NEW QUESTION # 108

A company uses Dynamics 365 Commerce to manage omnichannel operations.

An account manager needs to send reports to customers that contain information such as recent sales orders, customer information, and open quotations from the system.

Each account manager has a requirement to build and use their own report layouts that contain images, static text, and information unique to the customers.

The account managers do not have developer privileges.

The reports must be generated in their final format from Dynamics 365 Commerce.

You need to determine which technology the account managers can use to build their reports.

Which technology should you select?

- A. SQL Server Reporting Services reports
- B. Microsoft Word
- C. Power BI reports
- D. PDF

Answer: C

NEW QUESTION # 109
