## NSE7\_SSE\_AD-25 Best Vce | NSE7\_SSE\_AD-25 Latest Test Prep

If you buy our NSE7\_SSE\_AD-25 study tool successfully, you will have the right to download our NSE7\_SSE\_AD-25 exam torrent in several minutes, and then you just need to click on the link and log on to your website's forum, you can start to learn our NSE7\_SSE\_AD-25 question torrent. We believe the operation is very convenient for you, and you can operate it quickly. At the same time, we believe that the convenient purchase process will help you save much time. More importantly, we provide all people with the trial demo for free before you buy our NSE7\_SSE\_AD-25 Exam Torrent and it means that you have the chance to download from our web page for free; you do not need to spend any money.

## Fortinet NSE 7 - FortiSASE 25 Enterprise Administrator Sample Questions (Q12-Q17):

### NEW QUESTION # 12

A customer wants to ensure secure access for private applications for their users by replacing their VPN. Which two SASE technologies can you use to accomplish this task? (Choose two.)

- A. SD-WAN on-ramp
- B. secure web gateway (SWG) and cloud access security broker (CASB)
- C. secure SD-WAN
- D. zero trust network access (ZTNA)

**Answer: A,D**

Explanation:

ZTNA replaces traditional VPNs by enforcing identity- and posture-based access to private applications. SD-WAN on-ramp integrates with FortiSASE to securely route traffic from branch users to private applications over the SASE fabric, ensuring secure and optimized access.

### NEW QUESTION # 13

Which description of the FortiSASE inline-CASB component is true?

- A. It detects data in motion.
- B. It is placed outside the traffic path.
- C. It relies on API to integrate with cloud services.
- D. It has limited visibility when data is transmitted.

**Answer: A**

Explanation:

FortiSASE inline-CASB operates in the traffic path to provide real-time visibility and control over data in motion as it is transmitted to and from cloud applications.

### NEW QUESTION # 14

Which FortiSASE component protects users from online threats by hosting their browsing sessions on a remote container within a secure environment?

- A. cloud access security broker (CASB)
- B. data loss prevention (DLP)
- C. secure web gateway (SWG)
- D. remote browser isolation (RBI)

**Answer: D**

Explanation:

Remote Browser Isolation (RBI) protects users by executing their web browsing sessions in a remote, secure container, preventing malicious content from reaching the local device.

### NEW QUESTION # 15

Which two additional features does FortiClient integration provide with FortiSASE, when compared to secure web gateway (SWG) deployment? (Choose two.)

- A. SSL inspection
- B. vulnerability management
- C. inline-CASB protection
- D. device posture check

**Answer: B,D**

Explanation:

When FortiClient is integrated with FortiSASE, it enables vulnerability management and device posture checks, allowing for advanced endpoint compliance enforcement - capabilities not available in standalone secure web gateway (SWG) deployments.

### NEW QUESTION # 16

Refer to the exhibit. The daily report for application usage for internet traffic shows an unusually high number of unknown applications by category.

What are two possible explanations for this? (Choose two.)

#### Daily report for application usage

- A. Certificate inspection is not being used to scan application traffic.
- B. The private access policy must be set to log Security Events.
- C. Deep inspection is not being used to scan traffic.
- D. The inline-CASB application control profile does not have application categories set to Monitor.

Answer: A,C

Explanation:

A high percentage of unknown applications often indicates that encrypted traffic is not being properly inspected. Without certificate inspection or deep inspection, FortiSASE cannot decrypt and analyze HTTPS traffic to identify applications, resulting in them being classified as "unknown."

#### NEW QUESTION # 17

.....

Moreover, you do not need an active internet connection to utilize DumpsFree desktop Fortinet NSE 7 - FortiSASE 25 Enterprise
