EC-COUNCIL EC-Council Certified CISO (CCISO) Sample Questions (Q362-Q367):

NEW QUESTION # 362
How often should the Statements of Standards for Attestation Engagements-16 (SSAE16)/International Standard on Assurance Engagements 3402 (ISAE3402) report of your vendors be reviewed?

- A. Annually
- B. Semi-annually
- C. Quarterly
- D. Bi-annually

Answer: A

Explanation:

* SSAE16/ISAE3402 reports should be reviewed annually to evaluate vendor compliance with agreed- upon controls and identify any risks or gaps in their processes.
* Annual reviews align with standard auditing practices and vendor contract expectations.
Why Other Options Are Incorrect:
* A. Quarterly: This frequency is unnecessary unless specific risks require closer monitoring.
* B. Semi-annually: Twice a year reviews may be overkill for standard vendor operations.
* C. Bi-annually: The term "bi-annually" could mean either twice a year or every two years, leading to ambiguity and potential non-compliance.
EC-Council CISO Reference:Vendor management processes, including the annual review of attestation reports, are a key component of the CISO role.

NEW QUESTION # 363
What is the FIRST step in developing the vulnerability management program?

- A. Maintain and Monitor
- B. Organization Vulnerability
- C. Define Policy
- D. Baseline the Environment

Answer: D

NEW QUESTION # 364
Which of the following is the MAIN reason to follow a formal risk management process in an organization that hosts and uses privately identifiable information (PII) as part of their business models and processes?

- A. Need to transfer the risk associated with hosting PII data
- B. Fiduciary responsibility to safeguard credit card information
- C. Need to better understand the risk associated with using PII data
- D. Need to comply with breach disclosure laws

Answer: C

NEW QUESTION # 365
Which of the following is the MOST important reason to measure the effectiveness of an Information Security Management System (ISMS)?

- A. Better understand strengths and weaknesses of the program
- B. Better understand the threats and vulnerabilities affecting the environment
- C. Meet regulatory compliance requirements
- D. Meet legal requirements

Answer: A

Explanation:
Importance of Measuring ISMS Effectiveness:
* Provides insights into areas where the ISMS is strong and where improvements are needed.
* Helps organizations prioritize actions to enhance security posture.
Why This is Correct:
* Directly ties into continual improvement, a core principle of frameworks like ISO 27001.
Why Other Options Are Incorrect:
* A & D. Regulatory/Legal Requirements:Compliance is a byproduct, not the primary reason.
* B. Understanding Threats and Vulnerabilities: Part of risk assessment, not ISMS evaluation.
References:EC-Council emphasizes that ISMS measurements should focus on identifying strengths and weaknesses to drive continual improvement.

NEW QUESTION # 366

Involvement of senior management is MOST important in the development of:

- A. IT security policies.
- B. IT security implementation plans.
- C. IT security procedures.
- D. Standards and guidelines.

Answer: A

NEW QUESTION # 367

......
