Salesforce Certified Administrator Sample Questions (Q35-Q40):

NEW QUESTION # 35

Ursa Major Solar offers amazing experiences for all of its employees. The Employee engagement committee wants to post updates while restricting other employees from posting.

What should the administrator create to meet this request?

- A. Chatter Stream
- B. Chatter Unlisted Group
- **C. Chatter Broadcast Group**
- D. Chatter Recommendations.

Answer: C

Explanation:

Explanation

Chatter broadcast group is a type of group that should be created to meet this request. Chatter broadcast group is a group where only group owners and managers can create posts, but anyone can comment on posts. This can be useful for sharing important updates or announcements with a large audience without cluttering the feed with other posts. References:

NEW QUESTION # 36

An administrator at AW Computing has been asked to help the Support team with report folders. They want a folder called Support Reports and two folders underneath called Helpdesk and R&D. The Support organization uses public groups for Support Agents, R&D, and Managers. Support agents should be able to run Helpdesk reports, but should not be able to view R&D reports. Support managers should be able to view and edit all reports.

Which two ways should these folders be shared?

Choose 2 answers

- A. Share the Support Reports folder with Support Agents with View Access.
- **B. Share the Support Reports folder with Support Managers with Edit Access.**
- C. Share the R&D folder with Support Managers with Edit Access.
- **D. Share the Helpdesk folder with Support Agents with View access.**

Answer: B,D

Explanation:

Explanation

To share report folders with different groups of users with different levels of access, an administrator can use folder sharing settings under setup. Folder sharing settings allow administrators to share report folders with public groups, roles, roles and subordinates, territories, or portal roles with view or edit access. In this case, the administrator can share the Helpdesk folder with Support Agents with view access so they can run Helpdesk reports but not edit them; and share the R&D folder with Support Managers with edit access so they can view and edit R&D reports.

- B. Record Detail
- C. Screen Flow
- D. Autolaunched Flow

Answer: A

NEW QUESTION # 39

Dreamhouse Realty agents are double-booking open house event nights. The event manager wants to event submission process to help agents fill in event details and request dates.

How should an administrator accomplish the request?

- A. Create a workflow rule to update the Event Date Field.
- B. Create a sharing rule so that other agents can view events.
- **C. Create an approval process on the Campaign object.**
- D. Create a campaign for agents to request event dates.

Answer: C

Explanation:

Explanation

To help agents fill in event details and request dates for open house events without double-booking them, the administrator should create an approval process on the Campaign object, which is used to manage marketing events in Salesforce. The approval process can define entry criteria based on campaign fields such as type or status, specify initial submission actions such as sending email alerts or updating fields, assign approvers who can review and approve event requests, and specify final approval actions such as creating tasks or updating fields. Creating a workflow rule, a sharing rule, or a campaign will not help agents request event dates or prevent double-booking. References:
