

Stay Updated with TestkingPDF IAPP AIGP Exam Questions

Achieve success by using our corrected IAPP AIGP exam questions 2024. We offer success guarantee with our updated AIGP dumps.

IAPP AIGP Exam Questions [Rectified 2024] - Get Ready For The Exam

Are you taking the Artificial Intelligence Governance Professional Exam and want to ensure perfect preparation for the AIGP IAPP Certification Programs exam? CertsLink [IAPP AIGP exam questions](#) preparation can help you get there with ease. CertsLink IAPP AIGP exam questions is a comprehensive learning package that offers the AIGP IAPP Certification Programs exam real questions and answers with key features so that you can prepare for the AIGP Artificial Intelligence Governance Professional Exam smoothly.

Real IAPP AIGP Exam Questions In The PDF Format

The IAPP Certification Programs AIGP exam questions are available in pdf format, which makes it convenient for you to save the IAPP AIGP pdf to any device such as desktop, mac, smartphone, laptop, and tablet. It also means that the IAPP AIGP exam questions is easily accessible no matter where you are, so you can prepare for your AIGP Artificial Intelligence Governance Professional Exam at any time anywhere.

IAPP AIGP Online Practice Test Engine

DOWNLOAD the newest TestkingPDF AIGP PDF dumps from Cloud Storage for free: <https://drive.google.com/open?id=1W4KSigs9fhsgzvLL3pw-yvFUACjsKSI>

TestkingPDF web-based practice exam is compatible with all browsers and operating systems. Whereas the AIGP PDF file is concerned this file is the collection of real, valid, and updated IAPP AIGP exam questions. You can use the IAPP AIGP Pdf Format on your desktop computer, laptop, tabs, or even on your smartphone and start IAPP Certified Artificial Intelligence Governance Professional (AIGP) exam questions preparation anytime and anywhere.

The pass rate is 98.75% for AIGP study materials, and if you choose us, we can ensure you that you can pass the exam just one time. AIGP exam dumps are high-quality and high accuracy, since we have a professional team to compile and examine the questions and answers. What's more, AIGP exam materials have both questions and answers, and you can check your answers very conveniently after practicing. We offer you free update for one year for AIGP Study Materials, and our system will send the latest version to your email address automatically, and you need to receive and change your learning ways according to the latest version.

Reliable AIGP Test Questions - Braindumps AIGP Torrent

TestkingPDF is the trustworthy platform for you to get the reference study material for AIGP exam preparation. The AIGP questions and answers are compiled by our experts who have rich hands-on experience in this industry. So the contents of AIGP pdf cram cover all the important knowledge points of the actual test, which ensure the high hit-rate and can help you 100% pass.

Besides, we will always accompany you during the AIGP Exam Preparation, so if you have any doubts, please contact us at any time. Hope you achieve good result in the AIGP real test.

IAPP Certified Artificial Intelligence Governance Professional Sample Questions (Q152-Q157):

NEW QUESTION # 152

Which of the following steps occurs in the design phase of the AI life cycle?

- A. Model explainability.
- B. Data augmentation.
- **C. Risk impact estimation.**
- D. Performance evaluation.

Answer: C

Explanation:

Risk impact estimation occurs in the design phase of the AI life cycle. This step involves evaluating potential risks associated with the AI system and estimating their impacts to ensure that appropriate mitigation strategies are in place. It helps in identifying and addressing potential issues early in the design process, ensuring the development of a robust and reliable AI system. Reference: AIGP Body of Knowledge on AI Design and Risk Management.

NEW QUESTION # 153

CASE STUDY

Please use the following answer the next question:

XYZ Corp., a premier payroll services company that employs thousands of people globally, is embarking on a new hiring campaign and wants to implement policies and procedures to identify and retain the best talent.

The new talent will help the company's product team expand its payroll offerings to companies in the healthcare and transportation sectors, including in Asia.

It has become time consuming and expensive for HR to review all resumes, and they are concerned that human reviewers might be susceptible to bias.

Address these concerns, the company is considering using a third-party AI tool to screen resumes and assist with hiring. They have been talking to several vendors about possibly obtaining a third-party AI-enabled hiring solution, as long as it would achieve its goals and comply with all applicable laws.

The organization has a large procurement team that is responsible for the contracting of technology solutions.

One of the procurement team's goals is to reduce costs, and it often prefers lower-cost solutions. Others within the company are responsible for integrating and deploying technology solutions into the organization's operations in a responsible, cost-effective manner.

The organization is aware of the risks presented by AI hiring tools and wants to mitigate them. It also questions how best to organize and train its existing personnel to use the AI hiring tool responsibly. Their concerns are heightened by the fact that relevant laws vary across jurisdictions and continue to change.

The frameworks that would be most appropriate for XYZ's governance needs would be the NIST AI Risk Management Framework and?

- A. Human Rights, Democracy, and Rule of Law Impact Assessment (HUDERIA).
- B. NIST Information Security Risk (NIST SP 800-39).
- C. NIST Cyber Security Risk Management Framework (CSF 2.0).
- **D. IEEE Ethical System Design Risk Management Framework (IEEE 7000-21).**

Answer: D

Explanation:

The IEEE Ethical System Design Risk Management Framework (IEEE 7000-21) would be most appropriate for XYZ Corp's governance needs in addition to the NIST AI Risk Management Framework. The IEEE framework specifically addresses ethical concerns during system design, which is crucial for ensuring the responsible use of AI in hiring. It complements the NIST framework by focusing on ethical risk management, aligning well with XYZ Corp's goals of deploying AI responsibly and mitigating associated risks.

NEW QUESTION # 154

What is the most important factor when deciding whether or not to select a proprietary AI model?

- A. Whether its system card identifies risks.
- **B. What business purpose it will serve.**
- C. Whether its training data is disclosed.
- D. How frequently it will be updated.

Answer: B

Explanation:

The primary consideration in selecting any AI system, especially a proprietary model, is its fit for business purpose. Whether it serves the intended goals is foundational before evaluating technical or governance features.

From the AI Governance in Practice Report 2024:

"AI governance starts with defining the corporate strategy for AI... and aligning systems with business purpose and operational context." (p. 11)

* B, C, D are relevant for evaluation, but only after confirming business applicability.

NEW QUESTION # 155

What is the primary purpose of an AI impact assessment?

- **A. To anticipate and manage the potential risks and harms of an AI system**
- B. To escalate the findings to the appropriate owner(s)
- C. To identify and measure the benefits of an AI system
- D. To determine whether a conformity assessment is needed

Answer: A

Explanation:

The correct answer is D. AI Impact Assessments are primarily used to identify and manage risks and harms associated with AI systems.

From the AIGP Body of Knowledge:

"The goal of an AI impact assessment is to ensure that risks are identified, evaluated, and mitigated prior to or during development and deployment." As further confirmed in the AI Governance in Practice Report 2024 (Part III):

"Risk-based tools like DPIAs and Algorithmic Impact Assessments help identify potential risks to individuals and society, enabling organizations to implement mitigation plans and safeguards." While benefits may be noted in such assessments, the core objective is to manage risks and promote responsible AI.

NEW QUESTION # 156

What type of organizational risk is associated with AI's resource-intensive computing demands?

- A. People risk.
- B. Third-party risk.
- C. Security risk.
- **D. Environmental risk.**

Answer: D

Explanation:

AI's resource-intensive computing demands pose significant environmental risks. High-performance computing required for training and deploying AI models often leads to substantial energy consumption, which can result in increased carbon emissions and other environmental impacts. This is particularly relevant given the growing concern over climate change and the environmental footprint of technology. Organizations need to consider these environmental risks when developing AI systems, potentially exploring more energy-efficient methods and renewable energy sources to mitigate the environmental impact.

NEW QUESTION # 157

.....

Reliable AIGP Test Questions: <https://www.testkingpdf.com/AIGP-testking-pdf-torrent.html>

It might surprise Microsoft, but not everyone has the latest AIGP version of their languages, `microsoft.public.windowsce.embedded`: Specific to Windows CE embedded programming.
