## ASIS Physical Security Professional Exam Sample Questions (Q116-Q121):

### NEW QUESTION # 116

The recommendations of the Task Force on private security include which one of the following?

- A. basic training of a maximum of 32 hours within 2 months of assignment, of which minimum of 16 hours can be supervised on-the-job training.
- B. Both A & B
- C. Neither A nor B
- D. a minimum of eight hours of formal pre-assignment training

**Answer: D**

### NEW QUESTION # 117

\_\_\_\_\_ defines the problem, set the requirements, discuss solutions and set out punishment for infractions.

- A. Network Security Policy
- B. Forensic investigations
- C. Spam filtering
- D. Physical security

**Answer: A**

### NEW QUESTION # 118

What is an example of a Physical Security Personnel metric?

- A. Determination of unauthorized access
- B. Identification of malicious intent
- C. Mean time to mitigate vulnerabilities
- D. Integrator response to a service request

**Answer: D**

Explanation:

A Physical Security Personnel metric measures the performance or responsiveness of individuals or teams responsible for maintaining physical security systems. "Integrator response to a service request" measures how quickly and effectively a technician or support provider addresses security system issues-making it a valid personnel performance metric.

A and C relate to threat detection or monitoring, not personnel metrics.

B is a system-level metric, not specific to personnel.
