3V0-32.23 Reliable Study Guide, Latest 3V0-32.23 Real Test

Passing the exam just one time is a good wish of every candidate. If you choose us, we can help you pass your exam in your first attempt. 3V0-32.23 exam braindumps are high quality, and you can improve your efficiency during the preparation. Furthermore, 3V0-32.23 exam dumps are cover most of the knowledge points for the exam, you can have a good command of the knowledge points during practicing. We have online and offline service for 3V0-32.23 Exam Materials, if you any questions bother you, you can

just have a conversation with us or you can clarify the problem through email, and we will give you reply as quickly as we can.

VMware Cloud Management and Automation Advanced Design Sample Questions (Q65-Q70):

NEW QUESTION # 65

An architect is designing a private cloud solution for an organization and has been given the following information:

- The organization already has a VMware Workspace ONE Access 3.3.2 cluster with external MSSQL server for their existing virtualized desktop environment.
- Due to budget constraints, wherever possible, the architect needs to reuse the existing environment.

What should the architect recommend as an authentication solution for the private cloud? Note: VMware Identity Manager has been renamed as VMware Workspace ONE Access.

- **A. Import the existing Workspace ONE Access cluster in vRealize Suite Lifecycle Manager but do not reuse it for the authentication purposes.**
- B. The existing instance can be reused as authentication provider for the private cloud but maintained outside of vRealize Lifecycle Manager.
- C. Deploy a new instance of Workspace ONE Access cluster using vRealize Suite Lifecycle Manager and use it for authentication.
- D. Import the existing Workspace ONE Access cluster in vRealize Suite Lifecycle Manager and reuse it for the authentication purposes.

Answer: A

NEW QUESTION # 66

A company has recently completed an audit and has found that there are many virtual machines in their production environment which no longer appear to be in use. To prevent this from happening in the future, the company is deploying vRealize Automation and would like all provisioned VMs to meet the following requirements:

Virtual machines to have a default lease of 90 days but no more than 365 days Lease policy can be changed Upon initial lease expiration, the virtual machine should be kept for 10 days, after which they will be destroyed Which policy design will meet the technical requirements?

- A. Create a lease policy with the project scope, setting 90 days lease, 365 total lease, and grace period to 10 and a soft enforcement
- B. Create a lease policy with the organization scope, setting 90 days lease, 365 total lease, and grace period to 10 and a hard enforcement
- C. Create a lease policy with the organization scope, setting 90 days lease, 365 total lease, and grace period to 10 and a soft enforcement
- **D. Create a lease policy with the project scope, setting 90 days lease, 365 total lease, and grace period to 10 and a hard enforcement**

Answer: D

Explanation:

Defining the lease policy at the project scope allows different projects to have tailored policies. Setting a default lease of 90 days, a maximum of 365 days, and a 10-day grace period with hard enforcement ensures that expired VMs are automatically destroyed, preventing unused VMs from lingering.

NEW QUESTION # 67

An architect is designing a VMware Aria Cloud Management solution. During the requirements gathering workshop with the customer, the following comments were recorded:

Access to all cloud management tooling must be controlled and audited.

The solution must comply with the company's ISO 27001 compliance standard.

When creating the design documentation, which design quality should be used to classify the requirements?

- A. Performance
- **B. Security**
- C. Manageability

- D. Availability

Answer: B

Explanation:

Requirements related to access control, auditing, and compliance standards (such as ISO 27001) fall under the design quality of Security.

NEW QUESTION # 68

A company's vRealize Automation infrastructure is using replicated storage as well as local storage.

All production virtual machine deployments should be placed into the "Production" folder so that it is on replicated storage. For the company's development environment, all deployments should be placed in the "Development" VM folder so that it is on non-replicated storage.

Which setting should be configured for the production blueprint?

- A. VMware.VirtualCenter.Folder= Development
- B. VMware.VirtualCenter= Production
- C. VMware.VirtualCenter= Development
- D. VMware.VirtualCenter.Folder= Production

Answer: A

NEW QUESTION # 69

A customer is deploying vRealize Log Insight (vRLI) in their data centers.

The customer has the following:

- Three data centers in three geographical locations.
- Each site has 1000 logging sources that send events to vRLI.
- The customer has the following requirements:
- Minimize the resources footprint in the management cluster where vRLI will be deployed. vRLI must be highly available with no single points of failure.
- Logs collected from any data center must be protected against site failure.

Which three design decisions would the architect choose to achieve the requirements? (Choose three.)

- A. Configure logs forwarding from all data centers to a specific data center.
- B. Configure filters to forward critical logs to central vRLI cluster.
- C. Deploy nine vRLI "Medium" nodes in a single cluster in each data center.
- D. Configure filters to eliminate forwarding loops between vRLI clusters.
- E. Deploy four vRLI "Large" nodes in a single cluster in each data center.
- F. Configure logs forwarding from each data center to another one.

Answer: C,D,F

NEW QUESTION # 70

.....

By adding all important points into practice materials with attached services supporting your access of the newest and trendiest knowledge, our 3V0-32.23 preparation materials are quite suitable for you right now as long as you want to pass the 3V0-32.23 exam as soon as possible and with a 100% pass guarantee. Our 3V0-32.23 study questions are so popular that everyday there are numerous of our loyal customers wrote to inform and thank us that they passed their exams for our exam braindumps.
