

SAP C-S4PM-2504 PDF Testsoftware - C-S4PM-2504 Pruefungssimulationen

Egal wenn Sie irgendwelche IT-Zertifizierungsprüfung ablegen, bieten die Prüfungsunterlagen von Fast2test Ihnen viele Hilfen, weil Fast2test Dumps alle mögliche Fragen in den aktuellen Prüfungen und auch die ausführliche Analyse der Antworten beinhalten. Solange Sie alle Prüfungsfragen und Testantworten ernst lernen, können Sie die SAP C-S4PM-2504 Prüfung sehr leichten bestehen.

Wollen Sie SAP C-S4PM-2504 Dumps von Fast2test probieren? Diese Dumps sind unbedingt die besten Unterlagen auf dem Markt, die im Zusammenhang mit den Prüfungen sind. Warum? Es gibt die folgenden vier Gründen. Zuerst sind die Prüfungsfragen von Fast2test von den reichen Erfahrungen der IT-Eliten entworfen und auch sehr genau. Zweitens beinhalten Fast2test Dumps alle möglichen Prüfungsfragen in aktuellen Prüfungen. Drittens, die Fast2test Dumps garantieren Ihnen, nur einmal die SAP C-S4PM-2504 Prüfung zu bestehen. Wenn die Teilnehmer durchgefallen sind, können Sie die volle Rückerstattung bekommen. Viertes gliedern sich Fast2test in zwei verschiedenen Versionen, PDF-Versionen und Software-Versionen. Wenn Sie beide Dumps kaufen, können Sie diese Prüfung leichter vorbereiten.

C-S4PM-2504 Übungsmaterialien & C-S4PM-2504 realer Test & C-S4PM-2504 Testvorbereitung

In den letzten Jahren hat die SAP C-S4PM-2504 Zertifizierungsprüfung großen Einfluß aufs Alltagsleben geübt. Aber die Kernfrage ist, wie man die SAP C-S4PM-2504 Zertifizierungsprüfung einmalig bestehen. Die Antwort ist, dass Sie die Schulungsunterlagen zur SAP C-S4PM-2504 Zertifizierungsprüfung von Fast2test benutzen sollen. Mit Fast2test können Sie Ihre erste Zertifizierungsprüfung bestehen. Worauf warten Sie noch?Kaufen Sie die Schulungsunterlagen zur SAP C-S4PM-2504 Zertifizierungsprüfung von Fast2test, Sie werden sicher mehr bekommen, was Sie wünschen.

SAP Certified Associate - Managing SAP S/4HANA Cloud Public Edition Projects C-S4PM-2504 Prüfungsfragen mit Lösungen (Q61-Q66):

61. Frage

What are some responsibilities of a customer center of excellence (CCOE)? Note: There are 2 correct answers to this question.

- A. Implement standardized end-to-end operational processes
- B. Help reduce the IT department's workload
- C. Maintain a knowledge base with internal SAP experts
- D. Define Key Performance Indicators (KPIs) to support continuous improvements

Antwort: A,D

Begründung:

A Customer Center of Excellence (CCOE) is a strategic team responsible for driving the success of SAP S/4HANA Cloud Public Edition implementations, focusing on governance, standardization, and continuous improvement.

* Option A: Help reduce the IT department's workload Incorrect. While a CCOE may streamline processes, reducing IT workload is not a primary responsibility. The SAP S/4HANA Cloud CCOE Guide states, "The CCOE focuses on strategic governance and process optimization, not specifically on reducing IT department workload."

* Option B: Maintain a knowledge base with internal SAP experts Incorrect. Maintaining a knowledge base is a general IT or support function, not a core CCOE responsibility. The SAP S/4HANA Cloud Study Guide notes, "Knowledge bases are managed by support teams, while the CCOE focuses on process standardization and performance metrics."

* Option C: Implement standardized end-to-end operational processes Correct. The CCOE ensures consistent, standardized processes across the organization. The SAP S/4HANA Cloud CCOE Guide explains, "A key responsibility of the CCOE is to implement standardized end-to-end operational processes to ensure efficiency and alignment with SAP Best Practices."

* Option D: Define Key Performance Indicators (KPIs) to support continuous improvements Correct. The CCOE defines KPIs to monitor performance and drive ongoing enhancements. The SAP S/4HANA Cloud Implementation Guide confirms, "The CCOE defines KPIs to measure system performance and support continuous improvement, ensuring long-term value realization." Extract from Official Documentation:

* SAP S/4HANA Cloud CCOE Guide (SAP Help Portal, <https://help.sap.com>): "The Customer Center of Excellence is responsible for implementing standardized end-to-end operational processes and defining KPIs to drive continuous improvement, ensuring optimal use of SAP S/4HANA Cloud."

* SAP S/4HANA Cloud Implementation Guide (SAP Community, <https://community.sap.com>): "The CCOE plays a critical role in standardizing processes and establishing KPIs to monitor and enhance system performance, supporting the organization's strategic goals." Additional Context:

The CCOE acts as a governance hub, ensuring that SAP S/4HANA Cloud is leveraged effectively through standardized processes and performance metrics. This aligns with SAP's cloud strategy of maximizing value through operational excellence and continuous optimization.

SAP S/4HANA Cloud Study Guide: Details CCOE responsibilities.

SAP Best Practices: Outlines CCOE roles.

62. Frage

Where is the initial list of known integrations documented?

- A. In the Business Driven Configuration Questionnaire
- B. In the Fit-to-Standard Workshops
- C. In SAP Cloud ALM
- D. In the Digital Discovery Assessment

Antwort: D

Begründung:

Documenting the initial list of known integrations is a key step in planning the SAP S/4HANA Cloud Public Edition implementation. The correct tool or process must be identified to ensure accurate capture of integration needs.

* Option A: In SAP Cloud ALM Incorrect. SAP Cloud ALM is used to manage implementation tasks and requirements but is not the primary tool for initially documenting integration requirements. The SAP Cloud ALM Documentation states, "SAP Cloud ALM supports requirement management, but initial integration lists are typically captured in earlier discovery tools."

* Option B: In the Digital Discovery Assessment Correct. The Digital Discovery Assessment, conducted during the Discover phase, is designed to capture the initial list of known integration requirements. The SAP S/4HANA Cloud Implementation Guide confirms, "The Digital Discovery Assessment includes sections to document known integration requirements, ensuring that all necessary interfaces are identified early in the project."

* Option C: In the Business Driven Configuration Questionnaire Incorrect. The Business Driven Configuration Questionnaire (BDCQ) is used to gather configuration values and validate solution fit during the Explore phase, not to document initial integration

requirements. The SAP Activate Methodology Guide notes, "BDCQs focus on configuration details, not high-level integration planning."

* Option D: In the Fit-to-Standard Workshops Incorrect. Fit-to-Standard workshops, conducted in the Explore phase, refine integration requirements but do not serve as the initial documentation point. The SAP S/4HANA Cloud Study Guide explains, "Integration requirements are validated and detailed in Fit-to-Standard workshops, building on the initial list from the DDA." Extract from Official Documentation:

* SAP S/4HANA Cloud Implementation Guide (<https://help.sap.com>): "The Digital Discovery Assessment is the first step in identifying integration requirements, capturing a preliminary list of systems and interfaces that will connect with SAP S/4HANA Cloud."

* SAP Activate Methodology Guide: "The Discover phase uses the Digital Discovery Assessment to document initial integration needs, which are later refined in the Explore phase." Additional Context:

The DDA's role in capturing integration requirements ensures that the project team has a clear understanding of the system landscape early on, facilitating effective planning and resource allocation.

:

SAP Help Portal: SAP S/4HANA Cloud Implementation Guide (<https://help.sap.com>).

SAP Activate Methodology Guide: Outlines the Discover phase and DDA.

SAP Cloud ALM Documentation: Clarifies its role in requirement management.

63. Frage

Which of the following are captured in a completed Digital Discovery Assessment? Note: There are 2 correct answers to this question.

- A. Known integration requirements
- B. Target customer go-live date
- C. Business role permission requirements
- D. SAP Fiori application extensions

Antwort: A,B

Begründung:

The Digital Discovery Assessment (DDA) is a tool used during the Discover phase of the SAP Activate methodology to evaluate a customer's requirements and align them with SAP S/4HANA Cloud Public Edition capabilities. It captures critical information to plan the implementation.

* Option A: Business role permission requirements Incorrect. Business role permission requirements are typically defined during the Explore phase, particularly in Fit-to-Standard workshops, where roles are mapped to business processes. The DDA focuses on high-level requirements, not granular permissions. The SAP Activate Methodology Guide states, "The Digital Discovery Assessment captures strategic and functional requirements, not detailed role-based permissions."

* Option B: Target customer go-live date Correct. The DDA includes the target go-live date as part of the project planning and timeline establishment. According to the SAP S/4HANA Cloud Implementation Guide, "The Digital Discovery Assessment collects key project parameters, including the planned go-live date, to align implementation activities with customer expectations."

* Option C: SAP Fiori application extensions Incorrect. SAP Fiori application extensions are identified during the Explore or Realize phases when customization and extensibility needs are analyzed. The DDA does not focus on specific extensions. The SAP Activate Methodology notes, "Extensibility requirements are documented post-DDA, during Fit-to-Standard or configuration phases."

* Option D: Known integration requirements Correct. The DDA captures known integration requirements to identify systems and processes that need to connect with SAP S/4HANA Cloud. The SAP S/4HANA Cloud Public Edition Study Guide explains, "The Digital Discovery Assessment includes a section for integration requirements to ensure that all necessary interfaces are planned for in the implementation roadmap." Extract from Official Documentation:

* SAP S/4HANA Cloud Implementation Guide (<https://help.sap.com>): "The Digital Discovery Assessment is a structured questionnaire that gathers information on business processes, integration needs, and project timelines, including the target go-live date."

* SAP Activate Methodology Guide: "During the Discover phase, the Digital Discovery Assessment helps customers articulate their integration requirements and establish key milestones, such as the go-live date, to guide the implementation." Additional Context: The DDA is a critical accelerator in the SAP Activate methodology, ensuring that the implementation is aligned with the customer's strategic goals. By capturing the go-live date and integration requirements, it sets the foundation for scoping and planning in subsequent phases.

:

SAP Help Portal: SAP S/4HANA Cloud Implementation Guide (<https://help.sap.com>).

SAP Activate Methodology Guide: Details the role of DDA in the Discover phase.

SAP S/4HANA Cloud Public Edition Study Guide: Explains DDA content and purpose.

64. Frage

You have assigned a deployment target in SAP Central Business Configuration, but have not yet completed the Confirm Scoping milestone.

Which of the following tasks can you complete?

Note: There are 2 correct answers to this question.

- A. Assign a different deployment target.
- B. Create a company code.
- C. Define the group currency.
- D. Rename the deployment target.

Antwort: C,D

65. Frage

Which embedded support offerings can you make use of in the SAP Fiori Launchpad? Note: There are 3 correct answers to this question.

- A. Recorded webinars from the SAP Learning Website
- B. Video tutorials from the SAP Help Portal
- C. Recorded system simulations from the Learning Center
- D. Assessment questions from the SAP Learning Hub
- E. Digital assistance from generative AI (SAP Joule)

Antwort: B,C,E

66. Frage

.....

Man soll stets Maßnahmen für Erfolg, sondern keine Ausreden für Misserfolg finden. Die Schulungsunterlagen zur SAP C-S4PM-2504 Zertifizierungsprüfung von Fast2test enthalten Testaufgaben und Antworten, die von unseren erfahrenen IT-Experten durch ihre ständige Praxis und Erforschung entworfen sind. Sie verfügen über hohe Genauigkeit und große Reichweite. Sie werden Ihr bester Helfer sein, während Sie die SAP C-S4PM-2504 Zertifizierungsprüfung vorbereiten.
