A screenshot of a computer Description automatically generated

Answer Area

To apply the profile to a new computer, you must first

When the Windows Autopilot profile is applied to a computer, the computer will be

join the device to Azure AD

enroll the device in Microsoft Intune

import a CSV file into Windows Autopilot

joined to Azure AD only

registered in Azure AD only

joined to Active Directory only

joined to Active Directory and registered in Azure AD

NEW QUESTION # 164

You have a computer that runs Windows 10 and contains two local users named User1 and User2. You need to ensure that the users can perform the following actions:

* User1 must be able to adjust the date and time.

* User2 must be able to clear Windows logs.

The solution must use the principle of least privilege.

To which group should you add each user? To answer, drag the appropriate groups to the correct users. Each group may be used once, more than once, or not at all. You may need to drag the split bar between panes or scroll to view content.

NOTE: Each correct selection is worth one point.

Groups

Administrators

Event Log Readers

Performance Log Users

Power Users

System Managed Accounts Group

Answer Area

User1:

User2:

Microsoft

NEW QUESTION # 165

You have a Microsoft 365 tenant that contains the devices shown in the following table.

Name	Member of
Device1	Group1
Device2	Group1
Device3	Group1

The devices are managed by using Microsoft Intune.

You create a compliance policy named Policy1 and assign Policy1 to Group1. Policy1 is configured to mark a device as Compliant only if the device security settings match the settings specified in the policy.

You discover that devices that are not members of Group1 are shown as Compliant.

You need to ensure that only devices that are assigned a compliance policy can be shown as Compliant. All other devices must be shown as Not compliant.

What should you do from the Microsoft Intune admin center?

- **A. From Device compliance, configure the Compliance policy settings.**
- B. From Policy1, modify the actions for noncompliance.
- C. From Endpoint security, configure the Conditional access settings.
- D. From Tenant administration, modify the Diagnostic settings.

Answer: A

Explanation:

<https://learn.microsoft.com/en-us/mem/intune/protect/device-compliance-get-started#:~:text=Device%20compliance>

NEW QUESTION # 166

.....

We have brought in an experienced team of experts to develop our MD-102 study materials, which are close to the exam syllabus. With the help of our MD-102 study materials, you don't have to search all kinds of data, because our products are enough to meet your needs. You also don't have to spend all your energy to the exam because our MD-102 Study Materials are very efficient. Only should you spend a little time practicing them can you pass the exam successfully.
