Maryland Insurance Administration Maryland Accident and Health or Sickness Producer Series 20-24 Exam Sample Questions (Q51-Q56):

NEW QUESTION # 51

An elimination period in a disability income insurance policy is the:

- A. Time period the policy is in force
- **B. Period between the start of a disability and the beginning of benefits**
- C. Time during which benefits are paid under the policy
- D. Same as the probationary period

Answer: B

Explanation:

The elimination period (Insurance Article, § 15-201) is the waiting time (e.g., 90 days) before disability benefits begin, distinct from the benefit period (payment duration), probationary period (pre-coverage wait), or policy term.

References: Maryland Insurance Article, § 15-201; MIA disability insurance rules.

NEW QUESTION # 52

Which one of the following causes of death typically would be included under an accidental death rider attached to a life insurance policy?

- A. War or acts of war
- B. Illness or disease
- **C. Automobile accidents resulting from the insured's negligence**
- D. Intentionally self-inflicted injuries

Answer: C

Explanation:

Comprehensive and Detailed Step by Step Explanation: Accidental death riders provide additional benefits if the insured dies due to an unforeseen accident.

* Automobile accidents resulting from the insured's negligence (D): Covered because negligence in driving does not disqualify the event from being an accident. The death must be directly and solely caused by the accident.

* Intentionally self-inflicted injuries (A): Excluded as they are not accidental but intentional.

* Illness or disease (B): Excluded as accidental death benefits do not apply to natural causes.

* War or acts of war (C): Generally excluded under most policies as a specific clause addresses wartime risks.

NEW QUESTION # 53

Which statement describes the most likely federal income tax treatment of death benefits paid to the family of an insured under an accident and health insurance policy?

- A. Some benefits will usually be taxable
- B. All benefits will be taxable
- C. Taxation depends on the beneficiary's tax bracket
- **D. Benefits will not be taxable**

Answer: D

Explanation:

Death benefits from accident and health policies (e.g., accidental death, IRC § 101) are generally tax-free to beneficiaries. Partial or full taxation is rare unless tied to taxable settlements, and tax brackets don't determine this exemption.

References:IRC § 101; MIA tax treatment guidelines.

NEW QUESTION # 54

An insurance adviser's written contract with the client must include all of the following EXCEPT:

- A. Disclosure as to whether commissions may be received
- B. Amount of the fee
- C. Duration of the contract
- D. Expiration date of the consultant's license

Answer: D

Explanation:

Adviser contracts (Insurance Article, § 10-201) require fee amounts, contract duration, and commission disclosure for transparency. The consultant's license expiration is a regulatory detail, not a client contract requirement.

References:Maryland Insurance Article, § 10-201; MIA adviser rules.

NEW QUESTION # 55

When the employer pays the premium, covered individuals normally receive tax-free benefits under all of the following group health plans EXCEPT:

- A. Dental
- B. Major medical
- C. Health maintenance organization
- D. Disability income

Answer: D

Explanation:

Federal tax rules (IRC § 105, § 106) make employer-paid medical benefits (major medical, dental, HMO) tax-free, but disability income benefits are taxable if employer-funded, as they replace income.

References:IRC § 105, § 106; Maryland Insurance Article, § 15-1201; MIA tax guidelines.
