So it is very necessary for you to try your best to get the CMMC-CCP certification in a short time. If you are determined to get the certification, our CMMC-CCP question torrent is willing to give you a hand; because the CMMC-CCP study materials from our company will be the best study tool for you to get the certification. Now I am going to introduce our CMMC-CCP Exam Question to you in detail, please read our introduction carefully, we can make sure that you will benefit a lot from it. If you are interest in our CMMC-CCP exam material, you can buy it right now.

Cyber AB CMMC-CCP Exam Syllabus Topics:

Topic	Details
Topic 1	• CMMC Ecosystem: This section of the exam measures the skills of consultants and compliance professionals and focuses on the different roles and responsibilities across the CMMC ecosystem. Candidates must understand the functions of entities such as the Department of Defense, CMMC-AB, Organizations Seeking Certification, Registered Practitioners, and Certified CMMC Professionals, as well as how the ecosystem supports cybersecurity standards and certification.
Topic 2	• CMMC Governance and Source Documents: This section of the exam measures the capabilities of legal or compliance advisors, covering key regulatory frameworks that govern cybersecurity compliance. Topics include Federal Contract Information, Controlled Unclassified Information, the role of NIST SP 800-171, DFARS, FAR, and the structure and requirements of CMMC v2.0, including self-assessments and certification levels.
Topic 3	• CMMC Model Construct and Implementation Evaluation: This section of the exam measures the evaluative skills of cybersecurity assessors, focusing on the application and assessment of the CMMC model. It includes understanding its levels, domains, practices, and implementation criteria, and how to assess whether organizations meet the required cybersecurity practices using evidence-based evaluation.
Topic 4	• Scoping: This section of the exam measures the analytical skills of cybersecurity practitioners, highlighting their ability to properly define assessment scope. Candidates must demonstrate knowledge of identifying and classifying Controlled Unclassified Information (CUI) assets, recognizing the difference between in-scope, out-of-scope, and specialized assets, and applying logical and physical separation techniques to determine accurate scoping for assessments

Topic 5	• CMMC-AB Code of Professional Conduct (Ethics): This section of the exam measures the integrity of cybersecurity professionals by evaluating their understanding of the CMMC-AB Code of Professional Conduct. It emphasizes ethical responsibilities, including confidentiality, objectivity, professionalism, conflict-of-interest avoidance, and respect for intellectual property, ensuring candidates can uphold ethical standards throughout their CMMC-related duties.

Exam CMMC-CCP Bible, Valid CMMC-CCP Cram Materials

Dear candidates, pass your test with our accurate & updated CMMC-CCP training tools. As we all know, the well preparation will play an important effect in the CMMC-CCP actual test. Now, take our CMMC-CCP as your study material, and prepare with careful, then you will pass successful. If you really want to choose our Cyber AB CMMC-CCP PDF torrents, we will give you the reasonable price and some discounts are available. What's more, you will enjoy one year free update after purchase of CMMC-CCP practice cram.

Cyber AB Certified CMMC Professional (CCP) Exam Sample Questions (Q90-Q95):

NEW QUESTION # 90

Recording evidence as adequate is defined as the criteria needed to:

- A. determine if a given artifact, interview response, demonstration, or test meets the CMMC scope.
- **B. determine if a given artifact, interview response, demonstration, or test meets the CMMC practice.**
- C. verify, based on an assessment and organizational practice.
- D. verify, based on an assessment and organizational scope.

Answer: B

Explanation:

Understanding "Adequate Evidence" in the CMMC Assessment Process
In a CMMC assessment, adequate evidence refers to the proof required to demonstrate that a specific cybersecurity practice has been implemented correctly. Evidence can come from:

- * Artifacts (e.g., security policies, system configurations, logs).
- * Interview responses (e.g., verbal confirmation from personnel about their responsibilities).
- * Demonstrations (e.g., showing how a security control is implemented in real time).
- * Testing (e.g., verifying technical security mechanisms such as multi-factor authentication).

The goal of evidence collection is to determine whether a CMMC practice is met—not just whether the organization operates within the assessment scope.

- * A. Verify, based on an assessment and organizational scope # Incorrect
- * The assessment scope defines what is evaluated, but adequacy of evidence is based on compliance with specific CMMC practices.
- * B. Verify, based on an assessment and organizational practice # Incorrect
- * CMMC assessments focus on cybersecurity practices defined in the CMMC framework, not just general organizational practices.
- * C. Determine if a given artifact, interview response, demonstration, or test meets the CMMC scope # Incorrect
- * The scope defines the assessment boundaries, but the assessment team's job is to confirm whether CMMC practices are satisfied.
- * D. Determine if a given artifact, interview response, demonstration, or test meets the CMMC practice # Correct
- * The CMMC assessment process focuses on ensuring that required practices are implemented, making this the correct answer.

Why is the Correct Answer "Determine if a given artifact, interview response, demonstration, or test meets the CMMC practice" (D)?

- * CMMC Assessment Process (CAP) Document
- * Defines "adequate evidence" as proof that a CMMC practice has been correctly implemented.
- * CMMC 2.0 Assessment Criteria
- * Specifies that evidence must be evaluated against specific cybersecurity practices.
- * NIST SP 800-171A (Assessment Procedures for NIST SP 800-171)
- * Provides guidance on evaluating artifacts, interviews, demonstrations, and testing to confirm compliance with required practices.

CMMC 2.0 References Supporting this Answer:

Final Answer: #D. Determine if a given artifact, interview response, demonstration, or test meets the CMMC practice.

NEW QUESTION # 91

After completing a Level 2 Assessment, a C3PAO is preparing to upload the Assessment Results Package to Enterprise Mission Assurance Support Service. Which document MUST be included as part of the final assessment results package?

- A. All Daily Checkpoint logs
- B. Certification rating
- **C. Final Report**
- D. Summary-level findings

Answer: C

NEW QUESTION # 92

What is objectivity as it applies to activities with the CMMC-AB?

- A. Ensuring full disclosure
- **B. Avoiding the appearance of or actual, conflicts of interest**
- C. Reporting results of CMMC services completely
- D. Demonstrating integrity in the use of materials as described in policy

Answer: B

Explanation:

Understanding Objectivity in CMMC-AB Activities
Objectivity in CMMC-AB activities refers to the requirement that assessors and C3PAOs remain impartial, unbiased, and free from conflicts of interest while conducting assessments and providing CMMC-related services.

Key Aspects of Objectivity in CMMC Assessments:
#No conflicts of interest-Assessors must not assess organizations they have financial, professional, or personal ties to.

#Unbiased reporting-Findings must be based solely on evidence, with no external influence.

#Avoiding even the appearance of a conflict-If there is any perception of bias, it must be addressed.

* A. Ensuring full disclosure # Incorrect

* Full disclosure is important but does not define objectivity. Objectivity means remaining neutral and free from conflicts.

* B. Reporting results of CMMC services completely # Incorrect

* While accurate reporting is required, objectivity focuses on impartiality, not just completeness.

* C. Avoiding the appearance of or actual, conflicts of interest # Correct

* Objectivity in CMMC-AB activities is primarily about preventing bias and ensuring fair assessments.

* Avoiding conflicts of interest ensures that assessments are credible and trustworthy.

* D. Demonstrating integrity in the use of materials as described in policy # Incorrect

* Integrity is important, but objectivity is specifically about avoiding bias and conflicts of interest.

Why is the Correct Answer "C. Avoiding the appearance of or actual, conflicts of interest"?

* CMMC-AB Code of Professional Conduct

* Requires assessors and C3PAOs to avoid conflicts of interest and maintain impartiality.

* CMMC Assessment Process (CAP) Document

* Emphasizes that assessments must be free from external influence and conflicts of interest.

* ISO/IEC 17020 Requirements for Inspection Bodies

* Defines objectivity as avoiding conflicts of interest in the assessment process.

CMMC 2.0 References Supporting This answer:

NEW QUESTION # 93

During a CMMC readiness review, the OSC proposes that an associated enclave should not be applicable in the scope. Who is responsible for verifying this request?

- A. C3PAO
- B. Advisory Board
- **C. Lead Assessor**
- D. CCP

Answer: C

Explanation:

During a CMMC readiness review, an Organization Seeking Certification (OSC) may argue that a specific enclave (network segment or system) is out of scope for assessment. The Lead Assessor is responsible for verifying and approving this request.

Certified CMMC Professional (CCP)

A CCP supports OSCs in preparing for assessments but does not make final scope determinations.

Certified Third-Party Assessment Organization (C3PAO)

The C3PAO oversees the assessment but does not personally verify scope exclusions—that falls under the Lead Assessor's role.

Lead Assessor (Correct Answer)

The Lead Assessor has the authority to determine if an enclave is out of scope based on OSC-provided evidence.

The Lead Assessor follows CMMC Assessment Process (CAP) guidelines to ensure proper scoping.

Advisory Board

The CMMC-AB (Advisory Board) does not make scope determinations. It focuses on program oversight and certification processes.

CMMC Assessment Process (CAP) v1.0

The Lead Assessor is responsible for confirming the assessment scope and determining enclave applicability.

CMMC Scoping Guidance for Level 2 Assessments

Requires the Lead Assessor to review and approve any enclave exclusions before finalizing the assessment scope.

Roles and Responsibilities in CMMC Assessments: Official References Supporting the Correct Answer Conclusion: The Lead Assessor is the correct answer because they have the authority to verify scope determinations during the assessment.

#Correct Answer C. Lead Assessor

NEW QUESTION # 94

A C3PAO is near completion of a Level 2 Assessment for an OSC. The CMMC Findings Brief and CMMC Assessment Results documents have been developed. The Final Recommended Assessment Results are being generated. When generating these results, what MUST be included?

- A. Fully executed CMMC Assessment contract between the C3PAO and the OSC
- B. Recorded and final updated Daily Checkpoint
- C. Review documentation for the CMMC Quality Assurance Professional (CQAP)
- D. An updated Assessment Plan

Answer: A

NEW QUESTION # 95
