

Professional Exam H19-315 Dump Offers Candidates The Best Actual Huawei HCSA-Presales-Transmission & Access Exam Products

BONUS!!! Download part of Itbraindumps H19-315 dumps for free: <https://drive.google.com/open?id=1wnaEFwsJT2CDod1czSVQUBI2z1YEDsMb>

In order to make you have a deeper understanding of what you are going to buy, we offer you free demo for H19-315 training materials. We recommend you have a try before buying. If you are quite content with the H19-315 training materials, just add them into your cart and pay for them. You will get the downloading link and password and you can start your learning right now. In addition, we have online and offline chat service stuff who possess the professional knowledge of the H19-315 Exam Dumps, if you have any questions, just contact us.

The HCPA-Transmission&Access certification exam is intended for individuals who are interested in pursuing a career in the telecommunications industry or for those who want to validate their knowledge and experience in the field of transmission and access. H19-315 exam is also ideal for those who seek to enhance their skills and knowledge in Huawei's transmission and access products.

Huawei H19-315-ENU exam is an essential certification for individuals who are seeking a career in the telecommunication industry. HCSA-Presales-Transmission & Access certification validates the knowledge and skills of the candidates in the areas of transmission and access technologies used in the telecommunication industry. The H19-315-ENU exam is recognized globally and provides a competitive edge to the candidates who possess it.

The H19-315-ENU exam covers a wide range of topics, including Huawei's access and transmission product lines, the features and benefits of these products, and their applications in various industries. H19-315 Exam also tests the candidate's understanding of the market trends and customer needs related to access and transmission solutions. Passing H19-315 exam is essential for individuals who wish to gain expertise in Huawei's transmission and access products and advance their careers in the field of sales and marketing.

HOT Exam H19-315 Dump - Huawei HCSA-Presales-Transmission & Access - Trustable H19-315 Question Explanations

It is well known that the best way to improve your competitive advantages in this modern world is to increase your soft power, such as graduation from a first-tier university, fruitful experience in a well-known international company, or even possession of some globally recognized H19-315 certifications, which can totally help you highlight your resume and get a promotion in your workplace to a large extent. If you are interested our H19-315 Guide Torrent, please contact us immediately, we would show our greatest

enthusiasm to help you obtain the certification.

Huawei HCSA-Presales-Transmission & Access Sample Questions (Q74-Q79):

NEW QUESTION # 74

AES-128 is the encryption algorithm used by GPON for downstream

- A. True
- B. False

Answer: B

Explanation:

GPON (Gigabit Passive Optical Network) does not use AES-128 encryption for downstream traffic. Instead, GPON uses AES-128 encryption only for upstream traffic to ensure data security between the Optical Network Unit (ONU) and the Optical Line Terminal (OLT). Downstream traffic in GPON is broadcasted to all ONUs, and encryption is not applied because the data is intended for multiple users. The encryption key is dynamically managed by the OLT and distributed securely to the ONUs. This behavior is defined in the ITU-T G.984 standard, which specifies the GPON architecture and security mechanisms. For downstream traffic, the security relies on higher-layer protocols (e.g., IPsec or application-level encryption).

- * ITU-T G.984 Standard - GPON Architecture and Security
- * Huawei GPON Technical Documentation

NEW QUESTION # 75

What is the main solution of the current Radio and Television access network reform?

- A. FTTH
- B. EOC
- C. D-CCAP (Little C)
- D. CMTS (Big C)

Answer: A

NEW QUESTION # 76

The advantages of optoelectronic integrated solutions with built-in PCM include ()? (Multiple choice)

- A. High reliability: reduce network layers
- B. Increase the cost of network construction
- C. Space saving: 2 sets of equipment become 1 set
- D. Easy operation and maintenance: 1 set of network management

Answer: A,C,D

NEW QUESTION # 77

The development direction of government informatization is to move towards "smart government".

- A. FALSE
- B. TRUE

Answer: B

NEW QUESTION # 78

Which of the following features can provide Real-time network quality monitoring, pre-warning, and optimization of link deterioration?

- A. Network Doctor
- B. Fiber Doctor
- C. Optical Doctor
- D. Service Doctor

Answer: A

Explanation:

The correct answer is Network Doctor. The Network Doctor feature provides real-time monitoring, early warnings, and optimization capabilities to ensure high-quality network performance.

Here's how Network Doctor works:

- * **Real-Time Monitoring:** Tracks key performance indicators (KPIs) such as latency, jitter, packet loss, and bandwidth utilization.
- * **Pre-Warning System:** Detects anomalies and predicts potential issues before they impact services, enabling proactive intervention.
- * **Link Optimization:** Automatically adjusts network parameters to optimize link performance and prevent deterioration.
- * **AI and Analytics:** Leverages artificial intelligence and big data analytics to provide actionable insights and recommendations.

Other options:

- * Fiber Doctor: Focuses on physical fiber health rather than overall network quality.
- * Optical Doctor: Optimizes optical signal quality but does not monitor end-to-end network performance.
- * Service Doctor: Monitors specific services (e.g., IPTV, VoIP) but does not provide comprehensive network-wide insights.
