Reliable WGU Information-Technology-Management Dumps - Information-Technology-Management Valid Test Prep

You plan to place an order for our WGU Information-Technology-Management test questions answers; you should have a credit card. Mostly we just support credit card. If you just have debit card, you should apply a credit card or you can ask other friend to help you pay for Information-Technology-Management Test Questions Answers.

WGU Information Technology Management QGC1 Sample Questions (Q123-Q128):

NEW QUESTION # 123
When should a product management team utilize a prototype?

- A. When testing various user interface designs for a new application
- B. When a preliminary model is needed to seek user feedback
- C. While creating a way to show how the various features in a new application will work together.
- D. While creating training on a new application for IT Technicians

Answer: B

Explanation:
* Purpose of Prototypes in Product Management:
* Prototypes provide a working model of the product to collect user feedback.
* This helps the product management team refine the application and address usability issues.
* Why Other Options Are Incorrect:
* Option A: Showing feature interaction is a secondary purpose but not the primary reason for using a prototype.
* Option C: Testing user interfaces may involve prototypes, but the main purpose is feedback collection.
* Option D: Prototypes are not typically used for creating training materials.

"Role of Prototyping in Product Development" - Product Management Institute Agile Prototyping Guidelines - Scrum Alliance

NEW QUESTION # 124
Which step involves validating a user's identity before allowing access to a system or resource?

- A. Accounting
- B. Authorization
- C. Authentication
- D. Confidentiality

Answer: C

Explanation:
Authentication is the process of validating a user's identity before granting access to a system or resource.
Examples include passwords, biometrics, and multifactor authentication.
Option A (Confidentiality): Ensures data is only accessible to authorized users, not the identity check itself.
Option B (Authorization): Occurs after authentication, determining what resources a verified user may access.
Option C (Accounting): Tracks user activity for auditing purposes.
Thus, the step that validates identity is Authentication.

NEW QUESTION # 125
Which three primary elements of information infrastructure support ongoing operations? Choose 3 answers.

- A. Augmentation plans
- B. Backup and recovery plans
- C. Business continuity plans
- D. Disaster recovery plans
- E. Authentication plans

Answer: B,C,D

NEW QUESTION # 126
Which two benefits does RFID tagging offer for supply chain management? Choose 2 answers.

- A. Automates the different activities of the supply chain
- B. Discards inconsistent, incorrect, or incomplete information
- C. Tracks a product's journey from manufacturing facility to store
- D. Serves as a unique product identifier

Answer: C,D

Explanation:
* RFID Tagging Benefits in Supply Chain Management:
* Unique Product Identifier:RFID tags provide a unique identifier for each product, enabling precise tracking and inventory management.
* Product Tracking:RFID tags allow continuous tracking of products throughout their journey in the supply chain, from manufacturing to delivery.
* Why Other Options Are Incorrect:
* Option A:While RFID can streamline certain activities, it does not automate the entire supply chain.
* Option D:RFID is not designed to discard incorrect or incomplete information but rather to provide accurate tracking.

* "Enhancing Supply Chain Visibility with RFID" - Gartner

NEW QUESTION # 127
Which statement describes the analysis phase of the systems development life cycle (SDLC)?

- A. Establishing a high-level strategy and goals for an intended project
- B. Physically constructing software and information systems using programming languages
- C. Establishing full descriptions of the desired features and operations of the system
- D. Identifying end-user business requirements and refining project goals into defined functions and operations

Answer: D

NEW QUESTION # 128
......

We guarantee that this study material will prove enough to prepare successfully for the Information-Technology-Management examination. If you prepare with our WGU Information Technology Management QGC1 Information-Technology-Management actual dumps, we ensure that you will become capable to crack the WGU Information-Technology-Management test within a few days. This has helped hundreds of WGU Information-Technology-Management Exam candidates. Applicants who have used our WGU Information-Technology-Management valid dumps are now certified. If you also want to pass the test on your first sitting, use our WGU Information-Technology-Management updated dumps.

WGU Reliable Information-Technology-Management Dumps will be 24 h online, ActualTestsQuiz is aware that many Information-Technology-Management exam applicants can't sit in front of a computer for many hours to study for the Information-Technology-Management examination, Reliable Information-Technology-Management Dumps is one of the fastest growing field in the WGU Reliable Information-Technology-Management Dumps, You can expect better life and position with Reliable Information-Technology-Management Dumps Certifications, Let us make our life easier by learning to choose the proper Information-Technology-Management test answers, pass the Information-Technology-Management exam, obtain the certification, and be the master of your own life, not its salve.
