The PSPO-II Certification Exam is intended for Product Owners who are looking to further their understanding of the Scrum framework and its application in complex product development. PSPO-II exam covers a range of advanced topics, including product strategy, stakeholder management, product economics, and product backlog refinement. It is a rigorous exam that requires a deep understanding of the Scrum framework and its application in real-world scenarios.

Scrum PSPO-II Exam covers a wide range of topics related to product ownership, including product strategy, product roadmap, stakeholder management, and product backlog management. PSPO-II exam is designed to test a candidate's ability to apply Scrum principles and practices in real-world scenarios. PSPO-II exam consists of multiple-choice and multiple-response questions and

candidates are given 90 minutes to complete it. The passing score for the exam is 85%.

Scrum Professional Scrum Product Owner II Sample Questions (Q42-Q47):

NEW QUESTION # 42
Your product has several internal stakeholders. You've gathered the following feedback related product direction: -The Marketing leader tells you that there's a new market opportunity and believes that in order to reach it, the product will need a new feature. -The Developers estimate that this new feature will require high effort. -The CEO thinks the feature is too expensive and suggests to stay focused on the market you're currently serving. As the Product Owner, you have full ownership of final product decisions.
How should you proceed? (choose the best answer)

- A. Focus on the current market as you do not want to risk losing customers.
- B. Gather additional feedback and needs of the other stakeholders.
- C. Follow the Head of Marketing's suggestion as he/she is the expert in understanding market opportunities.
- D. Follow the CEO's suggestion as he/she is ultimately responsible for the success of the organization.
- E. Develop an experiment that will help the business to better understand the new market, market opportunities and its potential.

Answer: E
