

Preparation AVIXA CTS Store | Trustworthy CTS Dumps

P.S. Free & New CTS dumps are available on Google Drive shared by PDF4Test: https://drive.google.com/open?id=1Crhs52dAkRYGUwwVWYv_vvH01Lg9yjE6

PDF4Test informs you that the Certified Technology Specialist (CTS) questions regularly change the content of the Certified Technology Specialist real exam. Therefore, you must stay informed as per these changes to save time, money, and mental peace. As was already discussed, PDF4Test satisfies the needs of AVIXA CTS Exam candidates. The customer will receive updates of Certified Technology Specialist (CTS) real dumps for up to 365 days after buying the product.

Free demo is available for CTS exam bootcamp, so that you can have a deeper understanding of what you are going to buy. In addition, CTS exam dumps are high quality and accuracy, since we have professional technicians to examine the update every day. You can enjoy free update for 365 days after purchasing, and the update version for CTS Exam Dumps will be sent to your email automatically. In order to build up your confidence for the exam, we are pass guarantee and money back guarantee for CTS training materials, if you fail to pass the exam, we will give you full refund.

Top Preparation CTS Store Pass Certify | Professional Trustworthy CTS Dumps: Certified Technology Specialist

Since the childhood, we seem to have been studying and learning seems to take part in different kinds of the purpose of the test, at the same time, we always habitually use a person's score to evaluate his ability. And our CTS real study braindumps can help you get better and better reviews. This is a very intuitive standard, but sometimes it is not enough comprehensive, therefore, we need to know the importance of getting the test CTS Certification, qualification certificate for our future job and development is an important role. Only when we have enough qualifications to prove our ability can we defeat our opponents in the harsh reality. We believe our CTS actual question will help you pass the qualification examination and get your qualification certificate faster and more efficiently.

AVIXA Certified Technology Specialist Sample Questions (Q199-Q204):

NEW QUESTION # 199

Assuming that the speakers in the picture on the LEFT are 8 Q drivers, what is the impedance of the speaker system on the left?

- A. 4Q
- B. 16 Q
- **C. 2Q**
- D. 8Q

Answer: C

Explanation:

Assuming the speakers on the left are 8# drivers and they are connected in parallel, the total impedance Z_t can be calculated using the formula for parallel resistance:

$$Z_t = \frac{1}{\frac{1}{Z_1} + \frac{1}{Z_2}}$$

For two 8# speakers in parallel:

$$\frac{1}{Z_t} = \frac{1}{8} + \frac{1}{8} = \frac{2}{8} = \frac{1}{4} \quad Z_t = 4\Omega$$

If the wiring in the diagram shows two pairs of 8# speakers connected in parallel, the total impedance is 4# for each pair, and if these pairs are then connected in parallel again, the final impedance is:

$$\frac{1}{Z_t} = \frac{1}{4} + \frac{1}{4} = \frac{2}{4} = \frac{1}{2} \quad Z_t = 2\Omega$$

NEW QUESTION # 200

An AV technician has been called to a lecture hall where the presenter complains of a loud squealing noise that makes their presentation inaudible. What is the BEST strategy to address the complaint?

- A. Position the microphone away from the presenter
- B. Increase the gain for the microphone
- C. Position the microphone in front of the loudspeakers
- **D. Mute unused microphone channels on the audio mixer**

Answer: D

Explanation:

The loud squealing noise is feedback, often caused by open (but unused) microphones picking up sound from the speakers and reintroducing it into the system. Muting unused channels eliminates that loop and is considered best practice during live sound reinforcement.

"Muting unused microphones prevents feedback loops and is an essential practice in live sound environments."

NEW QUESTION # 201

A university has equipped all of its theatres with laser projectors. The maintenance department should schedule

- A. remote monitoring and replace equipment at end of life.
- B. no inspections, as they are maintenance free and replace equipment at end of life.
- **C. cleaning and focus checks every six months.**

- D. lamp and filter changes every six months.

Answer: C

Explanation:

While laser projectors generally require less maintenance than lamp-based projectors, they still benefit from routine cleaning and focus checks every six months. Dust accumulation can affect performance, and regular inspections ensure optimal image quality and longevity.

CTS Technology Specialist ReferenceThe CTS curriculum suggests periodic maintenance for all types of projectors to maintain image quality and prolong equipment life, even for low-maintenance options like laser projectors.

NEW QUESTION # 202

When responding to a potential client who quotes online pricing of a display from a retail store as a benchmark for expected pricing, how can the technician BEST counter their point?

- A. Explain the added value of having a professional installer take ownership over the entire solution.
- B. Offer to install the Owner Furnished display and have them purchase from the retail store.
- C. Explain the difference between commissions for a retail store and commissions for the integrator.
- D. Explain the value of commercial displays and how they differ from residential displays.

Answer: D

Explanation:

Commercial displays are built for longer operational hours, higher durability, and usually have features like extended warranties and service agreements that are not typically available with consumer-grade displays.

Explaining these distinctions helps clients understand why professional AV solutions are priced differently than retail options.

CTS Technology Specialist Reference

According to CTS materials, technicians should be prepared to explain the value and benefits of commercial- grade equipment to justify cost differences.

NEW QUESTION # 203

During a routine service visit, an engineer notices an LED indicator on a projector's front panel blinking regularly. What should be done?

- A. disregard because the projector is operational
- B. remove the power cable and re-boot the projector
- C. replace the projector's lamp and filters
- D. consult the projector's manual

Answer: D

Explanation:

When an LED indicator on a projector blinks regularly, it typically signifies an error or a status message that needs attention. The correct course of action is to consult the projector's manual. The manual will provide specific information regarding what the blinking pattern means and the appropriate steps to resolve the issue.

This method ensures that the engineer addresses the problem correctly without causing further damage or misdiagnosing the issue.

NEW QUESTION # 204

.....

In today's competitive IT industry, passing AVIXA certification CTS exam has a lot of benefits. Gaining AVIXA CTS certification can increase your salary. People who have got AVIXA CTS certification often have much higher salary than counterparts who don't have the certificate. But AVIXA Certification CTS Exam is not very easy, so PDF4Test is a website that can help you grow your salary.
