. This page allows you to set up combinations of User ID + Report ID + Printer Name, ensuring that when a report like a Purchase Order is printed, it automatically routes to the defined printer (in this case, a cloud-based printer).

* Printer Management is where printers themselves are registered and managed, not where you assign them to reports or users.

* Report Layout Selection is used to assign different layouts (Word, RDLC, Custom) to reports, not printers.

* Report Selection - Purchase is used to select which report IDs are used for purchase processes (e.g., PO, confirmation, receipt), but not to assign printers.

* Document Sending Profiles control how documents are sent to customers/vendors (email, print, electronic), but not user-specific printer assignments.

Thus, the correct configuration is done on Printer Selections.

NEW QUESTION # 178

You complete Payment Registration setup. The following options are enabled:

* Use this account as default

* Auto Fill Date received

You need to process a single full payment from a customer against the amounts due for two invoices by using customer payment registration.

What four actions should you perform in sequence? To answer, move the appropriate actions from the list of actions to the answer area and arrange them in the correct order.

Actions

In the Date Received field, enter the date when the payment was made

In the Amount Received field, enter amounts

Select the **Payment Made** option for lines that represent the second invoice

Select **Post Payments**

Open **Payment Registration**

Select the **Payment Made** option for lines that represent the first invoice

Select **Post As Lump Payment**

Answer Area

Answer:

Explanation:

Actions

In the Date Received field, enter the date when the payment was made

In the Amount Received field, enter amounts

Select the **Payment Made** option for lines that represent the second invoice

Select **Post Payments**

Open **Payment Registration**

Select the **Payment Made** option for lines that represent the first invoice

Select **Post As Lump Payment**

Answer Area

Open **Payment Registration**

Select the **Payment Made** option for lines that represent the first invoice

Select the **Payment Made** option for lines that represent the second invoice

Select **Post As Lump Payment**

Explanation:

Open Payment Registration

Select the **Payment Made** option for lines that represent the first invoice

Select the **Payment Made** option for lines that represent the second invoice

Select **Post As Lump Payment**
