Answer: D

NEW QUESTION # 148

Which statement about the Directing a Project process is true?

- A. Begins on completion of the Initiating a Project process
- B. Ensures there are regular progress meetings
- C. Covers the day-to-day activities of the Project Manager
- D. Provides a mechanism for the Project Board to assure that there is continued business justification

Answer: D

Explanation:

The Directing a Project process in PRINCE2 provides the Project Board with a mechanism to ensure there is continued business justification for the project throughout its lifecycle. This process is crucial for maintaining the project's alignment with organizational objectives and for making decisions at key points such as stage boundaries. NEW QUESTION # 150

How does the project plan help to support the 'manage by stages' principle?

- A. By defining products to ensure they are fit for purpose
- B. By identifying the major control points and milestones
- C. By estimating the timescales and costs of the project
- D. By identifying the customer's quality expectations

Answer: B

Explanation:

The project plan supports the 'manage by stages' principle in PRINCE2 by identifying major control points and milestones. These serve as points at which the project board can review progress and decide whether to continue with the project. This principle ensures that the project is manageable, controllable, and that decisions can be made with proper governance at each stage.
