NEW QUESTION #17

Which statement is CORRECT about the customer and suppliers of a project in a commercial environment?

- A. The risk appetite should be collaboratively set before the project starts
- B. Management systems need to be unified for successful project delivery
- C. Both parties must apply the same external governance to the project
- D. Each party may have their own business case for undertaking the project

Answer: D

Explanation:

In a commercial environment, it is common for each party involved in a project-namely the customer and suppliers-to have their own business case. This reflects their individual motives, expected benefits, and investment rationale for undertaking the project. Each party's business case addresses their specific strategic, commercial, and operational needs. References: = PRINCE2 7 Foundation handbook and online resources

NEW QUESTION #18

.....
