Our DCPLA practice materials are made by our responsible company which means you can gain many other benefits as well.

DSCI Certified Privacy Lead Assessor DCPLA certification Sample

Questions (Q92-Q97):

NEW QUESTION # 92

_____ calls for inclusion of data protection from the onset of the designing of systems.

- A. Safeguarding Approach
- B. Agile Model
- C. Logical Design
- **D. Privacy by Design**

Answer: D

NEW QUESTION # 93

1. Single out the incorrect statement(s) from among the following:
2. Terms 'Identified individual' and 'identifiable individual' are interchangeable Anonymised Data is personal data
3. Personal Data is based on uniqueness

- **A. ii**
- B. i
- C. iii
- D. i&ii

Answer: A

NEW QUESTION # 94

'Map the legal and compliance requirements to each data element that an organization is dealing with in all of its business processes, enterprise and operational functions, and client relationships.' This an imperative of which DPF practice area?

- A. Visibility over Personal Information (VPI)
- B. Privacy Policy and Processes (PPP)
- C. Privacy Organization and Relationship (POR)
- **D. Regulatory Compliance Intelligence (RCI)**

Answer: D

Explanation:

The DPF's "Regulatory Compliance Intelligence (RCI)" practice area is focused on identifying and mapping applicable legal and compliance requirements to the specific data elements across business processes. This enables organizations to operationalize compliance obligations by linking them directly with the data they manage.

RCI helps ensure that every data flow or processing activity has a mapped legal basis and complies with jurisdictional requirements.

NEW QUESTION # 95

Which of the following parameters should ideally be addressed by a privacy program of an organization?
(Choose all that apply.)

- A. Intellectual Property (IP) protection
- **B. Privacy incident response plan and grievance handling**
- **C. Training and data classification**
- D. Environmental security concerns

Answer: B,C

Explanation:

A robust privacy program includes elements such as:

- * Privacy incident response plan
- * Grievance redress mechanisms
- * Role-based privacy training
- * Data classification based on sensitivity

While environmental security and IP protection are part of broader enterprise risk or information security programs, they are not core components of a privacy program per se under the DPF.

NEW QUESTION # 96

Which of the following statements is true?

- A. Categories of sensitive personal data remain constant across geographies
- **B. Categories of sensitive personal data vary based on culture, context and geographical region**
- C. None of the above
- D. Sensitive personal data categorisation isn't a function of culture, context and place

Answer: B

Explanation:

The classification of data as "sensitive personal data" is context-sensitive and often varies across different jurisdictions based on legal, cultural, and contextual factors. For instance, while health information is universally recognized as sensitive, categories such as caste, political beliefs, or biometric data may have differing interpretations depending on the local laws and societal norms. Therefore, statement B is correct as it acknowledges the variability of data sensitivity by geography and culture.

NEW QUESTION # 97

.....

The second format is web-based DCPLA practice exam and can be accessed through browsers and candidates can take it online. The students don't need to install or use any plugins or software to attempt the web-based practice exam. The third and last form is the DSCI DCPLA desktop practice test software that can be used from Windows computers. Candidates that have Windows laptops or computers can take the DCPLA practice exam efficiently.
