The EXIN PR2F (PRINCE2 Foundation written) Exam is designed to evaluate the basic knowledge and understanding of the PRINCE2 project management methodology. PRINCE2, which stands for PRojects IN Controlled Environments, is a widely used framework for project management that provides a structured approach for delivering projects on time, within budget, and with the desired quality. The PRINCE2 methodology is widely recognized as one of the most effective project management frameworks, and the PR2F Exam is a valuable certification for professionals seeking to advance their career in the field of project management.

PRINCE2 (PRojects IN Controlled Environments) framework is widely used in the UK and other countries to manage projects effectively. The PR2F certification exam assesses a candidate's knowledge in key areas such as project management processes, principles, themes, and governance. In addition, the certification also emphasizes the importance of tailoring the PRINCE2 framework to specific project environments. The PR2F certification provides a strong foundation for professionals seeking to understand project management best practices and move up the career ladder.

PRINCE2 7 Foundation written Exam Sample Questions (Q116-Q121):

NEW QUESTION # 116

During the Managing a Stage Boundary process what product is updated with estimated costs and time for the stage that is about to begin?

- A. Work Package
- B. End Stage Report
- C. Team Plan

- **D. Project Plan**

Answer: D

Explanation:

During the Managing a Stage Boundary process, the Project Plan is updated with the latest estimated costs and time for the upcoming stage. This ensures that the Project Plan reflects current expectations and planning realities as the project progresses.

NEW QUESTION # 117

Which is a purpose of the 'directing a project' process?

- A. To do the minimum in order to decide whether the project is feasible
- B. To update the project plan before the next stage
- **C. To exercise overall control over the project**
- D. To take corrective action to control risks and issues

Answer: C

Explanation:

The purpose of the 'Directing a Project' process in PRINCE2 is for the project board to exercise overall control over the project while delegating day-to-day management of the project stages to the Project Manager. This process includes decision-making on project initiation and continuation, as well as providing overall guidance on policy and standards. NEW QUESTION # 119

What process aims to ensure accurate progress information is provided to the Project Manager?

- A. Starting up a Project
- **B. Managing Product Delivery**
- C. Managing a Stage Boundary
- D. Directing a Project

Answer: B

Explanation:

The process that aims to ensure accurate progress information is provided to the Project Manager is Managing Product Delivery. This process is essential for maintaining accurate communication about the status of the work being done, enabling the Project Manager to effectively monitor and control project progress. These responses are crafted based on the latest PRINCE2 Foundation guidelines and documentation, ensuring accuracy and compliance with the standards set by the PRINCE2 methodology.

NEW QUESTION # 120

Which process is used by the project board to respond to an exception report?

- A. Controlling a stage
- B. Managing a stage boundary
- C. Managing product delivery
- D. Directing a project

Answer: D

Explanation:

The "Directing a Project" process is used by the project board to respond to an exception report. This process involves the project board making decisions on how to proceed when project tolerances are forecasted to be exceeded, which are typically communicated through an exception report.
