NEW QUESTION # 418

What does qualitative analysis of a risk assess, as a minimum?

- A. The likelihood and the effect of each risk on objectives
- B. How soon each risk might occur
- C. The fallback plan for each risk
- D. The speed with which the effect of each risk will be felt

Answer: A

Explanation:

Qualitative analysis of a risk in PRINCE2 assesses, at a minimum, the likelihood of each risk occurring and its potential impact on project objectives. This analysis helps in prioritizing risks based on their severity and likelihood, which is crucial for effective risk management and decision-making about risk responses. NEW QUESTION # 419

What is 3 purpose of the initiating a project' process?

- A. To prepare the contract for the project to enable the project board to commit to delivery
- B. To enable the project board to empower the project manager to work within delegated authority limits
- C. To provide the opportunity for the senior user to confirm that they find the project product acceptable
- D. To provide the project board with Just Enough Information to decide whether to approve the Initiation stage

Answer: D

Explanation:

The purpose of the 'Initiating a Project' process is to provide the Project Board with just enough information to decide whether to approve the initiation stage. This process involves the development of a more detailed Business Case and Project Plan, which are crucial for the Project Board to assess the project's viability and decide on its initiation confidently.
