Salesforce Certification Preparation For Community Cloud Consultants Sample Questions (Q17-Q22):

NEW QUESTION # 17

What do you recommend? Universal Containers have launched their Customer Community on the Koa template. Community members have asked your advice for accessing the community on iOS devices.

- **A. Navigate to the community URL in the browser and a mobile experience will be automatically rendered.**
- B. All users should access a Koa Community via a Desktop browser only.
- C. IOS users should download the Salesforce1 app and access the community through the Salesforce1 switcher.
- D. IOS users should download the OneCommunity app where they can use their regular community login credentials to access the Community.

Answer: A

NEW QUESTION # 18

Universal Containers recently rolled out a Community to their partners.

The internal sales team has the following requirements for internal users:

- Ability to support the addition of 50 new partners every month.
- Ability to pass leads to the partners.
- Continue to have access to the leads after transfer to partners.
- Access to the opportunity when the partner converts the lead.
- Leads should be visible to only the partner who is working on the lead; other partners should NOT have access to the lead.

Which sharing option should the Salesforce Admin choose to meet the requirement for internal users?

- **A. Create a public group and include partners and share records to the public group using sharing rules.**
- B. Allow partner users to manually share the leads and opportunities with internal users.
- C. Use sharing sets to share leads and opportunity to internal users.
- D. Create a sharing rule to share leads and opportunities to internal users.

Answer: A

NEW QUESTION # 19

Universal Containers has a Community for their partners. They would like to add a new partner company and grant their users access to the Community. What is the first step the Salesforce Admin must complete to set up the partner users?

Select one or more of the following:

- A. Create the account and enable it as a partner account
- B. Allow partner users to self-register and gain access
- **C. Create a partner profile for the company**
- D. Add partner contacts to the Community as members

Answer: C

NEW QUESTION # 20

Universal Containers needs to use their corporate portal to authenticate Community users, allowing users access to the Community after they have successfully logged into the Portal. What should the Salesforce Admin do in the Communities to support this login requirement?

- A. Add Social -Sign -on to allow users to log in from the Portal without signing into the Community
- **B. Enable Community login support for employees in the Portal configuration**
- C. Enable Guest User access in Communities to support seamless access to Communities from the Portal
- D. Configure Single Sign -on in Salesforce and reuse the federated authentication providers in the Community

Answer: B

NEW QUESTION # 21

Universal Containers has a multi-layered distribution structure. The Main Distributors in each geography work with Regional Distributors to sell and service customers in the region. Universal Containers plans to roll out a Community with the following capabilities: * Main Distributors and Regional Distributors are considered Partner accounts in Salesforce. * Main Distributors can communicate with other Main Distributors. * Regional Distributors can communicate with other Regional Distributors who are managed by the same Main Distributor, but NOT with other Regional Distributors. How should the Salesforce Admin build a Community to meet the requirements?

- A. Allow Main Distributors to be members of two Communities: one for Main Distributors and one for the Regional Distributors that they manage
- B. Build one Community for each Regional Distributor and one for Main Distributors
- **C. Create a Community for each Main Distributor. Allow Regional Distributors to log in to the Community**
- D. Build one Community using the Napili template for Main Distributors and Regional Distributors. Disable Community user visibility and allow portal user visibility

Answer: C

NEW QUESTION # 22
