Quiz 2025 Fortinet FCP_FCT_AD-7.2: Newest FCP—FortiClient EMS 7.2 Administrator Pass Guaranteed

2025 Latest BootcampPDF FCP_FCT_AD-7.2 PDF Dumps and FCP_FCT_AD-7.2 Exam Engine Free Share: https://drive.google.com/open?id=13mXdNY-0jNTYoc1rDDlAM8teYOHVY3gn

While all of us enjoy the great convenience offered by FCP_FCT_AD-7.2 information and cyber networks, we also found ourselves more vulnerable in terms of security because of the inter-connected nature of information and cyber networks and multiple sources of potential risks and threats existing in FCP_FCT_AD-7.2 information and cyber space. Taking this into consideration, our company can provide the best electronic FCP_FCT_AD-7.2 Exam Torrent for you in this website. I strongly believe that under the guidance of our FCP_FCT_AD-7.2 test torrent, you will be able to keep out of troubles way and take everything in your stride.

Fortinet FCP_FCT_AD-7.2 Exam Syllabus Topics:

Topic	Details
Topic 1	• Security Fabric integration: The topic focuses on Security Fabric integration with FortiClient EMS, automatic quarantine of compromised endpoints, ZTNA solution, and IP • MAC ZTNA filtering.
Topic 2	• FortiClient EMS setup: This topic discusses the initial configuration of FortiClient EMS, the configuration of Chromebooks, and configuration of FortiClient EMS features.
Topic 3	• Diagnostics: It analyzes diagnostic information to troubleshoot issues related FortiClient EMS and FortiClient. Moreover, it focuses on resolving common FortiClient deployment and implementation issues.
Topic 4	• FortiClient provisioning and deployment: It discusses deployment of FortiClient on Windows, macOS, iOS, and Android endpoints, and configuration of endpoint profiles.

Unparalleled FCP_FCT_AD-7.2 Pass Guaranteed & Guaranteed Fortinet FCP_FCT_AD-7.2 Exam Success with Efficient Trustworthy FCP_FCT_AD-7.2 Pdf

BootcampPDF understands the importance of your satisfaction with their FCP_FCT_AD-7.2 Exams Certification. To guarantee your confidence in their product, they offer a free demo of the Fortinet FCP_FCT_AD-7.2 exam questions in PDF format. This enables you to assess the quality of the FCP_FCT_AD-7.2 Practice Exam preparation before committing to purchasing the full package of Fortinet FCP_FCT_AD-7.2 test questions.

Fortinet FCP—FortiClient EMS 7.2 Administrator Sample Questions (Q61-Q66):

NEW QUESTION # 61
Which two statements are true about ZTNA? {Choose two.)

- A. ZTNA provides role-based access.
- B. ZTNA manages access for remote users only.
- C. ZTNA manages access through the client only.
- D. ZTNA provides a security posture check.

Answer: A,D

Explanation:
ZTNA (Zero Trust Network Access) is a security architecture that is designed to provide secure access to network resources for users, devices, and applications. It is based on the principle of
"never trust, always verify," which means that all access to network resources is subject to strict verification and authentication.
Two functions of ZTNA are:
ZTNA provides a security posture check: ZTNA checks the security posture of devices and users that are attempting to access network resources. This can include checks on the device's software and hardware configurations, security settings, and the presence of malware.
ZTNA provides role-based access: ZTNA controls access to network resources based on the role of the user or device. Users and devices are granted access to only those resources that are necessary for their role, and all other access is denied. This helps to prevent unauthorized access and minimize the risk of data breaches.

NEW QUESTION # 62
In a ForliSandbox integration, what does the remediation option do?

- A. Alert and notify only
- B. Exclude specified files
- C. Deny access to a tile when it sees no results
- D. Wait for FortiSandbox results before allowing files

Answer: A

Explanation:
* Understanding FortiSandbox Integration:
* In a FortiSandbox integration, various remediation options are available for handling suspicious files.
* Evaluating Remediation Options:
* The remediation option for alerting and notifying without blocking access or waiting for results is essential to understand.
* Conclusion:
* The correct action for the remediation option in this context is to alert and notify only.
References:
* FortiSandbox integration documentation from the study guides.

NEW QUESTION # 63
An administrator must add an authentication server on FortiClient EMS in a different security zone that cannot allow a direct connection.

Which solution can provide secure access between FortiClient EMS and the Active Directory server?

- A. Configure and deploy a FortiGate device between FortiClient EMS and the Active Directory server.
- B. Configure a slave FortiClient EMS on a virtual machine.
- C. Configure an Active Directory connector between FortiClient EMS and the Active Directory server.
- D. Configure Active Directory and install FortiClient EMS on the same VM.

Answer: A

Explanation:
* Requirement:
* The administrator needs to add an authentication server on FortiClient EMS in a different security zone that cannot allow a direct connection.
* Solution Analysis:
* The goal is to securely connect FortiClient EMS and the Active Directory server despite being in different security zones.
* Evaluating Options:
* Installing FortiClient EMS on the same VM as Active Directory (option B) is not practical due to security zone separation.
* Configuring a slave FortiClient EMS on a virtual machine (option C) does not address the need for secure communication.
* Configuring an Active Directory connector (option D) may not be sufficient without secure routing.
* Conclusion:
* Deploying a FortiGate device between FortiClient EMS and the Active Directory server ensures secure and controlled access between the two zones.
References:
* FortiClient EMS and FortiGate configuration and deployment documentation from the study guides.

NEW QUESTION # 64
A new chrome book is connected in a school's network.
Which component can the EMS administrator use to manage the FortiClient web filter extension installed on the Google Chromebook endpoint?

- A. FortiClient web filter extension
- B. FortiClient customer URL list
- C. FortiClient site categories

Answer: C

Explanation:
For managing the FortiClient web filter extension installed on the Google Chromebook endpoint, the EMS administrator can use the following component:
* FortiClient EMS (Enterprise Management Server)is designed to manage and control multiple FortiClient installations across various endpoints.
* EMS provides centralized management for endpoint policies, including web filtering configurations.
* The EMS administrator can configure and enforce web filter policies on Chromebooks through the EMS console.
Therefore, FortiClient EMS is the correct component for managing the web filter extension on Google Chromebook endpoints.

NEW QUESTION # 65
Which two VPN types can a FortiClient endpoint user inmate from the Windows command prompt? (Choose two)

- A. PPTP
- B. IPSec
- C. L2TP
- D. SSL VPN

Answer: B,D

Explanation:

FortiClient supports initiating the following VPN types from the Windows command prompt:
IPSec VPN: FortiClient can establish IPSec VPN connections using command line instructions.
SSL VPN: FortiClient also supports initiating SSL VPN connections from the Windows command prompt.
These two VPN types can be configured and initiated using specific command line parameters provided by FortiClient.
