Currently we release the latest ZDTA reliable exam answers for the test which not only cover the accurate study guide but also include more than 80% questions and answers of the real test. If it is still difficult for you to pass exam, or if you are urgent to clear exam in a short at first attempt, our ZDTA Reliable Exam Answers will be your only valid choice. Don't hesitate again. Our buyers are companies and candidates from all over the world. It is the best methods for passing exam.

Zscaler ZDTA Exam Syllabus Topics:

Topic	Details
Topic 1	• Connectivity Services: This domain evaluates Network Security Engineers on configuring and managing connectivity essentials like device posture assessment, trusted network definitions, browser access controls, and TLS • SSL inspection deployment. It also includes applying policy frameworks focused on authentication and enforcement for internet access, private access, and digital experience.
Topic 2	• Identity Services: This section of the exam measures skills of Identity and Access Management Engineers and covers foundational identity services including authentication and authorization protocols such as SAML, SCIM, and OIDC. Candidates should understand identity administration tasks and how to manage policies and audit logs within the Zscaler platform.
Topic 3	• Access Control Services: This area assesses Security Operations Specialists on implementing access control mechanisms including cloud app control, URL filtering, file type controls, bandwidth controls, and segmentation. It also covers Microsoft 365 policies, private application access strategies, and firewall configurations to protect enterprise resources.

Topic 4	• Zscaler Digital Experience: This section evaluates Network Performance Analysts on their knowledge of Zscaler Digital Experience (ZDX), including understanding the ZDX score, architectural overview, features, functionalities, and practical use cases to optimize digital user experiences.
Topic 5	• Platform Services: This section measures skills of Cloud Infrastructure Engineers and focuses on the suite of Zscaler platform services. Key topics include advanced device posture assessments, TLS inspection mechanics, and the application of policy frameworks governing internet, private access, and digital experience services.
Topic 6	• Cyberthreat Protection Services: This domain targets Cybersecurity Analysts and covers broad cybersecurity fundamentals and advanced threat protection capabilities. Candidates must know about malware protection, intrusion prevention systems, command and control channel detection, deception technologies, identity threat detection and response, browser isolation, and incident detection and response. Data Protection Services

The APP online version of the ZDTA exam questions can provide you with exam simulation. And the good point is that you don't need to install any software or app. All you need is to click the link of the online ZDTA training material for one time, and then you can learn and practice offline. If our ZDTA Study Material is updated, you will receive an E-mail with a new link. You can follow the new link to keep up with the new trend of ZDTA exam.

Zscaler Digital Transformation Administrator Sample Questions (Q77-Q82):

NEW QUESTION # 77

Which of the following scenarios would generate a "Patient 0" alert?

- A. A new malicious file was detected by the sandbox due to an "allow and scan" First-Time Action in the sandbox policy.
- B. Zscaler detected a HIPAA violation with in-band Data Protection scanning.
- C. Zscaler's AI/ML based Smart Browser Isolation was triggered due to a users accessing a newly- registered domain.
- D. A new malicious file was detected by the sandbox due to an "quarantine" First-Time Action in the sandbox policy.

Answer: A

Explanation:

A "Patient 0" alert fires when the first instance of a previously unknown file slips through (under an "Allow and Scan" first-time action) and is later classified as malicious by the sandbox, identifying that initial download as the zero-day event.

NEW QUESTION # 78

What are common delivery mechanisms for malware?

- A. Phishing, Exploit Kits, Watering Holes, Pre-existing Compromise
- B. Spam, exploit kits, USB drives, video streaming
- C. Personal emails, company documents, OneDrive
- D. Malware downloads from web pages

Answer: A

Explanation:

Phishing campaigns, exploit kits, watering-hole sites, and leveraging an existing compromise are all widely observed vectors for delivering malware, as they effectively trick users or exploit vulnerabilities to gain initial footholds.

NEW QUESTION # 79

If you're migrating from an on-premises proxy, you will already have a proxy setting configured within the browser or within the system. With Tunnel Mode, the best practice is to configure what type of proxy configuration?

- **A. Enforce no Proxy Configuration.**
- B. Execute a GPO update to retrieve the proxy settings from AD.
- C. Use Web Proxy Auto Discovery (WPAD) to auto-configure the proxy.
- D. Use an automatic configuration script (forwarding PAC file).

Answer: A

NEW QUESTION # 80

You've configured the API connection to automatically download Microsoft Information Protection (MIP) labels into ZIA; where will you use these imported labels to protect sensitive data in motion?

- A. Creating a custom DLP Dictionary
- **B. Creating a custom DLP Policy.**
- C. Creating a File Type Control Policy.
- D. Creating a SaaS Security Posture Control Policy.

Answer: B

Explanation:

Imported MIP labels are applied as matching criteria within a custom DLP Policy, letting ZIA inspect data in motion and enforce actions (block, quarantine, notify) based on the sensitivity label assigned by Microsoft Information Protection.

NEW QUESTION # 81

The Security Alerts section of the Alerts dashboard has a graph showing what information?

- A. Top 5 Malware Programs Detected
- B. Top 5 Unified Threat Yara Options
- **C. Top 5 Threats by Systems Impacted**
- D. Top 5 Viruses by Region

Answer: C

Explanation:

The graph in the Security Alerts section displays the Top 5 Threats by Systems Impacted, highlighting which threats have affected the most endpoints over the selected time period.

NEW QUESTION # 82

.....

God is fair, and everyone is not perfect. As we all know, the competition in the IT industry is fierce. So everyone wants to get the IT certification to enhance their value. I think so, too. But it is too difficult for me. Fortunately, I found Prep4King's Zscaler ZDTA exam training materials on the Internet. With it, I would not need to worry about my exam. Prep4King's Zscaler ZDTA Exam Training materials are really good. It is wide coverage, and targeted. If you are also one of the members in the IT industry, quickly add the Prep4King's Zscaler ZDTA exam training materials to your shoppingcart please. Do not hesitate, do not hovering. Prep4King's Zscaler ZDTA exam training materials are the best companion with your success.
