The North American Board of Certified Energy Practitioners (NABCEP) is a non-profit organization that provides certification for professionals in the renewable energy industry. The PV Installation Professional (PVIP) Board Certification is one of the most prestigious certifications offered by NABCEP. It is designed for professionals who want to demonstrate their knowledge and skills in the design, installation, and maintenance of photovoltaic (PV) systems. PV Installation Professional (PVIP) Board Certification certification is recognized as the gold standard for PV installation professionals.

The PV Installation Professional Board Certification exam comprises both a computer-based knowledge exam and a hands-on, visual inspection and installation type exam. These exams assess an applicant's comprehension of fundamental PV principles, design concepts, as well as installation, commissioning, and troubleshooting of PV systems. The hands-on portion of the exam also assesses an applicant's ability to perform safe and correct installations and inspections of PV systems.
