2025 Study MTCNA Reference | High Pass-Rate MTCNA Latest Dumps Free: MikroTik Certified Network Associate Exam 100% Pass

We have applied the latest technologies to the design of our MikroTik MTCNA exam prep not only on the content but also on the displays. As a consequence you are able to keep pace with the changeable world and remain your advantages with our MikroTik MTCNA training braindumps. Besides, you can consolidate important knowledge for you personally and design customized study schedule or to-do list on a daily basis.

MikroTik Certified Network Associate Exam Sample Questions (Q64-Q69):

NEW QUESTION # 64

You want to transfer existing '/ip firewall filter' configuration from one router to a new system.
Choose the best possible way to do:

- A. Create backup, edit backup file and restore on target router
- B. Create backup only of '/ip firewall filter' rules
- C. Export only '/ip firewall filter'
- D. Export global configuration and remove everything apart from '/ip firewall filter'

Answer: C

Explanation:

The best way to transfer only the firewall filter rules is to use the export command for just that section:

Command:

/ip firewall filter export

This produces a readable script containing only the firewall filter rules. This method is safer than editing binary backups and more efficient than exporting the global configuration and deleting unrelated parts.

Evaluation:

- * A.#Correct - clean and script-based approach
- * B.#You cannot selectively back up just firewall rules using the backup function (it's system-wide)
- * C.#Editing a backup file is not recommended and often not possible (it's binary)
- * D.#Too cumbersome and error-prone

MTCNA Course Manual - Configuration Transfer:

"Use export to get script output of specific sections. Backups are for full system restore." Rene Meneses Guide - Migrating Configurations:

"Export is recommended for transferring specific configurations like firewall rules." Terry Combs Notes - Export vs Backup:

"Backups = full system. Use export for clean, readable configuration transfer."

NEW QUESTION # 65

What is possible with Netinstall?

- A. MikroTik RouterOS reinstall
- B. MikroTik RouterOS password reset with saving router's configuration
- C. MikroTik RouterOS configuration reset

Answer: A,B,C

NEW QUESTION # 66
