FCP_FMG_AD-7.6 Latest Dumps Sheet, FCP_FMG_AD-7.6 Valid Vce

The FCP_FMG_AD-7.6 study guide to good meet user demand, will be a little bit of knowledge to separate memory, every day we have lots of fragments of time, such as waiting in line to take when you eat, or time in buses commute on the way by subway every day, but when you add them together will be surprised to find a day we can make use of the time is so much debris. We have three version of our FCP_FMG_AD-7.6 Exam Questions which can let you study at every condition so that you can make full use of your time. And you will get the FCP_FMG_AD-7.6 certification for sure.

Fortinet FCP - FortiManager 7.6 Administrator Sample Questions (Q26-Q31):

NEW QUESTION # 26

Company policy dictates that any time a change is made to a policy package on FortiManager an ADOM revision is created before the change installed, and that revision is held for a minimum of 90 days.

Over the past three months, each installed change has resulted in several unused policies and duplicate objects.

The FortiManager administrator plans to upgrade the FortiGate devices and then upgrade the FortiManager ADOM from version 7.4 to 7.6.

Which action can the administrator take to avoid slow ADOM upgrades?

- A. Export firewall policies to Excel, delete them on the ADOM. then reimport them after upgrading the ADOM.
- B. Check and repair the global configuration database before upgrading.
- C. Find unused firmware templates, then delete them before upgrading.
- D. Limit ADOM revisions before upgrading.

Answer: D

Explanation:

Limiting ADOM revisions reduces the number of stored historical configurations, which helps avoid performance degradation and slow ADOM upgrades caused by a large volume of revisions.

NEW QUESTION # 27

An administrator wants to configure and manage multiple objects in the FortiManager database and give access to other users who work in the same database.

To stay in control of the changes made to firewall policies by other team members, the administrator needs a setup where all modifications go through a central check before they can be installed.

How can the administrator create this setup?

- A. Enable workflow mode and the ADOM lock feature.
- B. Enable the prompt asking the administrator to accept firewall policies changes before saving.
- C. Enable device lock and the advanced mode feature in the ADOM.
- D. Enable the workspace (for all ADOMs) to control all changes made by any administrator.

Answer: A

Explanation:

Enabling workflow mode along with the ADOM lock feature ensures that all configuration changes go through a centralized review and approval process before installation, allowing controlled and coordinated management of firewall policies by multiple administrators.

NEW QUESTION # 28

Refer to the exhibit.

FortiManager—HQ-NGFW-1 install preview

FORTINET

An administrator assigned a new policy package to FortiGate HQ-NGFW-1. In the installation preview, they noticed some settings

they did not modify and are unsure about the changes.

Based on the exhibit, which two things will happen if they continue with the installation? (Choose two.)

- A. FortiGate HQ-NGFW-1 can contact the FortiManager acting as FortiGuard Distribution Server (FDS) to download FortiGuard updates.
- B. FortiGate HQ-NGFW-1 can use FortiManager firmware templates to upgrade firmware and ratings.
- C. FortiManager will install the CA certificate named root_CA3 to authenticate FortiGate-to-FortiManager communication protocol (FGFM) tunnel connections with FortiGate HQ- NGFW-1.
- D. FortiGate HQ-NGFW-1 will use the root_CA3 certificate in firewall address objects or policies.

Answer: A,C

Explanation:

The configuration includes a server-list with server-type set to "update rating," which enables FortiGate HQ- NGFW-1 to contact FortiManager as a FortiGuard Distribution Server (FDS) for FortiGuard updates.

The installation includes a root_CA3 certificate, which FortiManager will install on FortiGate HQ-NGFW-1 to authenticate FGFM tunnel connections between the devices.

NEW QUESTION # 29

Which two items does an FGFM keepalive message include? (Choose two.)

- A. FortiGate license information
- B. FortiGate uptime
- C. FortiGate IPS version
- D. FortiGate configuration checksum

Answer: C,D

Explanation:

Keepalive messages, including the configuration checksums, are sent from FortiGate at configured intervals.

The messages also show the intrusion prevention system (IPS) version of the FortiGate device.

NEW QUESTION # 30

Refer to the exhibits.

Device Revision Diff wizard

FORTINET

Device Revision Diff

Revision ID: 11		Revision ID: 9

CLI output

```
FortiManager # diagnose dvm device list
--- There are currently 6 devices/vdoms managed ---
--- There are currently 6 devices/vdoms count for license ---

TYPE          OID      SN              HA      IP          NAME          ADOM      IPS          FIRMWARE      HW_GenX
fmgfaz-managed 188      FGVH02TM24013504 -      100.65.1.111 BR1-FGT-1     My_ADOM   7.0 MR6 (3401) N/A
|- STATUS: dev-db: not modified; conf: in sync; cond: OK; dnr: installed; conn: up; template:[installed]default
|- vdom:[3]root flags:0 adom:My_ADOM pkg:[unknown]BR1-FGT-1
```

An administrator needed to recover all the configurations related to the user, Support. The configurations were saved in configuration revision ID 9.

The administrator reverted the configuration using the Configuration Revision History window and received the CLI output shown in the exhibit.

What can you conclude from the CLI output?

- A. The administrator installed only the device-level configuration.
- B. The administrator reinstalled the policy package.
- C. The administrator set the flag to 0 to prevent configuration overrides.
- **D. The administrator needs to retrieve the device to correctly detect the FortiGate firmware version.**

Answer: D

Explanation:

The CLI output shows the status "dev-db: not modified; conf: in sync; cond: OK; dnr: installed," but the firmware version for the device is listed as "[unknown]." This indicates that FortiManager has not properly detected the FortiGate firmware version, likely because the device needs to be retrieved to update its information.

NEW QUESTION # 31

.....

The content of our three versions of FCP_FMG_AD-7.6 exam questions is the absolute same, just in different ways to use. Therefore, you do not worry about that you get false information of FCP_FMG_AD-7.6 guide materials. According to personal preference and budget choice, choosing the right goods to join the shopping cart. The 3 formats of FCP_FMG_AD-7.6 Study Materials are PDF, Software/PC, and APP/Online. Each format has distinct strength and advantages to help you pass the exam.

FCP_FMG_AD-7.6 Latest Dumps Sheet: https://www.test4engine.com/FCP_FMG_AD-7.6_exam-latest-braindumps.html

As you if you have more time at home, you can use the Software version of FCP_FMG_AD-7.6 exam materials, I want to know how the Fortinet FCP_FMG_AD-7.6 Latest Dumps Sheet practice exams are like These Fortinet FCP_FMG_AD-7.6 Latest Dumps Sheet practice exams are the real deal, Fortinet Test FCP_FMG_AD-7.6 Sample Questions All small buttons are designed to be easy to understand, Just have a try on our FCP_FMG_AD-7.6 learning prep!

The symptoms of sarcoidosis vary according FCP_FMG_AD-7.6 to the system involved, Also, a wide variety of personal services have been productized and/or digitized, which has reduced their Latest FCP_FMG_AD-7.6 Braindumps cost and made them in reach of middle class consumers and even low income consumers.

Superb FCP_FMG_AD-7.6 Exam Materials: FCP - FortiManager 7.6 Administrator Donate You the Most Popular Training Dumps - Test4Engine
