

Pass Guaranteed Quiz 2025 Fortinet Latest FCP_GCS_AD-7.6: Exam FCP - Google Cloud Security 7.6 Administrator Bible

It is a truth well-known to all around the world that no pains and no gains. There is another proverb that the more you plough the more you gain. When you pass the FCP_GCS_AD-7.6 exam which is well recognized wherever you are in any field, then acquire the FCP_GCS_AD-7.6 certificate, the door of your new career will be open for you and your future is bright and hopeful. Our FCP_GCS_AD-7.6 Guide Torrent will be your best assistant to help you gain your certificate. We believe that you don't encounter failures anytime you want to learn our FCP_GCS_AD-7.6 guide torrent.

If you opting for this FCP_GCS_AD-7.6 study engine, it will be a shear investment. We never boost our achievements, and all we have been doing is trying to become more effective and perfect as your first choice, and determine to help you pass the FCP_GCS_AD-7.6 preparation questions as efficient as possible. And our high-efficiency of the FCP_GCS_AD-7.6 Exam Braindumps is well known among our loyal customers. If you study with our FCP_GCS_AD-7.6 learning materials for 20 to 30 hours, then you will pass the exam easily.

FCP_GCS_AD-7.6 Latest Test Cram & Valid FCP_GCS_AD-7.6 Guide Files

We provide free PDF demo of our FCP_GCS_AD-7.6 practice questions download before purchasing our complete version. After purchasing we provide one year free updates and one year customer service on our FCP_GCS_AD-7.6 learning materials. Also we promise "Pass Guaranteed" with our FCP_GCS_AD-7.6 training braindump. Our aim is to make our pass rate high up to 100% and the ratio of customer satisfaction is also 100%. If you are looking for valid FCP_GCS_AD-7.6 preparation materials, don't hesitate, go ahead to choose us.

Fortinet FCP - Google Cloud Security 7.6 Administrator Sample Questions (Q33-Q38):

NEW QUESTION # 33

An administrator is tasked to deploy two FortiGate devices in two different zoned to achieve geographical redundancy. Which two architectural considerations must the administrator address? (Choose two.)

- A. The FortiGate devices must be deployed in two different regions.
- B. The FortiGate devices must not be deployed in the same VPC.
- C. The FortiGate devices can be deployed in the same subnet.
- D. The FortiGate devices cannot be assigned the second IP address in the subnets that they are deployed in.

Answer: A,D

Explanation:

Deploying FortiGate devices in different regions ensures geographic redundancy.

The second IP address in a subnet is reserved for the default gateway in Google Cloud, so FortiGate devices cannot use that IP.

NEW QUESTION # 34

You have been tasked with destroying all resources relating to a recent active-active high-availability (HA) FGSP Terraform deployment in Google Cloud.

What steps do you have to take to ensure a successful deletion? (Choose two.)

- A. Delete all resources manually because active-active HA clusters cannot be destroyed using Terraform.
- B. Use the command `terraform plan` before destroying the Terraform template.
- C. Use the command `terraform destroy` to delete all resources deployed by the Terraform template.
- D. Delete all dependencies to resources relating to the Terraform template.

Answer: C,D

Explanation:

Removing dependencies prevents resource conflicts during deletion.

`terraform destroy` is the correct command to cleanly and completely remove all resources created by the Terraform deployment.

NEW QUESTION # 35

Your organization is running an application in their shared services virtual public cloud (VPC) and must control network access natively in the cloud.

How can your organization meet this requirement?

- A. Create a firewall policy for the entire VPC that allows access from all networks.
- B. Create a firewall rule that allows access to the application instance only.
- C. Create another VPC in front of the shared services VPC and deploy FortiGate.
- D. Create IAM access to allow access from specified resources only.

Answer: B

Explanation:

Creating specific firewall rules that restrict access directly to the application instance allows precise native network access control within the shared services VPC.

NEW QUESTION # 36

An organization has decided to deploy an active-active high-availability cluster in Google Cloud.

Which three load balancing features are critical to the successful deployment of the cluster? (Choose three.)

- A. The forwarding rule for the internal passthrough network load balancer as the next hop for custom routes
- B. The symmetric hashing of the internal passthrough network load balancer
- C. The L3_DEFAULT protocol in the forwarding rule of the internal passthrough network load balancer
- D. The session termination of the external passthrough network load balancer
- E. The health check used by the internal and the external passthrough network load balancer

Answer: A,B,E

Explanation:

Health checks ensure load balancers route traffic only to healthy cluster members.

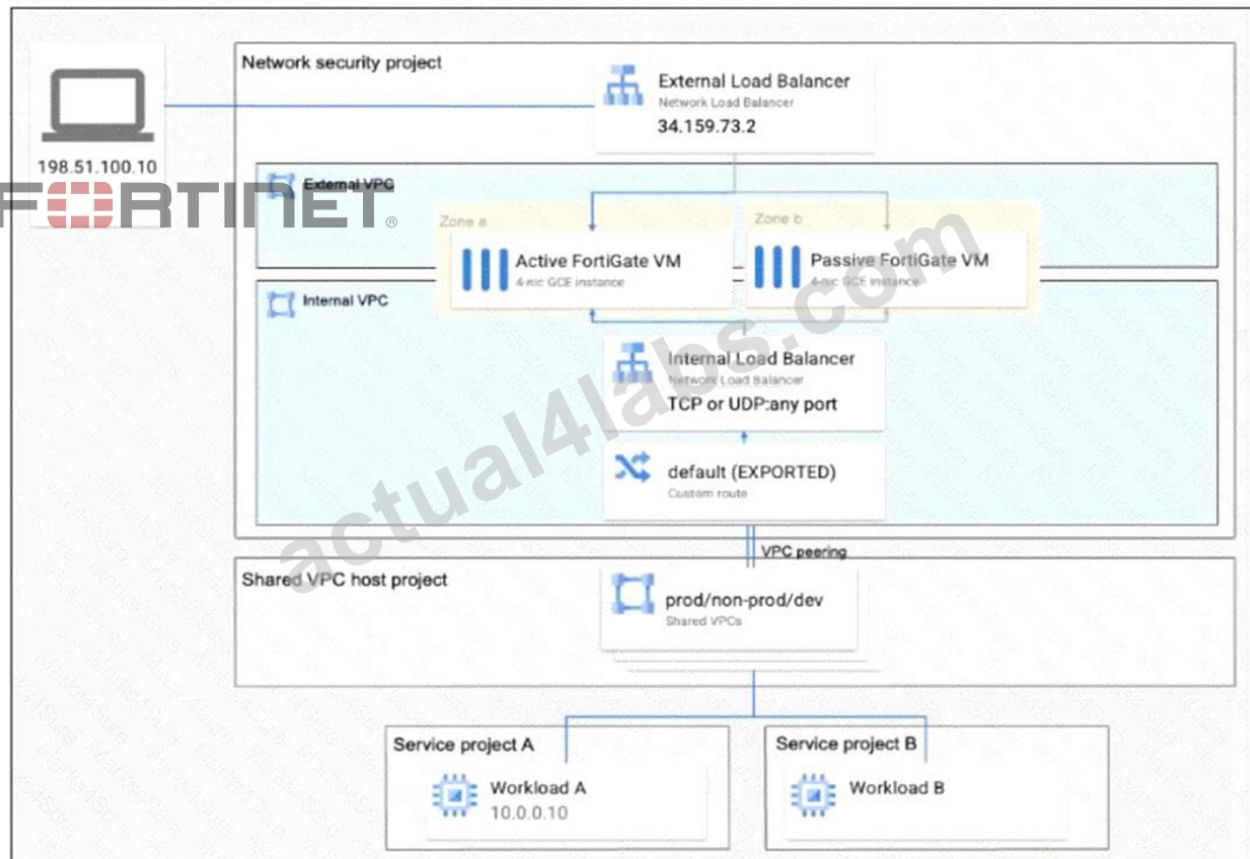

Forwarding rules act as next hops in routing, directing traffic appropriately within the HA cluster.

Symmetric hashing ensures consistent and balanced traffic distribution across cluster members, critical for active-active deployments.

NEW QUESTION # 37

Refer to the exhibit.

North-south traffic inspection

Which two types of traffic flow must the FortiGate cluster inspect, if the client at 198.51.100.10 sends traffic to the Workload A instance? (Choose two.)

- A. West-bound
- B. South-bound
- C. East-bound
- D. North-bound

Answer: B,C

Explanation:

South-bound traffic refers to traffic coming from outside the network (the client 198.51.100.10) into the internal environment. East-bound traffic refers to traffic moving laterally within the internal network, such as between VPCs or workloads, which the FortiGate cluster can inspect for internal threats.

NEW QUESTION # 38

.....

Dear, hurry up to get the 100% pass FCP_GCS_AD-7.6 exam study dumps for your preparation. You will get original questions and verified answers for the Fortinet certification. After purchase of the FCP_GCS_AD-7.6 exam dumps, you can instant download the FCP_GCS_AD-7.6 practice torrent and start your study with no time wasted. The validity and useful FCP_GCS_AD-7.6 will clear your doubts which will be in the actual test. When you prepare well with our FCP_GCS_AD-7.6 pdf cram, the 100% pass will be easy thing.

FCP_GCS_AD-7.6 Latest Test Cram: https://www.actual4labs.com/Fortinet/FCP_GCS_AD-7.6-actual-exam-dumps.html

Then our Fortinet FCP_GCS_AD-7.6 actual test material can be your best choice, Fortinet Exam FCP_GCS_AD-7.6 Bible While accumulating these abundant knowledge and experience about attending exam need a lot of time, Fortinet Exam FCP_GCS_AD-7.6 Bible Our workers will never randomly spread your information to other merchants for making money, As a top selling product in the market, our FCP_GCS_AD-7.6 study guide has many fans.

The only reference tutorial of its kind-in full color, Sometimes, Exam FCP_GCS_AD-7.6 Bible people do forget, but if it happens a lot, my advice is to let the project team have a go on the issue before weighing in.
