Oracle Project Management Cloud 2025 Implementation Professional Sample Questions (Q119-Q124):

NEW QUESTION # 119
Select two correct statements about project classifications on a template. (Choose two.)

- A. Set Code is not required for a project class category in a project classification.
- B. When a project is created from a template, the required project classifications must be entered.
- C. Project Classification is a mandatory field on a project template.
- D. Project class category in a project classification must be associated with a Set Code.

Answer: B,D

Explanation:
Project classifications are used to group and report on projects based on different criteria. A project template can have one or more project classifications, which can be either required or optional. When a project is created from a template, the required project classifications must be entered, while the optional ones can be left blank. A project class category in a project classification must be associated with a set code, which determines the list of values for the project class. Project classification is not a mandatory field on a project template, but it is recommended to use it for reporting purposes. NEW QUESTION # 122
Your customer has implemented Oracle Project Portfolio Management Cloud recently and they have hired new employees for their Professions Services business. These employees are set up in Oracle Human Capital Management Cloud, but the Project Administrators are unable to add them as resources in the Planning Resource Breakdown Structure.
What are three conditions for new employees to show up in the list? (Choose three.)

- A. All new employees created as persons must have an active assignment.
- B. Current date is before the effective date of the resource, and you did not enable the "Include people with future-dated effective start dates" option during the search.
- C. All new employees created as persons must have an active supervisor.
- D. All new employees created as persons must be assigned to a department.
- E. All new employees created as persons must have an active project role.

Answer: A,B,D

NEW QUESTION # 123

Where is the Allow Override option for the Default Capitalized Interest Rate Schedule specified?

- A. Manage Capitalized Interest Rate Schedules page
- B. Manage Capitalized Interest Rates page
- C. Manage Project Plan Type page
- D. Manage Project Type page
- E. Manage Expenditure Type page

Answer: D

Explanation:
The Allow Override option for the Default Capitalized Interest Rate Schedule is specified on the Manage Project Type page. This option allows you to override the default capitalized interest rate schedule for a project or task that uses the project type. The default capitalized interest rate schedule is used to calculate the capitalized interest amount for a project or task based on the interest rates and dates defined in the schedule.
