Microsoft Power Platform Fundamentals Sample Questions (Q167-Q172):

NEW QUESTION # 167

A user is creating their first canvas app in Power Apps.

The user does not know what types of controls they can include.

You need to recommend solutions for the user.

Which types of controls would you recommend using in Power Apps? To answer, select the appropriate control in the dialog box in

the answer area.

NOTE: Each correct selection is worth one point.

Scenario

View the date, time, and location of upcoming internal meetings.

Create a meeting request from within the app.

Drill down into customer contact records in Dynamics 365 Sales to view a photo of a customer you are meeting.

Check the new flow for any errors or warnings.

Flow Checker

Run the flow using previously processed data.

Test

Monitor the flow as it is running.

Test

Box 1: Flow Checker

The Flow checker feature will promote higher quality flows by ensuring you follow best practices. By running the checker, you will be able to get answers to questions like: which areas of my flow implementation pose a performance or reliability risk?

For each issue identified, the Flow checker points to specific occurrences within the flow where improvements may be required.

And more importantly, you learn how to implement these improvements by following detailed guidance.
