SAP Certified Associate - Implementation Consultant - SAP SuccessFactors Onboarding Sample Questions (Q52-Q57):

NEW QUESTION #52

Why would you set permissions for each type of Offboarding task?

- A. To define who can complete both offboarding and onboarding tasks
- B. To define who completes each offboarding task
- C. To define who completes each offboarding program
- D. To define who completes each offboarding activity

Answer: B

Explanation:

Setting permissions for each type of Offboarding task ensures that the appropriate users (e.g., exiting employee, manager, HR) are assigned to complete specific tasks, maintaining process efficiency and compliance.

According to the SAP SuccessFactors Offboarding Configuration Guide:

* To define who completes each offboarding task(Option C): Permissions are configured inManage Permission Rolesto assign specific offboarding tasks (e.g., completing exit surveys, returning assets) to designated roles or users. This ensures that only authorized individuals can access and complete their assigned tasks.

Option A (offboarding activity) is incorrect because "activity" is a broader term, and permissions are set at the task level. Option B (offboarding program) is incorrect because permissions are task-specific, not program- wide. Option D (both offboarding and onboarding tasks) is incorrect because permissions are set separately for onboarding and offboarding tasks, not combined.

NEW QUESTION #53

Which of the following statements is an accurate behavior of the Onboarding system when a restart is triggered?

- · A. Data captured from the onboarding process can be retained after a manual or automatic process restart
- B. Data captured from the onboarding process will be replaced by data from Recruiting
- C. Data captured from the onboarding process can be retained after an automatic process restart
- D. Data captured from the onboarding process can be retained after a manual process restart

Answer: C

NEW QUESTION #54

Which role types are supported to electronically sign Onboarding documents? Note: There are 3 correct answers to this question.

- A. Matrix Manager
- B. HR Manager
- C. Second Manager
- D. Onboardee
- E. Future Manager

Answer: B,D,E

NEW QUESTION #55

Which processes and functionalities are available in SAP SuccessFactors Onboarding with integration to an external HRIS? Note: There are 2 correct answers to this question.

- A. Offboarding for terminating employees
- B. Onboarding for new hires
- C. Process restart for new hires
- D. Internal hire from transferring employees

Answer: B,D

NEW QUESTION #56

Which business rules do you have to configure for the Review New Hire Data and Personal Data Collection steps? Note: There are 2 correct answers to this question.

- A. SAP ONB2 ECDataCollectionCheck
- B. SAP ONB2 PreDay1AccessCheck
- C. SAP ONB2 HMReviewCheck
- D. SAP ONB2 DataCollectionConfigSelect

Answer: A,C

Explanation:

Business rules in SAP SuccessFactors Onboarding are essential for automating and validating processes like theReview New Hire DataandPersonal Data Collectionsteps. These rules ensure that data is collected correctly and reviewed by the appropriate users. According to the SAP SuccessFactors Onboarding Implementation Guide:

- * SAP_ONB2_ECDataCollectionCheck(Option B): This rule is configured inConfigure Business Rules to validate data collected during the Personal Data Collection step, ensuring it meets Employee Central requirements (e.g., mandatory fields are completed).
- * SAP_ONB2_HMReviewCheck(Option D): This rule assigns the Review New Hire Datastep to the hiring manager and ensures that the collected data is reviewed for accuracy before proceeding in the onboarding process.

Option A (SAP_ONB2_DataCollectionConfigSelect) is incorrect because it is not a standard rule for these steps; it does not exist in the system. Option C (SAP_ONB2_PreDay1AccessCheck) is incorrect because it controls access before the start date, not data collection or review.

NEW QUESTION #57

....

With the SAP C-THR97-2411 Certification Exam, you can demonstrate your skills and upgrade your knowledge. The SAP C-THR97-2411 certification exam will provide you with many personal and professional benefits such as more career opportunities, updated and in demands expertise, an increase in salary, instant promotion, and recognition of skills across the world.
