

Reliable Nutanix NCS-Core Visual Cert Exam | Try Free Demo before Purchase

BONUS!!! Download part of GetValidTest NCS-Core dumps for free: https://drive.google.com/open?id=1JLpJHFIHSFVrMZQ_sguBemBJRfKYe2O

Maybe this is the first time you choose our NCS-Core practice materials, so it is understandable you may wonder more useful information of our NCS-Core exam dumps. Those free demos give you simple demonstration of our NCS-Core study guide. It is unquestionable necessary for you to have an initial look of them before buying any. They are some brief introductions and basic information but also impressive. Just have a try and you will be interested in them!

At GetValidTest, we understand your needs when it comes to passing the Nutanix Certified Services Core Infrastructure Professional (NCS-Core) Certification exam. If you prefer studying at home for the NCS-Core Exam, we have got you covered. GetValidTest offers NCS-Core exam questions in PDF format, which can be easily downloaded and accessed on all your devices. Moreover, the Nutanix NCS-Core Actual Questions PDF file will be available for immediate download right after your purchase, eliminating any waiting time.

Quiz Authoritative NCS-Core - Nutanix Certified Services Core Infrastructure Professional Visual Cert Exam

In the present market you are hard to buy the valid NCS-Core study materials which are used to prepare the NCS-Core exam like our NCS-Core latest question. Both for the popularity in the domestic and the international market and for the quality itself, other kinds of study materials are incomparable with our NCS-Core Test Guide and far inferior to them. Our NCS-Core certification tool has their own fixed clients base in the domestic market and have an important share in the international market to attract more and more foreign clients.

Nutanix Certified Services Core Infrastructure Professional Sample Questions (Q248-Q253):

NEW QUESTION # 248

Refer to the exhibit.

What is the purpose of eth2 on the CVMs?

- A. iSCSI connectivity
- B. RDMA Network Segmentation
- C. Network Segmentation
- D. Remote site connectivity

Answer: C

Explanation:

Ref: <https://next.nutanix.com/installation-configuration-23/backplane-network-in-aos-5-5-27291>

NEW QUESTION # 249

An administrator receives reports about a Nutanix environment. The investigation finds the following:

- * VMs are experiencing very high latency
- * Each node is equipped with a single SSD, utilized at 95%
- * Each node is equipped with three HDDs, utilized at 40%

Why are the guest VMs experiencing high latency?

- A. VMs are unable to perform write operations.
- B. All VM read operations are coming from HDD.
- C. CVMs are overwhelmed by disk balancing operations.
- D. All VM write operations are going to HDD.

Answer: B

Explanation:

Explanation

Latency Variables in a Nutanix Cluster

The following points provide you with the information regarding latency on a Nutanix cluster.

- All-flash-array nodes are provided by Nutanix, but the focus of this KB is on the two-tier (SSD and HDD) nodes. This two-tier design aims to keep frequently read data in the host (SSD) tier and Information Life Cycle Management (ILM) promotes and demotes the data from the hot tier. This provides a cost-effective solution that has variable latency response.
- Extent store : HDD and SSD together makes the extent store. However some portion of the SSDs is used for Oplog.
- Oplog: This is used for random writes where data is temporarily written and provides quick acknowledgement. This is eventually drained to an extent store.
- Cluster that are correctly sized will have a Working Set Size (WSS) that fits within the SSD tier. This ensures that the commonly accessed data on the cluster is available from the SSD. If ILM is moving data from hot to cold tier and back, it implies that the cluster is under sized and higher latencies will be experienced due to the higher cold-tier hit rate for the data reads.
- Data that is read from the cold tier (HDD - spinning disk) will have higher latency than the data that is read from the hot tier.

NEW QUESTION # 250

To prepare for a new Nutanix installation, a consultant downloads the Foundation VM, imports the VM to their Desktop Virtualization Solution, and powers on the VM. The IPv4 static address on the host workstation and the Foundation VM have been configured, but pings between them fail.

Which two troubleshooting steps should the consultant perform? (Choose two.)

- A. Verify the virtual NIC in the Foundation VM is bound to the correct wireless network adapter.
- **B. Confirm the IP addresses and subnet masks are correct.**
- C. Verify the virtual NIC in the Foundation VM is bound to the correct physical Host adapter.
- **D. Remove and re-import the Foundation VM to ensure the virtual NIC is set to Host-Only.**

Answer: B,D

Explanation:

When facing connectivity issues between the host workstation and the Foundation VM, ensuring proper network configuration is crucial. Removing and re-importing the Foundation VM can help reset any configuration issues, particularly ensuring that the virtual NIC is set to the correct mode, such as Host-Only, to facilitate direct communication with the host. Confirming the IP addresses and subnet masks ensures that both the host and the VM are on the same network segment, which is essential for successful communication.

This step verifies that there are no IP configuration errors causing the connectivity issue.

- * Nutanix University: Foundation VM Networking Configuration

NEW QUESTION # 251

A consultant is showing the Prism Element Web Console to a customer and wants to check that cluster health is OK. During validation, the Health menu raises critical alerts about components using default passwords.

The cluster is based on ESXi as hypervisor, where Prism Central and Nutanix Files are deployed. Passwords have already been changed for a few components, but some of them have been left by default.

How can the consultant check and handle that situation?

- A. Deploy and connect the cluster to Prism Security Central.
- B. Check accounts and passwords in Local User Management in the vCenter.
- C. Activate Cluster lockdown in Prism Element.
- **D. Check NCC results and review the associated KB.**

Answer: D

Explanation:

To address critical alerts about components using default passwords in the Prism Element Web Console:

* C. Check NCC results and review the associated KB: The Nutanix Cluster Check (NCC) tool can identify security vulnerabilities, including default password usage. Reviewing the results and associated knowledge base articles provides specific guidance on changing these passwords to secure the environment.

References:

* Nutanix Bible (<https://www.nutanixbible.com>), specifically sections on cluster health checks and security practices.

* Nutanix University: NCS-Core 6.8 Training (<https://university.nutanix.com>), which includes instruction on using NCC for cluster validation and security enhancements.

NEW QUESTION # 252

A consultant is running operational verifications to validate cluster behaviors. What will happen if one power supply is disconnected from a NX-3235-G9 chassis?

- A. The hosts appears disconnected in vCenter and VMs are restarting on the other hosts.
- B. The hosts appears disconnected in Prism Element and VMs are restarting on the other hosts.
- **C. The hardware status updates to reflect the change in Prism Element, the hosts continues to run, and the Host hardware power status alert is sent. There is no impact on workloads.**
- D. The hardware status is updated to reflect the change in Prism Element, the hosts continues to run, but VMHA has started securing workloads by moving them to other nodes.

Answer: C

Explanation:

If one power supply is disconnected from a NX-3235-G9 chassis, the behavior observed will be:

* The hardware status updates to reflect the change in Prism Element, the hosts continues to run, and the Host hardware power status alert is sent: Modern Nutanix hardware like the NX-3235-G9 is designed with redundant power supplies to ensure that the loss of one does not impact the overall operation of the cluster. Prism Element updates the hardware status to notify administrators of the power supply issue, but there is no impact on running workloads.

References:

* Nutanix Bible (<https://www.nutanixbible.com>), particularly the sections on hardware management and monitoring.

* Nutanix University: NCS-Core 6.8 Training (<https://university.nutanix.com>), which includes information on responding to hardware alerts and maintaining cluster health.

NEW QUESTION # 253

.....

In the Desktop NCS-Core practice exam software version of Nutanix NCS-Core practice test is updated and real. The software is useable on Windows-based computers and laptops. There is a demo of the Nutanix Certified Services Core Infrastructure Professional (NCS-Core) practice exam which is totally free. Nutanix Certified Services Core Infrastructure Professional (NCS-Core) practice test is very customizable and you can adjust its time and number of questions.

Frequent NCS-Core Update: <https://www.getvalidtest.com/NCS-Core-exam.html>

YOu will find that the content of every demo is the same according to the three versions of the NCS-Core study guide, We promise to refund all of your money if you fail the exam by using the NCS-Core exam torrent, or if you have other exam to attend, we can also replace other 2 valid exam dumps for you, at the same time you can get the update version for NCS-Core exam torrent, Nutanix NCS-Core Visual Cert Exam We deeply hold a belief that the high quality products will win the market's trustees.

Learn how to master Do Not Disturb, a built-in iOS feature that NCS-Core gives you full control over when alerts and notifications appear on your iDevice, Licensing and Structuring Your Business.

YOu will find that the content of every demo is the same according to the three versions of the NCS-Core Study Guide, We promise to refund all of your money if you fail the exam by using the NCS-Core exam torrent, or if you have other exam to attend, we can also replace other 2 valid exam dumps for you, at the same time you can get the update version for NCS-Core exam torrent.

Ace Your Exam Preparation with GetValidTest NCS-Core Practice Test

We deeply hold a belief that the high quality products will NCS-Core Latest Dumps Pdf win the market's trustees, So you needn't to worry about the safety of your personal information and money.

Each version boosts their strength and using method.
