

Professional Real 1Z0-1123-25 Torrent & Perfect 1Z0-1123-25 Free Download: Oracle Cloud Infrastructure 2025 Migration Architect Professional

Latest 1Z0-1123-25 test questions are verified and tested several times by our colleagues to ensure the high pass rate of our Oracle 1Z0-1123-25 study guide. We are popular not only because our outstanding Oracle 1Z0-1123-25 practice dumps, but also for our well-praised after-sales service. After purchasing our Oracle 1Z0-1123-25 practice materials, the free updates will be sent to your mailbox for one year long if our experts make any of our Oracle 1Z0-1123-25 guide materials.

Oracle 1Z0-1123-25 Exam Syllabus Topics:

Topic	Details
Topic 1	Design and Implement Migrations Using Oracle Cloud VMware Solution (OCVS): This section measures the skills of VMware Cloud Engineers in migrating on-premises VMware environments to OCI. It covers source discovery to assess existing infrastructure, designing the target OCVS environment, and understanding migration prerequisites. Candidates will also explore Hybrid Cloud Extension as a tool for seamless migration and integration between VMware workloads and OCI.
Topic 2	Migrate Containerized Applications to OCI: This section evaluates the expertise of Cloud DevOps Engineers in migrating containerized applications to Oracle Cloud Infrastructure. It introduces the fundamentals of OCI Container Engine for Kubernetes and Oracle Cloud Infrastructure Registry. Candidates will learn the key phases involved in migrating containerized workloads and ensuring proper orchestration and scaling within the OCI ecosystem.
Topic 3	Design and Implement Migrations Using Oracle Cloud Migrations Service: This section assesses the abilities of Cloud Migration Specialists in designing and implementing cloud migrations using Oracle Cloud Migrations Service. It includes planning, inventory management, and assessment tasks required for successful migrations. Candidates will learn how to replicate and execute migration tasks, including the process of migrating AWS EC2 instances to OCI. The goal is to ensure minimal downtime and efficient resource allocation during the transition.

Professional 1Z0-1123-25 - Real Oracle Cloud Infrastructure 2025 Migration Architect Professional Torrent

These Oracle Cloud Infrastructure 2025 Migration Architect Professional (1Z0-1123-25) practice exams contain all the 1Z0-1123-25 questions that clearly and completely elaborate on the difficulties and hurdles you will face in the final Oracle Cloud Infrastructure 2025 Migration Architect Professional (1Z0-1123-25) exam. Oracle Cloud Infrastructure 2025 Migration Architect Professional (1Z0-1123-25) practice test is customizable so that you can change the timings of each session. DumpsKing desktop Oracle 1Z0-1123-25 Practice Test questions software is only compatible with windows and easy to use for everyone.

Oracle Cloud Infrastructure 2025 Migration Architect Professional Sample Questions (Q15-Q20):

NEW QUESTION # 15

Which two options DO NOT describe Oracle Cloud Migrations Hydration Agent?

- A. Is an agent software installed on the on-premises VMs to trigger replications into OCI
- B. Is responsible for copying the replicated data into OCI Block Volumes
- C. Is a temporary compute instance automatically provisioned and terminated during the migration process
- D. Represents the migrated VM in OCI compute

Answer: A,D

Explanation:

The Oracle Cloud Migrations Hydration Agent is not an agent software installed on the on-premises VMs to trigger replications into OCI nor does it represent the migrated VM in OCI compute. Instead, it is used within OCI to assist with the migration process.

NEW QUESTION # 16

Where is a Disaster Recovery (DR) Plan created in the OCI Full Stack Disaster Recovery service?

- A. Only at the Standby DR Protection Group
- B. DR Plans are automatically generated and cannot be created manually
- C. At both the Primary and Standby DR Protection Groups
- D. Only at the Primary DR Protection Group

Answer: A

Explanation:

The Disaster Recovery (DR) Plan is created only at the Standby DR Protection Group in the OCI Full Stack Disaster Recovery service.

NEW QUESTION # 17

Which statement accurately describes the routing mechanism within a Virtual Cloud Network (VCN) in Oracle Cloud Infrastructure (OCI)?

- A. Each subnet within a VCN employs multiple route rules, allowing for diverse routing paths based on traffic priorities
- B. If no route rule matches the network traffic you intend to route outside the VCN, the traffic is sent to the Internet
- C. A subnet in a VCN is associated with a single route table, dictating how outbound traffic from all Virtual Network Interface Cards (VNICs) within that subnet is directed
- D. VCN local routing necessitates manual configuration of route rules to facilitate infrastructure communication

Answer: C

Explanation:

In Oracle Cloud Infrastructure (OCI), a subnet in a Virtual Cloud Network (VCN) is indeed associated with a single route table. This route table determines how outbound traffic from all Virtual Network Interface Cards (VNICs) within that subnet is directed, providing a centralized control mechanism for routing within the VCN.

NEW QUESTION # 18

You plan to perform migrations between on-premises and OCI. What is the minimum bandwidth required with FastConnect as the dedicated network link between the environments?

- A. 10 Gbps
- **B. 1 Gbps**
- C. 50 Gbps
- D. 100 Gbps

Answer: B

Explanation:

The minimum bandwidth required for FastConnect is 1 Gbps to ensure fast and reliable data transfer between the environments.

NEW QUESTION # 19

Which is NOT a benefit of using Hybrid Cloud Extension (HCX) for migrating Virtual Machines (VMs) to Oracle Cloud VMware Solution (OCVS)?

- **A. HCX upgrades the source environment to the latest vSphere version prior to migrating VMs**
- B. HCX facilitates the migration of VMs from non-VMware environments, such as KVM or Hyper-V
- C. HCX utilizes WAN optimization to accelerate migration traffic, making the migration process faster and more efficient
- D. With HCX, the migrated VMs can retain their original IP addresses

Answer: A

Explanation:

HCX does not upgrade the source environment to the latest vSphere version prior to migrating VMs. It focuses on simplifying and accelerating the migration process without requiring upgrades to the source environment.

NEW QUESTION # 20

.....

DumpsKing helps you reach your objective by offering Oracle Cloud Infrastructure 2025 Migration Architect Professional updated test questions. These Oracle 1Z0-1123-25 Dumps questions are enough to get knowledge necessary to crack the examination on the first attempt. Our Oracle Cloud Infrastructure 2025 Migration Architect Professional practice material is designed by considering the content published by Oracle. Relevancy of valid questions with the actual exam's syllabus helps you understand the pattern of the exam. DumpsKing offers its Oracle Cloud Infrastructure 2025 Migration Architect Professional product in three forms, 1Z0-1123-25 PDF, desktop practice exam software, and Oracle Cloud Infrastructure 2025 Migration Architect Professional web-based practice test.
